All Tracks Must Be a Mile in Circumference.

Ottawa, Jan. 21.—Gen. Sir Arthur Currie, inspector-general of the Canadian forces, and Lady Currie will be guests of the Ottawa hockey club at the big game against Quebec at the Arena tonight. Gen. Currie, who is a keen sportsman and a lover of hockey, not having seen the Ottawas play this year, was invited by the Ottawa club to witness the Ottawa-Quebec game, will face the puck and address the players. Several members of both teams fought under Gen. Currie in France.

GRAHAM TO PLAY TONIGHT Ottawa, Jan. 21.—Graham of Ottawa will likely play with Quebec tonight against Ottawa. It was announced late ast night that Mike Quinn has tendored Graham a contract. The latter was ut at practice yesterday with the Bulldogs, and showed flashy form. Graham work-ed out with Ottawas gard in the spring, according to excellent authority, and Dr. Rutherford in his forthcoming report will embody suggestions which will sound the death knell of the half-mile tracks. It is also stated that there will be a recommendation that no tracks less than a mile in circumference will be allowed to operate, and tracks will be confined to one in each city. The oldest tracks, under this ruling, will get the preference. Woodbine in Toronto, Blue Bonnets in Montreal, Connaught Park in Ottawa, and the Windsor, Hamilton and Port Erle tracks will be resumed in Canada in the spring, according to excellent authority, and Dr. Rutherford in his forthcoming report will embody suggestions which will sound the death knell of the half-mile tracks. Winnipeg London, Eng. THIN, NERVOUS PEOPLE NEED BITRO-PHOSPHATE

What It Is and How It Increases Weight, Strength and Nerve Force In Two Weeks' Time In Many Instances

SHOULD BE PRESCRIBED BY EVERY DOCTOR AND USED IN EVERY HOSPITAL

SAYS EDITOR OF "PHYSICIANS" WHO'S WHO."

Take plain bitro-phosphate is the advice of physicians to thin, delicate, nervous people who lack vim. energy and nerve force, and there seems to be ample proof of the efficacy of this preparation to warrant the recommendation. Moreover, if we judge from the countless preparations and treatments which are continually being advertised for the purpose of making thin people fleshy, developing arms, neck and bust, and replacing ugly hollows and angles by the soft curved lines of

modern foods. Physicians claim there is nothing that will supply this deficiency so well as the organic phosphate known among druggists as bitro-phosphate known among druggists as bitro-phosphate, which is inexpensive and is sold by most all druggists under a guarantee of satisfaction or money back. By feeding the nerves directly and by supplying the body cells with the necessary of the physicians and hospitais everywhere are now recognizing its merits by its use in ever increasing quantities. Proposition of New York Physicians (Who's Who." says: "Bitro-Phosphate should be prescribed by every doctor and used in every hospitain of the physicians of the physicians and hospitais everywhere are now recognizing its merits by its unsurpassed for relieving nervousness, sleeplessness and general weakness, cowing to its remarkable flesh.

pltal to increase strength and nerve force and to enrich the blood."

Joteph D. Harrigan. Former Visiting Specialist to North Eastern Dispensatory, says: "Let those who are weak, thin, nervous, anaemic, or rundown, take a natural, unadulterated substance such as bitro-phosphate and you will soon see some astonishing results to soon see some astonishing results in the increase of nerve energy, strength of body and mind and power of endur-ance."

Bitro-Phosphate is made entirely o the organic phosphate compound refer-red to in the National Standard Dispen-satory as being an excellent tonic and nervine and a preparation which has recently acquired considerable cently acquired considerable reputation in the treatment of neurasthenia. The standard of excellence, strength and purity of its substance is beyond question, for every Bitro-Phosphate tablet is manufactured in strict accordance with the U. S. Pharmacopoeia test requirements. Bitro-Phosphate is therefore not a patent medicine and should and bust, and replacing ugly hollows and angles by the soft curved lines of health and beauty, there are evidently thousands of men and women who keenly feel their excessive thinness.

Thinness and weakness are usually due to starved nerves. Our bodies need more phosphate than is contained in modern foods. Physicians claim there is nothing that will supply this deficiency so well as the organic phosphate known among druggists as bitro-phos-
