

The Non-Irritating Cathartic Hood's Pills AROUND THE CITY.

From Yesterday's Last Edition.

—Rev. A. K. Birks preached yesterday afternoon at the funeral of the late Mr. J. K. Ball.

—County Treasurer McEvoy on Saturday paid out \$2,500 interest on consolidated debt debentures.

—Mr. J. K. Ball left for St. John's this morning to assume his new duties as manager of the Bank of Toronto there.

—Miss Edith Kingsmill, daughter of Mr. Nichol Kingsmill, Toronto, is visiting Miss Macbeth, of Princess avenue.

—The pulpit of the Central Methodist Church, St. Thomas, was occupied yesterday at both services by Rev. Iwin Holmes, of this city.

—The executive committee of St. Andrew's Society has decided upon Thursday, July 25, as the date of the society's annual picnic to Port Stanley. The committee in charge will spare no pains to make this the most successful and enjoyable yet held by the society.

—On Saturday, the death occurred of Mary M., elder daughter of Wm. De Graw, of 651 Marshall street. Miss De Graw, who was 25 years of age, was a sufferer from spinal trouble. The funeral took place this afternoon at Mount Pleasant cemetery, the services being conducted by Rev. Thomas Wilson, of King Street Presbyterian Church.

—In order to meet the request of a large number of friends and others who were unable to attend the cantata of "Belshazzar," recently given in the Colborne Street Methodist Church, Mr. Gilmore has consented to repeat it on the same place on the evening of Thursday, June 20. Those who attended were highly pleased with the manner in which the cantata was rendered, and doubtless a full house will greet the reproduction of it.

HOTEL CHANGES HANDS.
The Gustin House, 368-70 Dundas street, changed hands this morning. E. H. Gustin & Son having disposed of the stock, furniture and goodwill to Mr. J. Gilligan, who is well known in the city. The license has also been transferred to Mr. Gilligan.

POLICE COURT.
David Williams, an Indian, was fined \$5 or twenty days by Police Magistrate Love this morning for being drunk. Williams paid the fine and had \$14 cash left. He claims to have had \$24 when he came to the city on Saturday.

Samuel Hurst, Theodore Williams, Wm. McDonald and James McCann were all let go on charges of vagrancy. The first two were caught alighting from a C. P. R. freight train, while the others were found sleeping in a C. P. R. freight car on a siding near Quebec street. One drunk was also let go.

ONTARIO MEDICAL COUNCIL.
At the concluding session of the Ontario Medical Council on Saturday morning the report of the educational committee, read by Dr. W. H. Moorhouse, of this city, recommended the following board of examiners for 1901-1902, which was adopted: Dr. H. B. Anderson, Toronto, anatomy, descriptive; Dr. W. G. Anglin, Kingston, theory and practice of medicine; Dr. R. N. Horton, Brockville, midwifery, operative and other than operative, and puerperal diseases; Dr. A. Primrose, Toronto, physiology and histology; Dr. J. W. Edgar, Hamilton, surgery, operative and other than operative; Dr. W. Gunn, Clinton, medical and surgical anatomy; Dr. G. Chambers, Toronto, chemistry, theoretical, practical and toxicology; Dr. J. W. Schooley, Welland, natural history and zoology; Dr. J. H. McEldan, London, medical jurisprudence and sanitary science; Dr. R. Ferguson, London, assistant examiner to the examiner on surgery, diseases of women; Dr. A. Haig, Kingston, first assistant examiner to examiner on medicine, diseases of children; Dr. G. H. Field, Cobourg, second assistant to the examiner on medicine, pathology, therapeutics and bacteriology; Dr. E. T. Adams, Toronto, homeopathic examiner.

STRUCK IT RICH

A Toronto Contractor Who Made a Lucky Investment—He Tells About It in a Letter to His Friends.

Toronto, Ont., June 17 (Special).—W. J. Keane, of 88 Lippincott street, writes:

"I was very sick, and at times could not attend to my work at all. I had severe pains in my back, in the region of my kidneys.

"At last, a friend suggested Dodd's Kidney Pills. I had not much faith, but decided to try them.

"I immediately found relief, and soon was well enough to resume my work, but I kept on using the Pills.

"I used altogether seven boxes, before I was satisfied that I was completely cured.

"Since then, I have never been sick a single day, and have not had any return of the symptoms.

"It gives me great pleasure to write in praise of Dodd's Kidney Pills, and the good they have done me."

Did anyone ever invest \$50 to better advantage?

A legal decision of interest and importance was given on Saturday in the case of the Quebec and Montmorency Power Company, against the Jacques Cartier Light and Power Company, by which the latter was ordered to remove its poles and wires where they interfered with the plaintiffs, which were first in occupation of the city streets.

A REQUIREMENT FOR THE RANCHER.
On the cattle ranches of the west, where men and stock are far from doctors and apothecaries, Dr. Thomas' Electric Oil is kept on hand by the intelligent as a remedy for all ailments. A horse and cattle rancher will find matters greatly simplified by using this Oil.

About 5 o'clock Saturday afternoon, Mrs. Elliott, wife of Rev. James Elliott, pastor of Queen Street Methodist Church, Kingston, Ont., died suddenly from apoplexy. She was in good health at noon.

WORLD'S LARGEST TROLLEY SYSTEM

Now Controlled by the Everett-Moore Syndicate.

Its Line Passes Through Territory Containing 1,500,000 Population—

Just Paid \$11,000,000 for a Road.

Cleveland, O., June 16.—Messrs. Henry A. Everett and E. W. Moore returned from New York today. In an interview on the extension of their present electric railway holdings Mr. Moore said: "We own or control every mile of street and suburban tracks between Warren, O., and Port Huron, Mich., with the exception of the property controlled by the Pomeroy Interests and the Little Consolidated Street Railway of Cleveland. The Toledo Street Railway property was purchased by us while in New York last week. The consideration was \$11,000,000. At the same time we purchased the Rapid Railway Company, which owned and secured control of the Toledo, Fremont and Norwalk Railway. The price paid for the Rapid Railway was in the neighborhood of \$3,000,000."

The traction lines now controlled by the syndicate make the largest trolley system in the world. The direct mileage is 300 miles, and with its feeders and auxiliaries amounts to about 1,500 miles. It passes through territory containing a million and a half population.

The Everett-Moore syndicate has also secured control of the Toledo electric light and power company, and a suburban passenger station will be erected.

PRESBYTERIAN PARLIAMENT.

Report of the Foreign Mission Committee—Review of the Field All Over the World.

Ottawa, June 17.—The report of the foreign mission committee laid before the Presbyterian General Assembly, took a comprehensive survey of the different fields. Owing to events in China, the report was the most anxious in the history of the world.

CAUGHT HIM RED-HANDED

Fishery Overseer McEvan Nabbed a County Magistrate

While the Latter Was in the Act of Stowing Away a Black Bass.

Despite the fact that the Dominion Government, in response to the solicitations of Col. Leys, M. P. P., has extended the close season for bass until Sept. 1, the extension to have effect on bass caught with the intention of catching some bass. The fisheries overseers, however, will be on the watch, and examples will certainly be made of those caught violating the law.

A point to be borne in mind by bass-fishers is that bass of less than ten inches in length must not be taken at any time during the year. Should such fish be hooked they should at once be deposited again in the water.

District Overseer Frank McEvan was along the river on Saturday posting up bass. He surprised several persons fishing illegally, and at one place he chased two boys through the river, but they eluded capture. One protest at least will follow, and that, too, against a county magistrate.

Overseer McEvan, who was on the opposite side of the river, saw him dash into the water, and the magistrate, who tried to excuse himself by saying that he meant to throw it back, but as he had allowed 15 minutes to elapse, he was not permitted to do so.

The magistrate was not particularly strong one. The magistrate will be summoned on three charges of violation of the fish laws—one of catching bass out of season, one of fishing off a dam, and one of fishing with more than three rods. If Overseer McEvan keeps up his present vigilant and efficient fulfillment of his duties, infractions of the fish laws will soon cease in his district.

STRANGE PRANK OF DRUNKEN MAN.

Kidnapped a 2 1/2-Year-Old Girl and Shoved Fight When Arrested.

On Saturday evening, about 5 o'clock, the little 5-year-old son of Mr. and Mrs. Chas. Spence, of 264 King street, was sent to a store on Clarence street.

He was accompanied by his little sister, Ella, aged 2 1/2 years. On returning without her, he told his mother that Ella was talking to a man down the street. The mother, remembering that she had seen a drunken man in the vicinity, became alarmed, and the police were notified. A search was instituted, but it was not till 7 o'clock that the man was located. He was found on Bathurst street, between Colborne and Waterloo streets, walking up and down the street.

The child in his arms. Mr. Spence attempted to take the child from the stranger, but the latter showed fight, and for a few minutes there was a good deal of confusion.

Subsequently the man gave up the child to Mr. Spence. The man was arrested and taken to the police station, where he gave the name of James McCann, and said he was a cigarmaker. Mr. Spence said he did not want to prosecute the prisoner for abduction, and McCann was charged with drunkenness and released on bail. He showed up at police court this morning and a warrant will be issued. His action was evidently the combined result of his intoxication and a natural fondness for children which he is said to possess.

THE DISEASE SPREADS

Another Case of Smallpox Discovered in Hamilton—In Hull—One From Naples.

Hamilton, June 16.—Another case of smallpox was discovered in this city yesterday, the patient being a young lady. It was not known till late yesterday that hers was a case of smallpox, and last night she was removed to the tented hospital on the heights. The residence was not quarantined rigidly today, no policeman being on duty. The family promises to keep their doors closed, and not allow any person to go into the house, hence the usual precautions of house-guarding were waived. No notice was posted up informing the public of the circumstances of the smallpox, and some of the people in the neighborhood were not any too well pleased at this.

New York, June 17.—The steamer Britannia arrived today from Naples, with 5 cabin and 700 steerage passengers. One of the latter was suffering with smallpox. The steamer is detained at quarantine for disinfection.

The patient, Coletta Marena, a girl about 16 years of age, was transferred to North Brothers Island.

SMALLPOX IN HULL.
Ottawa, June 16.—Two fresh cases of smallpox have developed in Hull, brought, the authorities claim, from the lumbering district about Sudbury.

The patients, two shanty men named Trudeau and Bastien, arrived several days ago and took up residence with Frudent Portin, Chaudre street. The house has been quarantined, and the inmates and others with whom the men came in contact, vaccinated.

On Friday a boy named John Mutchmore, aged 9 years, who had been ill with fever for some time, died. Dr. Reaney called in shortly before death, and he claims to have discovered the smallpox eruptions on the boy's face. The lad was a member of a family two members of which are now confined to the upper part of the police station suffering with the disease. Mutchmore was buried without loss of time.

THEY ARE A POWERFUL NERVE.
VINE.—Dyspepsia causes derangement of the nervous system, and the nerves once engendered is difficult to deal with. There are many testimonials as to the efficacy of Parmentier's Vegetable Pills in treating this disorder, showing that they never fail to produce good results. By giving proper tone to the digestive organs, they restore equilibrium to the nervous centers.

Weak, nervous, delicate men and women, whether overworked mentally or physically, will find nothing to equal Milburn's Heart and Nerve Pills for restoring their health and building up their system.

DEATH'S HEAVY HAND.
Toronto, June 17.—Much sympathy is felt for Mr. James Ryle, of Ryle Bros., who has been in England for some weeks, and who arrived home yesterday. The cause of his sudden death was a series of afflictions which have fallen upon his family. His wife's sister, Mrs. Whitte, died last week, and his mother, Mrs. Dyke, died yesterday morning of appendicitis. During his absence Mr. Ryle has lost his only child, a daughter, Mr. R. G. McLean, and an aunt, Mrs. Sheppard.

A CURE FOR RHEUMATISM.
The intrusion of uric acid into the blood vessels is a fruitful source of rheumatic pain. This irregularity is owing to a deranged and unhealthy condition of the liver. Anyone subject to this painful affection should take Parmentier's Vegetable Pills. Their action upon the kidneys is pronounced most beneficial, and by restoring healthy action they correct impurities in the blood.

Official reports say that the Manitoba wheat crop is likely to be the finest in the history of the province.

PEKIN TO STILL BE THE CAPITAL

Talk of the Court Going Elsewhere Seems to Be Unfounded.

British Plan for Payment of China's Indemnity Believed To Be the Only Feasible One.

London, June 17.—Interest in the Chinese situation centers now in the plans for the payment of the indemnity and the question of whether Peking will continue to be the capital. The latter is more generally discussed in London.

Some newspapers express the fear that the court will never return to Peking, but will establish a new capital in the province of Honan or will continue at Singan Fu. These fears are due to ignorance of the conditions of life surrounding the court at Peking. It is in the center of a district which is afflicted with the worst famine in Chinese history. There is

MISERY ON EVERY SIDE.
human flesh is publicly sold and children are found by their parents to save them from worse suffering. While the court itself has not suffered for want of food, the scenes of horror and suffering which surround it are sufficient to make the heart sick.

Another matter which is supposed to be worrying England is the announcement that Germany intend to maintain a garrison in the Yangtze Valley. Englishmen see in this the beginning and end of the exclusive sphere of influence. This conclusion does not necessarily follow. France maintains a garrison at Shanghai and other coast towns for a score of years WITHOUT DAMAGING BRITISH PRESTIGE.

France is more exclusive than any other nation. At Shanghai, for instance, she maintains a garrison, while the other nations join in the government of the rest of the foreign concessions. The British predominance in this government because there are more British there, and will continue to do so, even if a German garrison is established, unless a great increase in the German population follows the establishment of the garrison, which was not true in the case of Kichow.

A GERMAN VIEW.
Regarding the attitude of the British press towards the policy of Germany in the German population follows the statement in parliament, the German press and Government continue to hold the opinion that Germany by the terms of the Yangtze agreement is bound to maintain a garrison at Shanghai. Besides, Germany has the same right to keep troops there as have Great Britain, France, Japan and Russia.

Referring to the Washington cable dispatch saying the United States does not mean to protest against the maintenance of a German garrison at Shanghai, the Times says: "The statement is a very sensible conception of the situation, since Shanghai is Chinese and not English, and the only country having the right to protest is China. Germany has precisely the same right to take care of her Yangtze interests and commerce that any other country has."

The president of the American arbitration association, stating that the question was too complicated. The matter of the amount is considered as closed. The powers presented their accounts and declined to assent to the American proposition to scale them down, and China agreed to pay the demand, and a formal resolution by the ministers in conference is unnecessary.

METAL WORKERS.
Ottawa, June 16.—The employers have offered the striking sheet metal workers an increase in wages, but refuse to recognize the union or to subscribe to the union's terms as to who shall or shall not be employed. The offer is now being considered. The offer is now being considered.

PAPERMAKERS' STRIKE OFF.
Watertown, N. Y., June 17.—The headquarters of the Brotherhood of Papermakers of America, which are located here, received notice Saturday by telegram that the strike at Holyoke (Mass.) has been declared off, favorable to the 3,000 employees, giving them 65 hours a week and an increase of wages.

—Mr. J. Pettipiece, M.P.P., is in the city to do business with the executive committee of the synod of the Diocese of Huron, on behalf of Christ Church, Forest.

SECTION MEN ARE ON STRIKE.

All Gange But One Between London and Windsor Out.

But Ten C. P. R. Trackmen Reside in London, Only Two of Whom Belong to Union.

Conflicting stories are told by the local C. P. R. officials and some of the employees of the road as to what effect the strike of the trackmen will have on the local division. An agent of the company says that he has only heard of half a dozen men having gone to Windsor being out, and he further says that the strike is having practically no effect on the local division.

On the other hand, an employee of the company told The Advertiser that all but one of the eighteen or twenty gangs between London and Windsor were on strike, of these gravel trains working in the same districts, two were obliged to return to the city yesterday because the men refused to work. Some of the men are also at between here and Toronto, but the number could not be ascertained.

Only ten track employees of the company, forcing two gangs live in the city. Both gangs are working. Only two of the men belonging to them are said to belong to the trackmen's organization, and neither of them has any quit work. There is no local branch of the organization. C. P. R. trains are running as usual.

LONDON OLD BOYS AT THE "SOO"

Mr. C. B. Bazan, a Former Londoner, at the Head of New Association.

Sault Ste. Marie, Ont., is the latest town to fall in line with the London Old Boy movement. Secretary Bell, of the local organization, is in receipt of a letter from Mr. C. B. Bazan, a well-known former Londoner, who is now a resident of the Canadian Soo, in which he states that many ex-Londoners in the coming metropolis of new Ontario are forming an association, which they wish to have affiliated with the parent body. Mr. Bazan says the Soo will send a deputation to the annual reunion, and hopes to be one of the number himself.

C. P. R. TRACKMEN Less Than Fifteen Men in Toronto Affected by the Order to Go Out.

Toronto, June 17.—Local officials of the Canadian Pacific Railway are little concerned over the threatened strike of the trackmen. In Toronto there are only between 12 and 15 men on the tracks, this number being sufficient to keep the system in this city in proper condition.

A dispatch from Montreal, where a committee of the trackmen has been endeavoring to see the officials of the line, says: "The C. P. R. officials do not appear to be concerned about the strike. They do not believe, in fact, that it will last. The representatives of the men say that fully 95 per cent of the trackmen will respond to the order to quit work. This is possible, but the question is, How long will they stay out? The officials of the railroad claim that the roadbed is now in splendid condition, and that the work of labor required can always be found ready for service. The strikers will certainly have behind them the American organization, which is said to be well supplied with funds."

Montreal, June 17.—The strike of the C. P. R. trackmen from the Atlantic to the Pacific was inaugurated this morning at 6 o'clock. The committee men who are in the city claim they have received advices from all portions of the line indicating that 95 per cent of the men obeyed the order of the committee, declaring the strike.

John T. Wilson, the president of the International Trackmen's Association, will arrive in the city today from Portland, and will assist the men actively in their fight with the big railway.

Winnipeg, Man., June 17.—The C. P. R. yesterday sent out a party of fifty men to look after the line in case of trouble among the trackmen. It is understood about 80 men will be engaged for this work.

WAGES INCREASED.
Easton, Pa., June 17.—The Lehigh Valley Railroad employees in this vicinity on Saturday received their May wages. Every man employed in the road received an increase of 10 per cent. The increase dates from May 1. The company officials here say the increase affects all shopmen, car inspectors and cleaners along the entire system, 3,600 in number.

THE CIGARMEN'S.
Detroit, June 17.—A proposition to postpone this year's convention of the Cigarmen's International Union, which was to convene in Baltimore, Md., on Sept. 9, will be submitted to a referendum vote of the membership this week. The last convention of cigarmakers was held in Detroit in 1899.

METAL WORKERS.
Ottawa, June 16.—The employers have offered the striking sheet metal workers an increase in wages, but refuse to recognize the union or to subscribe to the union's terms as to who shall or shall not be employed. The offer is now being considered.

SPORTING NEWS. CASUALTIES IN MONTREAL!

BASEBALL. DORCHESTER WON.

Belmont baseball team went to Dorchester on Saturday to play a friendly game with Dorchester on their grounds, among trees, wire fences and other obstructions. The score was 10 to 0 in favor of Dorchester. The batteries were Myers and Fisher, from Ingersoll, for Dorchester. Campbell, Campbell and Jones for Belmont. The chief feature of the game was the constant kicking. The return game is to be played shortly.

THE RIFLE LEAGUE MATCHES.
The annual matches in the Canadian Military Rifle League took place on Saturday at the Core range. The conditions were anything but favorable, and added to this, the fact that the targets have been materially reduced in size, made the shooting not as good as could have been expected. Considering adverse conditions, however, the marksmanship was quite up to that of last year. The scores follow:
