THE TORONTO WORLD THURSDAY MORNING, APRIL 21, 1887.

27

The Archbishop on His Muscle. Mr. Butterworth and Mr. op Lynch lived a xas, if The World is rightly informed, and fiddle to the Mail on this question; but against the fact perhaps accounts for the violent lar-guage in whitch the carries on his controversy with the enemies, as he considers then, of Ireland. An Irishman is naturally fond of a sectimunage but a Texan Irishman, it is evi-dent, bangs Banagher in that line. We re-spectfully submit that as a high ecclesiastical dignitary he ought to endeavor to restrain his ardor when he has a pen in his band. For example, we do not think it was right in a loyal subject of Her Majesty, which we under-stand the Archbishop to be, as one who "fears if it does not grant Home Rule. He ought to have remembered that Canadians, if it does not grant Home Rule. He ought to have remembered that Canadians, if it does not grant Home Rule. He ought to have remembered that Canadians, if it does not grant Home Rule. He ought to have remembered that Canadians, imong whom he lives and by whose repre-mentatives in the Government and Legislature aps accounts for the violent lan- that has to be voted the fact that it sound whom he lives and by whose tops tatives in the Government and Legislature is allowed to exercise considerable influence, build be injured by such a raid and that would welcome the Butterworth plan, or any would be spilt as in 1866. In spite of ourn in Texas, the Archbishop is one of idliest of men, and would not hart a fly

I it did not wake him from his after dinner actually made a proposal to Washington which, if accepted, will settle the fishery diffiuse the uncircumcised to triumph. Theo, again, as a loyal subject of He he should not say that "proud England" is "now low enough in the estimation of the civilized world." The World (Toronto) an make allowance for a good deal of feeling mong Irishmen at the present moment, since t is itself favorable to "Home Rule." Ireland

has been a great sufferer in the past, and still <text><text><text><text> which arises mainly from scarcity

There can be no mistake about it—the Plobe has adopted as its own the proposal of Mr. Butterworth and Mr. Wiman. We municated by th

The madness of the Kansas City should say that the Globe was playing second building frontages down there have been sold for \$6000 a foot. Of course the Kansas City oot is abnormally large.

Handver is allout to belebrate the centenary of Baron Munchausen who has the honor of being known as "the greatest har that ever spoke." His book of adventures certainly does compare well with the despatches of the Ottawa correspondents of the United States

The result of the trial of Arensdorf, the wealthy Sions City brewer, for the murder of Rev. Mr. Haddeck, an aposte of prohibition, has satisfied the partisons of neither faction. The jury stood one for conviction and eleven for acquittal. The defence claim that the temperance people bribed the one, but the latter aver that the prevers bribed the eleven. latter aver that the brewers bribed the eleven. The one thing certain to a distant observer is that the trial demonstrated a shocking state of demoralization in one of the chief towns of the prohibition State of Iowa. A reputable citizen had been foully murdered in the early evening, when the streets were alive with peo-ple. Nearly a dozen citizens admitted having either heard or sear the shot four of heard by ple. Nearly a dozen oitizens authouse units of the shot fired, followed by either heard or seen the shot fired, followed by N

the running away of two or more men. No one took the trouble to pursue the fugitures, Secession Abandoned. Mr. W. S. Fielding, Premier of Nova or even to raise any extraordinary alarm. At the trial the witnesses on both sides not only impeached one another but also contradicted Scotia, has wisely abandoned the secession crusade. It injured him with some of his own friends in Nova Scotia and with his allies In a great sufferer in the past, and still from some weils which ought redressed. The chief of in proportion to population.
