

# IMPORTANT TO FARMERS.

## LAMB'S SUPER-PHOSPHATE OF LIME,

\$40 PER TON.

NO CHARGE FOR BARRELS, AND DELIVERED FREE AT RAILWAY STATION, TORONTO.

### FARMERS

Sometimes complain that SUPER-PHOSPHATE costs too much to use.

**FARMERS—IT SAVES LABOR. IT COSTS LESS PER ACRE THAN STABLE MANURE,**

If you take the time in hauling Stable Manure, and spreading it out. But suppose it did cost more, it is 100 per cent. better.

**FARMERS—Do you not think 25 per cent. a good Investment ?**

## LAMB'S SUPER-PHOSPHATE OF LIME

WILL PAY MORE THAN 100 PER CENT.

WE PUBLISHED LAST MONTH A LETTER FROM A FARMER WHO SAID HIS

**HAY CROP WAS TREBLED WHERE HE USED SUPER-PHOSPHATE OF LIME.**

**DOES THIS PAY ?**

And also another letter from a gentleman in Guelph, to the CANADA FARMER, that at an outlay of \$7.50, he got

**625 BUSHELS OF TURNIPS TO THE ACRE**

Where he used Lamb's Super-Phosphate of Lime. In the field that he used no Super-Phosphate on he only got 360 bushels per acre, showing a net gain of 265 Bushels per Acre, at a cost of \$7.50.

## FARMERS, DOES THIS PAY?--IT DOES PAY.

Last year, in February, we sold to one Farmer \$667 worth, and in May he ordered another large lot, and we could not send it, as we had sold all out, and received a great many orders after we had sold our stock. In consequence, this year we have manufactured a larger quantity of a very superior quality, and trust that we shall have enough for all; but do not delay in ordering, but order at once to insure to have it fulfilled. It is good for

WHEAT,	BUCKWHEAT,	CORN,	CABBAGE,
RYE,	MILLET,	BEANS,	ONIONS,
OATS,	BARLEY,	PEAS,	POTATOES.

— ALSO, —

TURNIPS,	BEETS,	CARROTS,	MANGEL WURTZEL,	CUCUMBERS,
		STRAWBERRIES,	TOMATOES.	

### FOR FRUIT TREES, RASPBERRIES, CURRANTS, GRAPE AND HOP VINES,

Ground Bones are an invaluable and lasting Manure. When the Trees or Vines are first planted, a liberal supply of half inch Ground Bones should be used about the roots, and Super-Phosphate applied as a top-dressing. In spring loosen the earth, and apply liberally, raking it in. This will give a vigorous and healthy growth, ripening the wood early, and causing a larger amount and more luxuriant growth of fruit; also, improving the quality.

CASH TO ACCOMPANY ALL ORDERS.
