**FREE DISTRIBUTION OF GOOD SEEDS**

Department of Agriculture Will send Samples on Application.

By instruction of the Hon. Minister of Agriculture a distribution is being made this season of samples of superior sorts of grain and potatoes to Canadian farmers for the improvement of seed. The stock for distribution has been secured mainly from the Experimental Farms at Indian Head, Sask., Brandon, Man., and Ottawa, Ont. The samples consist of oats, spring wheat, barley, peas, Indian corn (for ensilage only), and potatoes. The quantity of oats sent is 4 lbs., and of wheat or barley 5 lbs., sufficient in each case to sow one-twentieth of an acre. The samples of Indian corn, peas and potatoes weigh 3 lbs. each. A quantity of each of the following varieties has been secured for this distribution:

**OATS**—Banner, Abundance, Danish Island, Wide-Awake, White Giant, Thousand Dollar, Improved Ligowo—all white varieties.

**WHEAT**—Red varieties: Red Fife (beardless), Marquis, Stanley and Chelsea (early beardless); Preston, Huron and Pringle's Champlain (early bearded); White varieties: White Fife (beardless), Bobs (early beardless).

**BARLEY**—Six-rowed: Mensity, Odessa, and Mansfield, well, and Canadian Thorpe.

**FIELD PEAS**—Arthur and Golden Vines.

**INDIAN CORN** (for ensilage)—Early sorts: Angel of Midnight, Tompkins' Early, and Longfellow; later varieties: Selected Learning, Early Mastodon, and White Cap Yellow Dent.

**POTATOES**—Early varieties: Rochester Rose, and Irish Cobler. Medium to late varieties: Gold Coin, Carman No. 1, and Money Maker. The later varieties are, as a rule, more productive than the earlier kinds. Only one sample can be sent to each applicant, hence if an individual receives a sample of oats he cannot also receive one of wheat, barley, peas, Indian corn printed cards or sheets, or lists of names from one individual, or applications for more than one sample for one household. Samples will be sent free of charge through the mail.

Applications should be addressed to the Director of Experimental Farms, Ottawa, and may be sent in any time from the 1st of December to the 15th of February, after which the lists will be closed, so that the samples asked for may be sent out in good time for sowing. Applicants should mention the variety they prefer, with a second sort as an alternative. Applications will be filled in the order in which they are received, so long as the supply of seeds lasts. Farmers are advised to apply early to avoid disappointment. Those applying for Indian corn or potatoes should bear in mind that the corn is not usually distributed until April, and that potatoes cannot be mailed until danger from frost is transit is over. No postage is required on mail matter addressed to the Central Experimental Farm, Ottawa.

W. M. SAUNDERS,  
Director of Experimental Farms.
