

THE LION

is recognized as the King of Beasts, SUNLIGHT SOAP is recognized as the King of Laundry Soaps. The rule of the Lion extends only over the animal world; the rule of **SUNLIGHT SOAP** extends to wherever Soap is necessary. It is without a rival for washing clothes, household linen and all fabrics even of the finest texture. It is the best Soap that skill and money can produce. Give it a trial and you will be convinced of its value.

Salvage Notes.

The W. P. A. Branch at Salvage held a Box Party in the L. O. A. Hall, quite recently, and although some of the men were gingerly in patronizing the efforts put forth, those who were present showed their patriotism as well as their enthusiasm for the amount of \$27 was realized.

This branch has lost one of its most active, as well as its patriotic members in the person of Miss G. E. MacDonald, who left Wednesday last by the Dundee for St. John's enroute to New York. Miss MacDonald was prominent in Church and social life while her patriotic spirit was that of the thorough British, and we deeply regret her leaving us for whenever any movement in consideration with the war was afoot we were sure of Miss MacDonald's co-operation and talent, which is of no mean nature, for we certainly believe she was "Anor Patria!" and although she is leaving British soil yet we do not think her patriotism will diminish. We wish the young lady every success in her new sphere of life.

Owing to the recent storm little has been doing by our men, although most of our men have finished with their vessels for this season.

Mr. Thos. Turner's schooner Maggie, which was towed to safety by the S.S. Dundee, Wednesday last, reached Happy Adventure on Friday much damaged, having her sails practically torn to shreds and some of her rigging gone.

We are eagerly awaiting the count from St. Barbe District, for we believe Newfoundland is intending to show the Mother Country and sister colonies the way she treats an enemy of her people and anything which is detrimental to their welfare.—Com.

"LOOKED THE PART."

Men must look right and be right to command success. Clear eyes, clear skin and clear brain mean money to the man who possesses them. Dull eyes, sluggish brain and a pimply, blotchy skin are a serious handicap. O'Mara's Hypophosphites will remove pimples and blotches, brighten the eye and increase vital power by giving you pure blood and good circulation. Price \$1.00.

We recommend it because we know what it contains.

Rich and becoming is a dress of white plush, embroidered around the bottom with black silk.

Sealskin and mole are very much used for the soft draped choker collars on the new tailored suits.

Flowers are used extensively in the shape of knots and garlands on the simpler evening toilettes.

Mole is one of the best furs for the high choker collars found on so many new models of tailored suits.

Manitoba Contractor Will Make Restitution to the Extent of a Million Dollars.

Winnipeg, Nov. 16.—Thomas Kelly, the Parliament Building contractor, against whom civil and criminal actions are pending, is prepared to make restitution to the extent of a million dollars, was learned to-day. It is practically settled that the Government will announce an agreement to settle the financial side of the case and withdraw legal action on payment of moneys improperly taken from Manitoba.

A large part of the settlement will be in cash and the balance in securities, such as real estate, which were tied up by caveats, when the Government discovered the indebtedness of Kelly through his participation in the alleged rake-off game with members of the late Roblin Government and certain officials.

The Englishman.

No one kicks and squeals on such easy provocation as the Britisher; no one is so ready to find fault with himself and his blood relation and his neighbor and his servant and his chief. But in the historic past no one has stood punishment with such grim endurance nor pursued his own purpose with such stubborn resolution as the Englishman, civilian, politician or soldier, and we can see nothing in recent years nor in the present day to convince us that the nature of the animal has changed. We believe it is as hard to convince an Englishman to-day that he is beaten or going to be beaten as it was a hundred years ago, and even if a certain amount of discouragement or even disaster overtake him we can only see him as still fighting on to the bitter end and coming out thereat in some way a winner.—New York Sun.

Hr. Grace Notes.

MONDAY.

The Rev. Mr. Godfrey of Heart's content occupied the pulpit of the Methodist Church yesterday forenoon and evening and delivered very able discourses, that were heartily enjoyed by the congregations.

The annual missionary meeting takes place in the Methodist Church to-night. The speakers will be Rev. Mr. Godfrey, Rev. F. R. Matthews, of Carbonear, and the Pastor, Rev. A. A. Holmes.

The handsome sum of \$230.00 was realized by the ladies of Christ Church at their Sale and Tea on Wednesday and Thursday last. The ladies wish to thank all the kind friends who helped.

The Rev. W. J. R. Higgett, St. Paul's new Rector, moved into the Rectory on Friday, where we all hope himself and Mrs. Higgett will spend many pleasant years.

The little schr. S. Cluett, stranded here in Tuesday's gale, is now on dock undergoing repairs. The damage sustained was not so serious as at first feared, as the craft rested quietly on the beach.

Mr. Max Duff, who is here from Nova Scotia on a health trip, leaves to-morrow for St. John's, where he takes passage on the schr. Dorothy Duff, for Barbados. We wish him a pleasant and profitable trip.

Coal is very scarce in town now, but Messrs. McRae Bros. are expecting two cargoes to-day, as they left Bay Bulls this forenoon. These schooners are the Alma Nelson, and Gladys S. Other cargoes are to follow soon.

Mrs. E. E. Parsons has been very sick the past week, and is being attended by Dr. Cron. All her friends are hopeful of a decided change for the better soon.

The Supreme Court opened this forenoon, and will continue while business calls for the court to sit here.

TUESDAY.

All the friends of Rev. J. T. Newman are pleased to see him in town on a few days visit. Mr. Newman made many friends of all denominations while in charge of the Methodist Church here some years ago.

Mrs. Samuel Gordon left last week for Halifax, where she will spend some months with her son, Mr. John Gordon, who is settled down there.

The ladies of St. Peter's Church, South Side, are holding their annual sale of work on to-morrow and Thursday.

The missionary meeting of the Methodist Church here last night was very interesting. After opening with hymn and prayer, Mr. John Trapnell was requested by the Pastor to take charge of the evening's programme. After a few well chosen preliminary remarks he announced the first item, a missionary rally song, by the choir. This was well rendered, and seemed to sharpen up the hearers for the good things that followed. The first speaker was Rev. A. A. Holmes, who merely gave the missionary report, which was considered excellent. The rev. gentleman appealed to all to help on this good work, to get in the firing line, as it were, and do their best to advance the cause of Christianity.

Rev. Mr. Godfrey, of Heart's Content, then began an address that was sure to make a deep impression on the hearts as well as the pockets of those present. The rev. gentleman clearly showed that the church universal was still able to convert the world. His address was listened to with rapt attention and very highly spoken of.

Rev. Mr. Matthews, of Carbonear, followed in a very forceful address. Mr. Matthews is a very fine speaker, and taking for his subject "Mahomedanism" he gave his hearers an able address that left them hungering for more information, and in many cases determined to do more for the cause of Christianity than ever before. After the collection had been taken up, the benediction was given by Rev. Mr. Godfrey.

CORRESPONDENT.

Hr. Grace, Nov. 23rd, 1915.

Personal.

Mr. and Mrs. John Ludlow, of Norris Arm, left there on Wednesday last for Halifax where they will in future reside. Mr. Ludlow is one of the oldest mining prospectors of the country, and was connected with the Tilt Cove copper mine for a period of 40 years. He has two sons Aubrey and (Salney) residing in Halifax, and three daughters, Mrs. James Hynes, this city, Mrs. J. F. Cheeseman, Burin, and Mrs. Herbert Baker, of Newport, U.S.A.

ANOTHER metal check was found in LYNCH'S BREAD, by P. Parsons, Mount Pearl Road, for which he got one dollar's worth of groceries from Mrs. Fleming, Waterford Bridge Road. nov24,11
