

Fastidious Patients

are pleased with the appearance of our Chocolate Coated Tablets.

Physicians

find them more prompt in action than the same remedy in pill form.

We

offer a list of this form of medication, comprising the leading drugs and chemicals, in different strengths to suit different cases.

Acetanilid, Aloin Arsenious Acid, Calomel, Cascara Sagrada Extract, Codeine, Heroin, Morphine, Mercurous Iodide, Opium, Podophyllin, Quinine, Sallo Strychnine, etc.

Also leading Formulæ.

ARE YOU IN PAIN?

YOU will probably ask this question more frequently than any other. To be able to relieve pain, whether it be a slight nervous headache or the most excruciating suffering from a severe neuralgia, brings the height of pleasure to both patient and attendant. The ideal remedy must not only do its work, but it must also do it quickly. Touching this point Prof. Schwarze (*Therapeutische Monatshefte*), writes upon the treatment of the forms of dysmenorrhoea associated with pathological antelexion, retroflexion in the virgin uterus, and the different forms of congenital deformity of the uterus. This class includes tenosis of the external and internal os and all forms of dysmenorrhoea in which no anatomical changes can be demonstrated. He believes the coal-tar analgesics are of use as well as the preparations of iron and sodium salicylate. Other practitioners find that it is necessary, in many cases, to administer codeine in small doses, and antikamnia and codeine tablets would seem to have been especially prepared in its proportions for just these indications. **The codeine in these tablets is especially prepared, does not induce habit, is non-constipating and is chemically pure.**

MADE ONLY BY

THE ANTIKAMNIA CHEMICAL COMPANY, St. Louis, Mo., U. S. A.
