

**Terrible Pains
Kidneys and Back.**

Editor—I want to write you
I was very sick, could
up; I was in bed most of the
terrible pains in my kidneys
so much so that I had to
sometimes when I was sitting
wanted to get up, the pain
at. I had tried a well-known
dicine but it didn't help me.
Dr. Pierce's Anuric Tablets
ht I would try them. I took
box of the Tablets, and my
ow free from pain and I can
take care of my family. I
ot say enough for this medi-
cerely, Mrs. Wm. KELLER.

This "Anuric" is adapted
for kidney complaints and
rising from disorders of the
d bladder, such as backache,
c, rheumatism, dropsy, con-
the kidneys, inflammation
adder, scalding urine and
obies. The physicians and
at Dr. Pierce's great Institu-
talo, N. Y., have thoroughly
prescription and have been
cord successful in eradicat-
troubles, and in most cases
uring the diseased kidneys,
having once used "Anuric"
ce's Invalids' Hotel, have re-
back for more. Such a
been created that Dr. Pierce
l to put "Anuric" in the drug
country, in a ready-to-use
ot obtainable send one dime
Dr. Pierce for trial package
for full treatment.

**Handy Helps for
Spic and Span Homes**

Of course, you are going to "Paint Up" this spring. There's the bedroom, parlor or dining room wall to be re-finished.

There are Floors to be painted, stained, varnished or waxed. There's the Oil Cloth or Linoleum to be made Spic and Span.

There's the Furniture and Woodwork to be brightened.

Here are six "SPIC AND SPAN" FINISHES that we can freely recommend for this work:

- "NEU-TONE" Flat Tints for the walls
- "WOOD LAC" Varnish Stains
- "MARBLE-ITE" Floor Varnish
- "LIQUID WAX", for hardwood floors
- "SENOUR'S FLOOR PAINT", the old reliable
- "VARNOLEUM", to beautify and preserve Oil Cloth and Linoleum.

We know that these Finishes are the best of their kind. They are "Made in Canada"—and we guarantee that you will be perfectly satisfied with the results you get when you use any, or all, of them.

You'll soon be putting up Pickles and Preserves. You'll need labels for the jars. Come in and get a set of Fruit Jar Labels—printed and gammed. We give them free to our friends.

J. McKercher, Watford, Ont.

RELIANCE MACHINE WORKS

Our work comprises repairing machinery—any kind of a machine from a food chopper up to autos and threshing machines.

WE PAINT CARS—Have your car renovated by us giving it a new coat of paint.

WE WASH CARS—Have your car washed every Saturday here.

WE STORE CARS—If your friends come to visit you bring them here to store their car.

LAWN MOWERS—We are looking after a lot of lawn mowers in the repair line—also sharpening. Everyone says we do a good job. Try us.

Let us figure on your lumber contracts.

AN EASTER NOVELTY.

A Jaunty Bag to Hold Your Mirror and Puff.

White kid plaited into a circle, each plait being overlapped with strips of black patent leather, is the secret of

A HAPPY SPHERE.

This smart wrist bag. The inside is lined with king's blue tussore silk and fitted with mirror, puff and purse.

HALF WORN COSTUMES.

How to Freshen Up Your Old Gown So It Looks Actually Frenchy.

Fashions change so rapidly that women of limited means are often sore tried in their attempts to keep up with these periodic and quick movements. A Frenchwoman, whose husband was among the first to respond to his country's call, saw her opportunity and seized it. She made the fact known that she was clever at adapting clothing and that she was ready to exercise her skill on reasonable terms. Plain materials are easily added to the introduction of contrast is often permissible, and the present vogue for trimming has greatly facilitated her enterprise. The tunic was one of her best resources when she first started her business. Now she finds that the contrast hip yoke and the panel serve her very well.

Frequently sale bargains come in admirably for her purpose, and she is always ready not only to assist in adapting, but to give her aid in choosing from the big stocks of rich and beautiful material which are shown. A serge gown done up recently had the last season's bodice remodeled into a bolero arranged over an undervest made of a piece of rich silk picked up at a sale and sold off because this winter's patterns will not be brought out again for another season.

Mint Sauce.
The best way to make mint sauce is with a boiled sugar sirup. Add the chopped mint to this when it is hot and let stand until cold. Serve cold. Make the sirup of sugar with enough white vinegar added to make a sirup of the right consistency when boiled for about four minutes.

WATFORD ASTONISHED BY SIMPLE MIXTURE

Watford people are astonished at the INSTANT action of simple buckthorn bark, glycerine, etc., as mixed in Adler-ika. ONE SPOONFUL removes such surprising foul matter it relieves almost ANY CASE of constipation, sour stomach or gas. Because Adler-ika acts on BOTH lower and upper bowel, a few doses often relieve or prevent appendicitis. A short treatment helps chronic stomach trouble. Taylor & Sons, Druggists.

Changing Color of Wine.
Boil some red cabbage leaves for forty-five minutes. The water in which they were boiled will be purple in color, and you may say that it is wine. Get three tumblers. In the first place a drop of sulphuric acid, in the second a drop of ammonia, and leave the third clean. Pour some of the liquid into each of the tumblers. That in the first will turn red, that in the second green, and that in the third will retain the purple color. This is a capital trick—one that will make the spectator stare in astonishment.

About the Mouse.
A mouse overlooks a perfectly safe food supply, sufficient for a meal or two, to enjoy the perilous pleasures of an unlimited store. It will hide near the food and come out to nibble when hungry, for it is not true that a mouse will seek its hole at the first alarm.

Its Virtue Cannot be Described.—No one can explain the subtle power that Dr. Thomas' Electric Oil possesses. The originator was himself surprised by the wonderful qualities that his compound possessed. That he was the benefactor of wonderful Oil. So familiar is everyone with it that it is prized as a household medicine everywhere.

The best sugar for the sugar bowl is

Lantic Sugar

Its purity and "fine" granulation give it the highly sweetening power. It dissolves instantly in your teacup or on your breakfast cereal.

"The All-Purpose Sugar"

THE WORD "JEHOVAH"

its Curious Origin Which, by the Way, is Comparatively Modern.

An interesting feature in "The Old Testament in the Light of Today," by William Frederic Bade, professor of Old Testament literature and Semitic languages in the Pacific Theological seminary, is the following explanation of the word "Jehovah":
"The name 'Jehovah' is of recent origin. It was quite unknown in antiquity. As G. F. Moore has shown, it occurs for the first time sporadically in the fourteenth century. The word arose in a peculiar way. Until some centuries after the Christian era the text of the Hebrew Scriptures was written with consonants only. The name of the deity therefore was written with the four consonants 'Jhvh.' As Hebrew ceased to be a spoken tongue, words written consonantly began to present difficulties to readers. This fact led to the invention of systems of vowel points, which were written under and above the consonants. Long before the invention of vowel points it had become customary, on account of dread of the name of the deity, to read 'Adonay' (Lord) whenever 'Jhvh' occurred. To indicate this fact the vowels of 'Adonay' were connected with the consonants 'Jhvh'; the short 'A' of 'Adonay' by a regular change becoming 'e' when connected with the consonant 'J.' Persons ignorant of the purpose of the vowels began to read them with the consonants, and thus the preposterous hybrid 'Jehovah' arose."

England's Greatest Mine Fire.
The most serious colliery fire ever known in Britain was undoubtedly that which broke out in the Tawd valley mine, near Preston, in 1872. Thousands of pounds were spent in trying to get the flames under control, but they overcame everything and consumed some millions of tons of coal. A wall ten feet in thickness was built round the affected parts, but the heat cracked the masonry and brought it down as fast as it was rebuilt. However, in 1897 the river Tawd overflowed its banks and went pouring down into the mine. No fire could withstand such an immense volume of water hurled upon it, and although the flames extended for 500 yards, they were quenched after having raged for a quarter of a century.—London Tit-Bits.

Preservative Peat.
Peat possesses wonderful antiseptic and preservative qualities owing to the presence of tannin, iron and other substances in it. Here is an instance: At the time of the covenanters, in 1685, three men were shot at a place called Crossgelloch, on the moor above Old Cumnock, in Scotland. In 1825, when a monument was being erected to their memory, the workmen came upon the corpses rolled in their plaids. The bodies were in exactly the same state as when they were buried. The moss had preserved them as if they had been embalmed.
