Best time, 2:114. such mysteries. May I see it?" "Of course, you may see it," the old lady returned, with an indulgent smile,

but I hardly think it will prove anything unless you first find the parents to identify it, for there might be a hundred such rings in the world. When it got too tight for Arley's little fingers. I put it away with the shoes and stockings, and have always regarded them as sacred relics, since they were all that remained of her parents' loving

in her lap, "in the second drawer of my escritoire you will find a small box tied girl, always attentive to her slightest wish, hastened to get it, and at a gesture from her aunt handed it to Lady Elaine.

not unfasten the knot into which the ribbon was tied.

Miss McAllister reached out her hand and gently took it from her. dear, how excited you are over a trifle," she said. "There is nothing here which can possibly prove anything, unless, as I said before, you can find the parents themselves.' She untied the knot, lifted the cover and then laid the box back in her vis-

itor's lap. There were two little packages in it, wrapped about with tissue paper, showing that a loving hand had cared for

Lady Elaine lifted one and took the paper from it. Two tiny shoes fell out. They were wrinkled and worn, stained and defaced with sea water. while their little buttons were blackened and tarnished with time. "May I take these things for a little

while, Miss McAllister?" Lady Elaine "I will guard them as I would a priceless treasure, and see that nothing happens to them," she added ap-"Certainly; you can take them and

keep them as long as you may think you may need them. I never attached any importance to anything but the ring, until we discovered that our dear Arley did not really belong to us—I merely kept them because I thought prize them as being the thing that her mother had provided for "But we had nearly forgotten about

the captain of the Vulcan," she continued, taking up and opening the diary which Ina had brought her. She turned the leaves until she found the date of Arley's return, and, after reading a few pages, she looked up,

'It was Capt. Simons, dear; but that is all I can find about him." 'Who brought Arley to you?" Lady Elaine asked, as if inspired by a sud-

"A poor woman, who was flying from poverty and pestilence in France, and who hoped to find friends and help here in London. She had lost a little one just before leaving home, and she gladly took charge of Arley during the remainder of the voyage after she was

"But there were others rescued at the same time, were there not?" asked Lady Elaine anxiously. "Oh. yes, several."

"And did no one know anything about the child? Oh, it seems so strange that there should be all this mystery, when others were saved from the same vessel!" and Lady Elaine was greatly

Yes, it is strange; but you know that everyone is for himself at such a time; the sailor told the captain that she was the child who was to be sent to Dr. McAllister, of London, and he immediately gave her to the first one who was willing to assume the care of her. This woman-Mary Nelson was her name-yearned for the little cared most tenderly for her until the vessel reached port, when he ordered a carriage for her and sent her to us with the child.'

"God bless her and the sailor also who saved her!" cried Lady Elaine, with streaming eyes. 'My dear, I am afraid you are getting very nervous, and excited over this matter," Miss McAllister said, this matter," gravely, as she looked into the flushed,

What became of this woman afterward?" Lady Elaine asked, struggling

beautiful face.

for composure.
"She died---" "Yes. My brother was so grateful to her for her services, which she had rendered Arley, and she appeared to be so fond of her, that he at once took her into the family as her nurse. But she only lived three months. She took the typhus fever, and died very suddenly." Lady Elaine sighed heavily and arose She had not learned much to help her in her quest, but she was just as resolute to pursue it, in spite of the difficulties which seemed to hedge about

She repaired immediately to one of the steamship lines and made inquiries regarding the White Star, which had been wrecked in 18-, on her homeward voyage from Calcutta.

names of the owners were easily found, and with their addresses written out, Lady Elaine hastened away to seek an interview with them.

Yes, they ⁴remembered the captain of the White Star well, they told her, when she made her inquiry. He had managed, with his wife-who had been with him on that fatal voyage-and three or four of the crew, to make his to land; but it was not without antold suffering and hardship, nor until every hope of having the battered steamship was past. He had after-third race. The track was at its best.

Weather clear and cool. Results ward been given the command of another vessel, which he sailed successfully for a dozen years. After that he had been attacked with rheumatic troubles, and the company did not know whether he was living or not at the present time. The last they heard of him he was residing at Harrow, a town about fifteen miles from London. His name was Bancroft, and he had been a gallant, faithful captain.

The last hastened.
