

Ayer's Cherry Pectoral.
For Diseases of the Throat and Lungs,
such as Coughs, Colds, Whooping-Cough,
Bronchitis, & Consumption.

Probably never before in the whole history of medicines has anything won so widely and so deep a confidence of mankind, as this excellent remedy for pulmonary complaints. Through a long series of years, and among most of the races of men it has been used, and its efficacy and value in curing them has become better known. Its uniform character and power to cure the various affections of the lungs and throat, have made it known as a reliable protector against the diseases of childhood, to infants of all ages, and to young children, it is at the same time the most effective remedy that can be given for incipient consumption, and the dangerous affections of the throat and lungs. It is a product of the forests of Canada, and is to be kept on hand in every family, and indeed all are sometimes subject to colds and coughs, all should be provided with this antidote.

Ayer's Cherry Pectoral is the most invariable, still great numbers of cases where the disease seemed settled, have been completely cured, and the patient restored to sound health by the *Cherry Pectoral*. So complete is its mastery over the disorders of lung and throat, that it is the most obstinate of them yield to it. When nothing else could reach them, under the *Cherry Pectoral* they subside and disappear.

Ayer's Cherry Pectoral and *Public Speaker*, great protection from it.

Asthma is always relieved and often wholly cured by it.

Bronchitis is generally cured by taking the *Cherry Pectoral* in small and frequent doses.

So generally are its virtues known that we need not publish the certificates of them, or do more than assure the public that its qualities are fully maintained.

1. *Ayer's Cherry Pectoral* and *Public Speaker*, great protection from it.

Ayer's Ague Cure.

For Fever and Ague, Intermittent Fever, Small Fever, Remitted Fever, Dumb Ague, Bilious Ague, and Bilious Remitted Fever, and indeed all the affections which arise from malarious, marsh, or misanthropic poisons.

As its name implies, it does *Cure*, and *Heals* not fail. Containing neither arsenic, quinine, bismuth, zinc, nor any other noxious or injurious substance which would otherwise interfere with the number and importance of its cures in the ague districts, are literally beyond account, and we believe without a parallel in the history of Ague medicine. Our pride is gratified by the fact that we are the inventors of the radical cures effected in ague cases, and where other remedies had wholly failed.

Unaccustomed persons, either resident in, or travelling through malarious localities, will be protected by the *Ague Cure*.

For Liver Complaints, arising from torpority of the Liver, it is an excellent remedy, stimulating the Liver into healthy activity.

For Bilious Diseases, Liver Complaints, it is an excellent remedy, producing many truly remarkable cures, where other medicines had failed.

Prepared by DR. J. C. AYER & CO., Practical and Analytical Chemists, Lowell, Mass., and sold all round the world.

PRICE, \$1.00 PER BOTTLE.

It is sold in small bottles.

1. *Ayer's Sarsaparilla*, FOR PURIFYING THE BLOOD.

The reputation this excellent medicine enjoys, is derived from its cures, many of which are really marvellous. In vertebral cases of Scrofulous disease, where the system seemed saturated with the disease, purified and cured by it.

Scrofulous affections and disorders, which were aggravated by gross contamination until

they were painfully afflicting, have been radically cured in such numbers in almost every section of the country, that the public scarcely need to be informed of its efficacy.

Scrofulous poison is one of the most destructive enemies of our race. Often, this unseen and unfeeling tenant of the organism, attacks us, without exciting a suspicion of its presence. Again, it seems to breed infection throughout the body, and then, on some favourable occasion, rapidly develop itself, and become visible, either on the surface or among the vitals. In the latter, tubercles may be suddenly deposited in the lungs or heart, or tumors formed in the liver, or it shows itself in the form of a cancerous tumor, or ulceration on some part of the body. Hence the occasional use of a bottle of this *Sarsaparilla* is advisable, even when no active symptoms of disease appear.

Persons afflicted with the following complaints, will find relief in the use of this *SARSAPARILLA*:—*L. St. Anthony's Fire, Rose or Ergotism, Tetter, Salt Rheum, Solid Head, Ringworm, Scrofulous, Scrofulous, Erysipelas, Boils, Ulcers, &c.*

Stomach Complaints, &c.
