### Personal.

Dr. A. F. Donahue, Torbay, who has  
been suffering from an attack of Span-  
ish Influenza, is now improved.

Mr. A. Tapper, who recently under-  
went an operation at the hospital, is  
now improving.

Mr. James Black, Lloyd's Surveyor,  
who recently underwent an operation at  
the General Hospital, is now able to  
be at his office again.

Miss Joan Rendell who had been ill  
one day, is again on duty at the G. H.  
Hospital.

Miss Dee, who volunteered for nurs-  
ing at the Grenfell Hall Hospital and  
became ill there, was removed to her  
home yesterday.

Mr. E. Spratt has received word that  
his son, Pte. John Spratt, who had  
been wounded, was progressing.

Mr. T. H. O'Neill left yesterday for  
the U. S. and while there he will pur-  
chase seats and other fixtures for the  
new theatre, which is nearly com-  
pleted.

Const. Bennett is confined to his  
home suffering from a severe cold.

Every Saturday evening after  
7 o'clock, Choice Ends of Beef,  
Mutton, Lamb, Pork will be sold  
at cost. **ELLIS & CO., LTD.**

### Is It Wise?

Dear Sir,—One cannot be too care-  
ful these times, and it is a splendid  
effort that is being made by the au-  
thorities of the Board of Health to  
cope with the horrid epidemic now  
unfortunately in our midst.

The churches, schools, nickels,  
clubs and all other resorts of large  
gatherings have been closed, and very  
wisely so. But there is another place  
where men and women congregate  
and that is in the Water Street stores.

For example, I counted no less than  
27 persons in a certain grocery store  
on Water Street last Saturday night,  
and including the spaces taken up by  
the attending clerks the shop (not a  
large one) was pretty well crowded.

I feel sure that some of those purchas-  
ers had come from sick homes, or  
houses or neighborhoods where this  
nasty disease is, and is it to be sup-  
posed that in an overheated, close and  
provisioned store that others so  
free of the contagion could long-  
er avoid it? I think not, and I am  
pretty confident from all that I have  
read of the aspects of the Spanish  
Influenza that there is no more cer-  
tain dangerous way of spreading it  
than through the sources named. Now  
is the time for each and all of us to  
do his utmost for the prevention of  
the further spreading of the dreaded  
sickness, and every little suggestion  
should help.

Yours very truly,  
P.J.K.

Nov. 1, 1918.

**ENQUIRY CONTINUED.**—The en-  
quiry into the loss of the s.s. Bever-  
ley is being continued this afternoon  
having begun at 8 o'clock.

**Health Report.**  
During the week 5 cases of diphe-  
theria and one of smallpox were re-  
ported in the city. At present in hos-  
pital are 25 diphtheria, 4 scarlet fever,  
1 typhoid and 4 smallpox patients,  
while being treated at home are 3 with  
diphtheria and 4 with typhoid.

**The Epidemic.**  
Three patients only were admitted  
to Grenfell Hall Hospital yesterday,  
two women and a man named J. Mat-  
ret, of Prince's Street. One was dis-  
charged.

The latest cases that are being taken  
into the hospital appear to be of a  
mild type.

**REPORTER WANTED FOR**  
"The Evening Telegram." Ap-  
plication to be made by Letter  
ONLY.—oct14,tf

**At the City Hall.**  
The Municipal Council held its reg-  
ular weekly session last evening.  
The Mayor presided and Councillors  
Morris, Brownrigg, Mullaly, Ayre and  
Vinnicombe were present. After read-  
ing of minutes, etc., the following  
matters were disposed of:  
It was ordered the Solicitor in-  
vestigate the question of a lane sup-  
posed to be Crown property east of  
the Army and Navy Depot.  
The Colonial Secretary wrote that  
His Excellency the Administrator-in-  
Council had been pleased to direct  
that the lighting regulations made  
under the provisions of the War Meas-  
ures' Act, 1914, for the protection of  
the Port and Harbor of St. John's  
would be suspended as and from the  
31st of October.  
The Colonial Secretary also wrote  
that the matter of the Court of Revi-  
sion for the Triennial Appraisalment  
would be brought under the notice of  
the Executive Council.  
A letter was read from Wyatt Bros.,  
about the condition of houses in  
Wells' Range. Ordered Mr. Wyatt be  
informed this property is outside the  
city limits.  
A letter was read from C. R. Thomp-  
son in which he stated he would give  
his earliest attention to the plan and  
layout of Sudbury property.  
Application from William Pike for  
Small Homes' Sewerage was referred  
to Inspector Rooney.  
Kaleem Noah applied for permission  
to repair house Water St. West.  
The Solicitor reported on the re-  
pairs to the Southside Road; that the  
liability of Council for same would  
depend entirely upon whether this  
road was included in the boundaries  
of the town before the construction  
of the railway. If the old road was  
taken before 22 April, 1902, Council  
had to accept and would be liable for  
repairs. If on the other hand the road  
was not taken until April 22, 1912,  
then the Council would be entitled to  
compensation for the disturbance of  
the property and if they did not re-  
ceive a permanent road at the time  
they would not be liable to repair the  
temporary road such as this one ap-  
pears to be.  
This refers to the change in the  
road at the time when the railway  
was brought into the West End. The  
matter was ordered to be looked into  
by the Secretary and Engineer.  
The Health Officer's and Plumbing  
Inspector's weekly reports were read.  
The former said there were 77 cases  
of influenza in the emergency hos-  
pital, King George Fifth Institute.  
The City Engineer reported on the  
shutting off of water to connect a  
branch for sprinkling system at Bow-  
ring's; repairs sewer on Cochrane St.;  
change in sewer Quiddi Vidi Road; and  
repairs crossing Patrick Street. Also  
on road work in various parts of the  
city.  
It was decided the Sanitary Super-  
visor make an effort to get as many  
carts as possible from his department  
to take the mud off Water Street.  
Plan for the Brehm Mfg. Co., passed.  
After passing of pay rolls, bills, etc.,  
and disposing of some other routine  
matters, the meeting adjourned.

**The "Flu."**  
The influenza situation in Bay of  
Islands has become more alarming  
since our last issue. Three or four  
more deaths have occurred at Lark  
Hr., and there are several other very  
serious cases. Nearly two hundred  
cases have been reported from there  
and vicinity to date. At Humbermouth  
and Corner Brook it has assumed  
large proportions, and one death oc-  
curred at the latter place on Monday.  
The Ethie came down to Curling on  
Wednesday but most of her crew were  
suffering from the disease and she was  
unable to proceed outward.  
At St. George's, too, the influenza  
malady has taken a strong hold, and  
three deaths had occurred up to Sat-  
urday, and yesterday it was rumored  
that five deaths had occurred there  
within twenty-four hours.  
The disease also has spread to  
Grand Lake and Howley. While at  
Curling there have been a number of  
cases, but no deaths to date.—Western  
Star.

**Acknowledgment.**  
The Committee of the Naval and  
Military Convalescent Hospital grate-  
fully acknowledge the following list  
of gifts received during the months of  
September and October: Mrs. R. G.  
Reid, vegetables, blueberries, lettuce;  
Mrs. R. B. Job, basket of eggs, mag-  
azines; Mrs. J. S. Munn, bag of cab-  
bage and beet, flowers; Mrs. Hick-  
man, cabbage, turnips and potatoes;  
Mr. Wm. Piercey, pair of crutches and  
stick; Miss Southcott, cake; A. Friend,  
vegetables and eggs; Mr. Geo. Neal,  
barrel of apples; Sir Edgar Bowring,  
sacks of potatoes, turnips, cabbage,  
flowers; W.P.A., bandages and dress-  
ings; Wednesday Work Party, knitted  
Afghan; Lady Outerbridge, barrel of  
apples; Mrs. N. S. Fraser, teapot; A.  
Friend, barrel of potatoes; Mr. T.  
Hayward, magazines; motor rides  
from Mr. R. G. Reid, Mrs. Dickinson,  
Mrs. C. Marshall, Mrs. Templeman and  
Mr. Outerbridge.
