

The Doctors Were Wrong.

THEY SAID MR. REUBEN PETCH WAS PERMANENTLY DISABLED.

They Apparently Had Good Grounds for Their Report, and on the Strength of it He was Paid a \$1,500 Disability Insurance—Another Case in Which Dr. Williams' Pink Pills Have Brought Health After All Other Means Failed.

From the Meaford Monitor.

Mr. Reuben Petch is a resident of Griersville who has been known to the editor of the *Monitor* for a considerable number of years. For several years Mr. Petch has been in bad health, has been an intense sufferer, and was declared incurable by a number of physicians, and was paid a debility insurance of \$1,500. Lately, to the astonishment of those who had known that he was pronounced incurable, Mr. Petch has been brought back almost to his former health. This restoration he attributes to the use of Dr. Williams' Pink Pills, and knowing that his story would interest the readers of the *Monitor*, a reporter was sent to interview him. The following is Mr. Petch's narrative as given the reporter:

"I had been sick for some five years. I consulted in that time with no less than six of the best physicians I could find, but none seemed to help so far as medicine was concerned. My limbs and body were puffed or

bloated, so I could not get my clothes on. I had lost the use of my limbs entirely. When I began taking Dr. Williams' Pink Pills, I could not dress myself, and had not dressed myself for two years previous. I could not even open my mouth enough to receive any solid food, and I had to be fed with a spoon. I seemed to have lock-jaw. I could not get up or down the doorsteps and, if I fell down, I had to lie there until I was helped up. I could not get around without a cane and a crutch. My flesh seemed to be dead. You might have made a pin-cushion of me and I would feel no hurt. The doctors told me I could never get better. They said I had palsy on one side, caused by spinal

sclerosis, the affect of la grippe. You might roast me and I would not sweat. I was a member of the Mutual Aid Association of Toronto, and, as under their rules I was entitled to a disability insurance, I made application for it. I was examined by two doctors on behalf of the Association, and pronounced permanently disabled, and was in due time paid my disability insurance of \$1,500. This was about two years after I first took sick. Things went on in this way for a considerable period, and my helplessness, was, if anything, on the increase. I was continually reading about the cures, through the use of Dr. Williams' Pink Pills, and at last determined to try them. After using four or five boxes there was a change. It first made itself manifest by my beginning to sweat freely. I made up my mind to give them a thorough trial, and to my surprise I have gained in health and strength ever since. I take no other medicine except Pink Pills. I began taking them when all other medicines and the doctors failed to do me any good. I could not get off my chair without help. I never expected to get better, but Pink Pills have rescued me from a living death, and now I am happy to say I can work and walk and get around finely. I eat heartily, sleep soundly, and feel like a new man, and I ascribe the cause entirely to Dr. Williams' Pink Pills. I cannot say too much in their praise, and recommend them highly to all similarly afflicted."

The above is Mr. Petch's unvarnished statement of his case, and we might add we know him to be a respectable, reliable gentleman, who has no interest in making the statement only to do good to others who might become afflicted as he was.

This strong testimony proves the claim made that Dr. Williams' Pink Pills cure when other medicines fail, and that they deserve to rank as the greatest discovery of modern medical science. The public should always be on their guard against imitations and substitutes, which some unscrupulous dealers, for the sake of extra profit, urge upon purchasers. There is no other remedy "just the same as" or "just as good" as Dr. Williams' Pink Pills, and the genuine always have the full trade mark, Dr. Williams' Pink Pills for Pale People, on the wrapper around every box.
