Eyes are Seldom Mates

After middle life, and frequently earlier, the eyes are apt to be of unequal strength. If this inequality is not corrected, the weaker eye will be overworked and be thus made weaker still. This shows the necessity of always having each eye separately examined. We fit spectacles that will correct every defect of vision and strengthen weak eyes. Examinations Free

CALGARY TAKES ANOTHER GAME

Home Team Defeat Wetaskiwin by a Score of Seven Goals to Three

The Calgary hockey team at the auditorium rink last evening defeated Wetaskiwin in a good exhibition of hockey by 7 goals to 3. The game started at a fast clip and Wetaskiwin early tested Anderson, the city goal keeper. McLeod and Rouleau went up the ice but McKenzie was wide with his shot. After about a minute Rouleau opened the scoring, and McKenzie scored a second ten minutes later. Both forwards were fast, but the locals had it on the north boys in shooting, and before half time Rouleau and McLeod scored, and the visitors crossed over four goals to the host.

The second half proved by far the best hockey and the puck travelled up and down the ice at a fast clip. Rouleau opened the scoring and then Wetaskiwin scored, each side put on another couple of goals but Calgary should have been given another point, as McLeod put in a shot that the visiting goalie would never have saved, but he had a better way. When he saw that he could not save he turned the end of the goal around and the puck hit the back of the net. The thing was at the time so humorous that the referee let the matter pass.

Throughout Wetaskiwin played a fast game and the locals had to go some right from the start. Anderson, Flummerfelt and McHigh did well on the defence, the latter at times used his weight with judgment. Hensworth, McLeod, Rouleau and McKenzie made a fast forward line. When this bunch got their combination down to working order, it will take a good defence to stop them.

Matheson had considerable work to do in the visitors' goal and McMundo was the pick of their defence. Holley and Bailey were seen to advantage of the forward line, but neither of these could shoot when they got near the goal.

Calgary — Anderson, Flummerfelt, McHigh, Hensworth, Rouleau, McLeod, McKenzie, Wetaskiwin — Matheson, McMundo, Breen, McDonald, Bayley, Holley, Drennan.

Referee—A. Thorp.

The Curling Games

The following games were played in the McNeill curling trophy Thursday evening:

- Telfer, 11; Fletcher, 5.
- Walker, 13; Bone, 8.
- Bryan, 10; McKelvie, 6.
- Cameron, 11; Frieson, 10.

The games played in the green curling were:

- Hovis, 14; Frieson, 11.
- Hanson, 13; Linton, 4.
- Parker, 13; McLeod, 9.
- Buckman, 15; Loughheed, 8.
- Tarrant, 13; Spafford, 7.
- W. C. Frieson, 13; Dr. Curry, 10.
- Bishop, 14; McAulden, 6.

The games this evening are:

- The games yet to be played in the green curling are: Wilson vs. McDonald, Pittman vs. Doyle, Anderson vs. Hardy, Campbell vs. McCourney, Hall vs. Newton, Cardell vs. Dewey, Andrews vs. Cashman.

Public School Wins

In a game of hockey in the Inter-Collegiate league Thursday night the Public school again won from the Business college by a score of three to two. Both teams played fine hockey, Macleod, Gill and Machon scoring for the school, while Malhiot and Crockett scored for the Business college. The line-up was as follows: Public School — Business College goal Smith; Lewis point Emery; Macleod cover Knight; Lane rover Malhiot; Gill right Mills; Machon left Little; Margach centre Crockett.

W. C. League Meets Monday

The president of the Western Canada league of baseball clubs has called a meeting of the board of control to be held at Calgary on Monday next, Jan. 21, when representatives from each of the four clubs in the league will arrange a playing schedule for the coming season, adopt the by-laws, complete the organization, and transact any other business that may be brought before the meeting. The meeting will be open to any one interested in the game. The place of meeting will be announced later.

Next Stanley Cup Game on Monday

Montreal, Jan. 18.—The next Stanley cup match will be played on Monday night, so that the Thistles will have four days rest between the contests.

Unfair Tactics in Sport

Editor Albertan: Why will Calgary hockeyists, or some persons among them, continue to do things that are complained of bitterly by visiting teams? Let me explain. The Medicine Hat boys—they are but boys—came up to Calgary to play the Calgary boys. This team can hardly be said to qualify as intermediates. What does Calgary do? It published doggers announcing the coming of Medicine Hat seniors. This was dishonest to the public and unfair to the boys. But this is but a circumstance. They make up a team, three or four of which are seniors. It is useless for the Medicine Hat boys to protest, for they are here. Calgary wins, nine to one. We suppose shame, if they have any, deterred them from winning 19 to one. And this is not the first time Calgary has been guilty of this kind of conduct. Now when are we going to procedure in sport? If it continues I hope outside teams will leave us to stew in our own juice—the juice of selfish, unsportsmanlike conduct. A. G. MacRae.

AUSTRIA IS GOING TO CIGARETTES

People are Giving up Cigars for the Coffin Nails

Vienna, Jan. 17.—Statistics show that nearly 4,000,000,000 cigarettes were smoked in Austria in 1906, as well as some 1,200,000,000 cigars. The figures, which are furnished by the government tobacco monopoly, show an enormous increase in cigarette smoking. Thirty years ago 2.3 cigarettes were the average annual consumption per capita of the whole population. Last year the average was 145.5 per capita. In the same period the consumption of cigars decreased from 49.7 to 44.3 per capita. Last year 31,000,000 fewer cigars were smoked than in 1904, while cigarettes showed an increase of 167,000,000.

The country's smoke bill for the year was \$50,000,000, which was \$200,000 more than in 1905. The receipts of the tobacco monopoly exceed the expenses by more than \$30,000,000.

SCENERY AND BUSINESS GO HAND IN HAND

Beauty of Niagara Falls will not Be Impaired by the Commercial Enterprises

Washington, Jan. 18.—Secretary of War Taft has just rendered his decision upon the applications under the Burton act for the issue of permits to divert water for power from Niagara Falls on the American side and to transmit electrical current developed from the water power on the Canadian side into the United States. The secretary concludes that with a diversity of 15,050 cubic feet on the American side and the transmission of 160,000 horsepower from the Canadian side, the scenic grandeur of the falls will not be affected substantially or perceptibly to the eye. On the American side the Niagara Falls Hydraulic and Mfg. Co. will receive a permit to divert 6,500 cubic feet.

U. S. CONTROLS OUR FISHERIES

Interesting Debate Upon Question of Modus Vivendi in the Dominion House of Commons

Ottawa, Jan. 18.—Mr. Sloan (Comox-Atlin), continued the debate on the modus vivendi, started yesterday by Mr. McLean (Lomburg). He said that existing treaties between Canada and the United States should be maintained and that the modus vivendi should be withdrawn. The present system built up the state of Washington fisheries instead of those of British Columbia. American fishermen were accorded privileges in Canadian waters, while Canadians were denied similar privileges in American waters. The fisheries of British Columbia were nearly all in the hands of Americans. He gave figures to show the extent of the halibut fishing carried on by the company that controlled the market in the eastern United States. This company used at first Canadian bottoms; now they used American bottoms. The company had three large steamers at work. From 1902 to 1906, both years inclusive, they shipped 41,888,000 pounds. These fisheries should be kept for Canadians. Asked by Mr. Brodeur if the business done by the New England Fish company would not go to Seattle if transshipment privileges were withdrawn, Mr. Sloan answered that Capt. Newcombe, before the fisheries commission, had disposed of that question.

Mr. Roche (Halifax) pointed out that the ministry of marine and fisheries had established bait freezers in Halifax; it was an easy matter to call there and get bait and go out to the banks and catch your fish. He did not desire to see anything done to disturb the good relations that existed between Great Britain and the United States, still Canada should not allow her rights to be taken away to suit a clamorous people who were calling out.

THE WEATHER IS AGAINST US NOW

Commercial Agencies Say That Everything Will Brighten Up With the Weather

New York, Jan. 18.—Bradstreet tomorrow will say: In Canada the wholesale trade is quiet, but movements of spring orders are heavy, and reasonable weather will ultimately help retail trade, though at the moment heavy snows affect transportation, especially in the northwest. Canned goods tend up in price and some Canadian goods have been brought back from England on account of higher prices at home. Montreal reports re-orders for spring and winter goods, and the outlook for spring is very good. Very favorable Toronto reports a large spring business in prospect with the northwest. Prices of eggs are high, stocks are light. Winnipeg reports snow storms blocking the roads and affecting trade but trade later will be helped by this. Collections are fairly good, despite slow grain movements. Failures for the week number 23, as against 24 last week and 36 in this week a year ago.

KNOB HILL

The choicest suburban residential property on the market in Calgary, situated in the southwest part of the city in the direction Calgary is growing.

It has a most beautiful view of the city, the Elbow and Bow rivers, and to the west commands an unsurpassed view of the Rocky Mountains.

One-half mile farther west is situated Glengary, selling as high as \$250 per lot.

The city is built up to within a very short distance of this property, where lots are selling for \$400 each.

Then why isn't it a snap that you should not hesitate at, at

CALGARY STANDS TENTH IN THE CLEARING LIST

The Bank Clearings for Last Week Were not Very Large Throughout the Entire Dominion

- New York, Jan. 18.—The following are the weekly bank clearings, as compiled by Bradstreet for the week ending Jan. 17, showing percentage of increase and decrease as compared with the corresponding week last year:
- Montreal, \$30,127,031; dec. 5.
- Toronto, \$25,788,158; inc. 3.5.
- Winnipeg, \$9,471,026; inc. 25.2.
- Ottawa, \$3,115,945; inc. 14.5.
- Halifax, \$1,864,999; dec. 1.1.
- Vancouver, \$2,745,235; inc. 52.0.
- Quebec, \$1,826,913; inc. 6.2.
- Hamilton, \$1,519,614; dec. 4.4.
- St. John, \$1,323,696; inc. 20.5.
- London, \$1,188,176; inc. 9.1.
- Victoria, \$881,696; dec. 9.6.
- Calgary, \$1,209,737; inc. 10.5.
- Edmonton, \$767,708.

Honolulu, Jan. 17.—The second lava flow from the volcano of Mauna Loa on the island of Hawaii, is now.

Cincinnati, Jan. 17.—This afternoon the river was at 51.1 feet and was still rising. This is the highest water since April 1901 when 59.7 was reached.

Cincinnati, Ohio, Jan. 17.—With the Ohio river in flood in a region of more than 400 miles thousands of persons are suffering for necessities and thousands are homeless. All the indications point to at least 5 feet in the city making this the greatest flood since Feb. 1884.

Louisville, Ky. Jan. 17.—The packet service between Cincinnati and Louisville was given up today, the steamers being unable to pass under the bridges. The Federal government has withdrawn several boats running south owing to the difficulty of making landings, and it is believed that all river traffic will be suspended. Weather observer Wales today issues warnings to residents in certain portions of Louisville to vacate before night fall.
