

A MIDLAND MIRACLE.

NARRATIVE OF FACTS CONNECTED
WITH THE CASE OF MRS.
F. A. CHASE.

*A Sufferer for Over Ten Years—
Treated by the Best Doctors in the
Place, Only to Grow Worse—The
Particulars of Her Recovery as
Investigated by a Reporter of the
"News-Letter."*

Orillia News Letter.

What wonderful progress the closing half of the nineteenth century has witnessed! Men still young have witnessed discoveries and inventions, which, while they have fairly revolutionized the methods of human life, are taken almost as a matter of course. New and wonderful discoveries are made almost daily; we quickly adapt ourselves to the changed condition, and even wonder that the inventive genius of man had not long ago penetrated the secrets of nature, almost daily being brought to our aid. While in all directions great advances have been made, perhaps in none have the strides been greater, than in the science of medicine. Old methods have entirely disappeared, the days of big nauseous doses, cupping and bleeding have passed away, and diseases formerly held to be incurable now speedily yield to the treatment of advanced medical science. For more than a year past there have appeared in the columns of the *News-Letter*, from time to time, the particulars of cures that have been the wonder of all who were acquainted with the persons restored. Perhaps the case of Mr. John Marshall, of Hamilton, was more firmly fastened in the public mind, for the reason that he had been paid a total disability claim of \$1,000, only after having been pronounced incurable by a score or more of men, who are leaders in the medical profession. As publisher of the *Canadian Workman* the writer has a knowledge of the proceedings under which a disability claim is paid and when it is understood that all such claims have to pass the scrutiny of an investigating committee, the Local Medical Examiner, the Grand Medical Examiner, the Finance Committee and the Grand Lodge Officers, it will be seen that in none but a genuine case of disability could a claim be paid. That the claim was paid Mr. Marshall under this stringent scrutiny was unimpeachable evidence of his total disability; that he was afterwards made a well man was due entirely to a treatment of Dr. Williams' Pink Pills—probably the most remarkable medical discovery of the age. This case was but the first of a series of cures equally remarkable, due to the same grand agency, each of which has been verified by the most trustworthy testimony. The *News-Letter* in common with many others, has taken a deep interest in noting the testimony given in behalf of Dr. Williams' Pink Pills, hence when the cure of Mrs. F. A. Chase was reported from Midland recently, we decided to interview the lady and verify the truth of the report; with this end in view, Midland was visited, and Mrs. Chase found looking well and happy after long years of suffering, before she learned of the efficacy of Dr. Williams' Pink Pills. Mrs. Chase herself admitted the reporter, who found her a lady of superior intelligence, who, while not wishing for notoriety, was willing to

give her candid testimony in favor of Pink Pills, for the benefit of other afflicted persons. To the reporter Mrs. Chase said that up to her sixteenth year, she had been a healthy girl, but at that period sickness overtook her, and for the ensuing ten years her life was one of almost constant misery. In January, 1891, she grew worse, and finally had to take to her bed and was reduced by suffering to the point of death. All the time she was under the treatment of leading doctors. After weary months Mrs. Chase longed for some change, and in October asked her doctor if he would consent to her taking a trip to her mother's, who lives near Port Hope. This was finally agreed to and on Oct. 3 last she set out for that place. On the way, a lady, a stranger to her, noticing her weak condition strongly urged her to use Dr. Williams' Pink Pills, and again on her arrival at her destination her friends urged her to try this wonderful remedy. On Oct. 10 she consented to give the Pink Pills a trial, and soon found such beneficial effects that it needed no persuasion to continue the treatment. In less than three months she was fully restored, and on Jan. 15 returned to her home in Midland, where her friends were rejoiced and gratified at the wonderful change which Pink Pills had wrought in her health and appearance. Mrs. Chase has since continued to enjoy good health, and says that she cannot too highly praise Dr. Williams' Pink Pills, which have rescued her from debility after many years of almost hopelessness. Her husband also expresses his thankfulness and appreciation of Pink Pills, and the unlimited pleasure with which he received his wife on her return, looking so well and happy, which was as he truly described it, "like receiving one from the dead." He said that his wife's condition had been such that in going only a few yards she would be obliged to rest, or obtain help, and before her restoration she had been unequal to the slightest exertion.

While in Midland the writer called upon Dr. McCartney, druggist, who reports large sales of Dr. Williams' Pink Pills, with the most decided benefits to those using them.

From many of our exchanges we have noticed with interest the reports of the great benefit derived from the use of Dr. Williams' Pink Pills, and the case of Mrs. Chase goes to confirm the claim that they are a wonderful discovery in the interests of humanity, restoring vitality to the broken down system. Considering that Mrs. Chase had suffered ten years, and last October was looked upon as being at the point of death, there must be something of an almost miraculous virtue in the remedy which has raised her to her present condition of health, after she had spent hundreds of dollars in doctoring, and for other so called remedies of various kinds. In fact, Dr. Williams' Pink Pills are recognized as one of the greatest modern medicines—a perfect blood builder and nerve restorer—curing such diseases as rheumatism, neuralgia, partial paralysis, locomotor ataxia, St. Vitus Dance, nervous headache, nervous prostration and the tired feeling resulting therefrom, diseases depending upon humors in the blood, such as scrofula, chronic erysipelas, the after effects of la grippe, etc. Pink Pills restore pale and sallow complexions

to the glow of health, and are a specific for all the troubles peculiar to the female sex, while in the case of men they effect a radical cure in all cases arising from mental worry, overwork or excesses of whatever nature.

These Pills are manufactured by the Dr. Williams' Medicine Company, Brackville, Ont., and Schenectady, N. Y., and are sold only in boxes bearing our trade mark and wrapper, at 50 cents a box, or six boxes for \$2.50. Bear in mind that Dr. Williams' Pink Pills are never sold in bulk, or by the dozen or hundred, and any dealer who offers substitutes in this form is trying to defraud you and should be avoided. Dr. Williams' Pink Pills may be had of all druggists or direct by mail from Dr. Williams' Medicine Company from either address. The price at which these pills are sold make a course of treatment comparatively inexpensive as compared with other remedies or medical treatment.

DRAUGHTS-CHECK

All communications to this department must be addressed directly to the Checker Editor, Mr. W. Forsyth, 36 Grafton St.

TO CORRESPONDENTS.

C. MATHEWS, St. John.—Your solutions to problems 292 and 293 were duly received and were correct. Thanks.

T. A. MALONEY, St. John.—Your p. c. solving problem 295, is at hand. We welcome you to the ranks of our problem solvers, but you will observe by the above that you are not the only representative of the "Foggy City." We have often wondered that more of the many players of St. John do not more strongly evince their interest in the game by communicating their solutions.

SOLUTION.

PROBLEM 295.—The position was:—black men 4, 6, 10, 15, 19, 21, 22 kings 23, 26; white men 7, 11, 14, 16, 18, 24, 28, king 1, 17; white to play and win.

Messrs. T. Foshay and T. A. Maloney have both sent us correct solutions to the above problem.
17 13 23—14 7 2 21—30
10—17 11 8 11—7 13 15
1 10 4—27 2 25 w. wins

PROBLEM 297.

By Mr. James Siegel, Chicago, Ill.
Black men 3, 5, 11, 13, 20, king 17.

White men 10, 14, 18, 23, 27, 29, king 32.

White to play and win.

The *Inter Ocean*, in which the above problem was first published, remarks:—"Mr. Siegel is the best colored player in Chicago, and this beautiful problem is the best we have ever seen. It occurred in cross-board play. Can you solve it?"

The Liverpool *Mercury* republishes the problem but says:—"Even as a constructed problem the above may be classed among the best. But that it should have occurred in actual play is remarkable, and leaves an end game of a very pleasing character."

We endorse all the above about this fine problem. We say to our solvers: try it; it is not so difficult as it appears at first to be. Who will send us the first solution? Give the time occupied by each of you in working it out.

GAME 181.—"Switcher."

Played some years ago at Glasgow between Messrs. Robert Martins and W. Gorman.

11—15	15—24	7—14	2—7
21 17	28 19	19 7	27 23
9—13	8—11	3—10	1—5
25 21	32 28	28 24	22 18
6—9	5—9	12—16	7—11
30 25	19 15	24 20	16 7
9—14	10—19	16—19	
24 19	17 10	20 16	

At this stage Gorman had only to play 13—17 to win, but he did not see his opportunity and eventually lost the game, as we shall show in a future issue.

THE IMPERIAL BAKING POWDER
