DMONTON, June 18.—Saskatoon's forfeited baseball franchise is being offered to North Battle ford. This afternoon President Gray wired Mayor Walker of that city asking if the citizens would entertain a proposition for its purchase. There was no baseball here today. Early this afternoon the Saskatoon players submitted a signed statement to President Gray refusing to play further unless Manager Hurley was reinstated and the franchise returned to Saskatoon, A double-header was scheduled, and as the Quakers did not put in an appearance their suspension from organized ball automatically takes place. The president is re-arranging the schedule and is providing that Regina, which is due here on Friday, will be switched to Medicine Hat and Moose Jaw to Calgary. This will mean that the Edmonton players will be idle for some days, but Gray prefers doing this rather than have any of the other teams laid off.

12 men when ordered to by him two weeks ago. It was absolutely out of the question for us to do so because of crippled players, and Secretary Farrell of the National association wired me May 31 that we were entitled to carry 14 men, which is the most we have had at any time.

We owe nobody anything; all assessments have been paid. We have done our utmost to help along organized ball in Western Canada and have the interests of the league quite as much at heart as President Gray or anyone else. There is no possible reason or excuse for President Gray to declare our franchise forfelted, and we will fight such arbitary ill-advised and unsportsmanlike action to a finish.

We have instructed "Ducky" Holmes to take charge of the team; will

endeavor to jump from Edmonton to Medicine Hat between Thursday's and Friday's games, and we have suggested that Hurley come to Saskatoon pending investigation of his case.

This situation is a serious one for baseball in Saskatoon, and we will greatly appreciate a wire from you immediately on receipt of this, giv-

ing your opinion of the matter.

J. F. CAIRNS. President.

WHAT PRESIDENT SAM SAYS

Calgary, June 18, 1913. Mr. J. F. Cairns, Saskatoon, Sask.,

In connection with your long wire and the Hurley-Gray trouble leve to say that I am not in a position to make a statement, not know. ing the facts in connection with the trouble beween your club and Hurley and President Gray, and until such time as I get some definite information, I would not care to make any statement,

We presume that it is all on account of team not living up to the salary limit. We note that you have word from Farrell stating that he authorized you to carry 14 men. This is quite true. You can carry 14 men but in doing so, you must observe the salary limit. President Gray would allow you the same thing if you were within the limit but on account of the board of control passing and adopting bylaws stating that clubs must cut down to 12 men after the first 20 days, this overrules any law that may be laid down by the National association. Your representative agreed to this rule and apparently has not been living up to

I might add that our club has only had 12 men since the beginning of the season and has at many times been using only 11 on account of injuries. Our team has been more or less crippled the entire season bu we did the best we could under the circumstances to live up to any obligation that we had made to the league.

Our team is the lowest salaried team in the league and we are playing consistent and fairly good ball and there is no reason why the other teams in the league should not have been able to have gotten as good a team together as ours at the same money I might add that Hurley has a great faculty of getting together a

strong ball team to build up a reputation for himself, not taking into consideration the rest of the league. If this league is to be made a success, it is necessary for every club to act unitedly in giving it a fair and square deal and not taking ad-

vantage of the weaker clubs. As soon as I have a statement from Mr. Gray in connection with the above case, I will wire or write you further on the subject.

S. S. SAVAGE, President.

Heretofore no president, with the possible exception of Fred Johnson, who only acted for a couple of months, has had the nerve to rule with an iron hand and players, club owners and managers have run the league in pretty much any old way that suited their whims. The salary limit that was possible to help his team out. has always been a joke as well as every other league statute which was not and Maisey behind him was as sure as

President Frank Gray from the first has shown that he intended to enforce discipline. His recent drastic action of suspending the manager of the Saskatoon team and in declaring the franchise forfeited to the league, proves con-

The action is bound to excite a lot of comment and criticism but if Frank Gray will only finish, what he has started, the league will be in better shape for the action, although it is bound to cause a lot of trouble.

The strike of the Saskatoon players against the ruling of President Gray will get them nothing. In fact, it is liable to cause them a lot of trouble and they will be lucky if they get off without a fine. Refusal by players to participate in a game is a violation of one of the first principles of professional baseball and must be dealt with severely in order to maintain the game upon

In his palmiest days Ban Johnson never made a ruing quite to have so drastic and the American league president is famous for his ezar-like ruings. Additional complications are added in that practically every team in the night when the Bay team defeated the league is disobeying the same rules that the Saskatoon team is and if the Robin Hoods of the Commercial league action is taken up before the board of control it will mean that at least three by the score of 23 to 10.
