

SOMETHING FOR EVERYBODY.

Read, Mark and Inwardly Digest.

ASHBURNHAM, Mass., Jan. 14, 1880. I have been very sick over two years, and was given up as past cure. I tried the most skillful physicians, but they did not reach the worst part. My lungs and heart would fill up every night and distress me very bad. I told my children I never should die in peace until I had tried Hop Bitters. I took two bottles. They helped very much indeed. I took two more, and am well. There was a lot of sick folks here who saw how they cured me, and they used them and are cured, and feel as thankful as I do.

Mrs. Julia G. Cooper.

BATTLE CREEK, Mich., Jan. 31, 1880. I have used seven bottles of Hop Bitters, which have cured me of a severe chronic difficulty of the kidneys, called Bright's disease by the doctors. BONEY PEARSON.

WALSH, Kansas, Dec. 8, 1881.

I write to inform you what great relief I got from taking your Hop Bitters. I was suffering with neuralgia, dyspepsia, nervous debility and woman's troubles. A few bottles have entirely cured me, and I am truly thankful for so good a medicine.

Mrs. Mattie Cooper.

CECILIA BAYON, Texas, Oct. 28, 1882. I have been bitterly opposed to any medicine not prescribed by a physician of my choice. My wife, fifty-six years old, had come by degrees of disease to a slow sundown, and doctors failed to benefit her. I got a bottle of Hop Bitters for her, which soon relieved her in many ways. My kidneys were badly affected, and I took twenty doses, and found much relief. I sent to Galveston for more, but word came back, none in the market, so great is the demand; but I got some elsewhere. It has restored both of us to good health, and we are daily grateful. Yours, J. P. MAOBY.

New Bloomfield, Miss., Jan. 2, 1880.

Gents—I have been suffering for the last five years with a severe itching all over. I have used up four bottles of your Hop Bitters, and it has done me more good than all the doctors and medicines that they could use on or with me. I am old and poor but feel to bless you for such a relief from your medicine and torment of the doctors. I have had fifteen doctors at me. One gave me seven ounces of solution of arsenic; another took four quarts of blood from me. All they could tell was that it was skin sickness. Now, after these four bottles of your medicine, I am well, and my skin is well, clean and smooth as ever. HENRY KROEGER.

Milton, Del., Feb. 10, 1880.

Being induced by a neighbor to try Hop Bitters, I am well pleased with it as a tonic medicine, it having so much improved my feelings, and benefited my system, which was very much out of tone, causing great feebleness for years. Mrs. JAMES BERRY.

Kalamazoo, Mich., Feb. 2, 1880.

I know Hop Bitters will bear recommendation honestly. All who use them confer upon them the highest encomiums, and give them credit for making cures—all the proprietors claim for them. I have kept them since they were first offered to the public. They took high rank from the first, and maintained it, and are more called for than all others combined. So long as they keep up their high reputation for purity and usefulness I shall continue to recommend them—something I have never before done with any other patent medicine. J. J. BABCOCK, M.D., and Druggist.

Kahoka, Mo., Feb. 9, 1880.

I purchased five bottles of your Hop Bitters of Bishop & Co. last fall, for my daughter who had been sick for eight years, and am well pleased with the Bitters. They did her more good than all the doctors or medicine she has taken, and have made her perfectly well and strong. WM. T. McCLELLAN.

GREENWICH, Feb. 11, 1880.

Hop Bitter Co.: Sirs—I was given up by the doctors to die of scrofula consumption. Two bottles of your Bitters cured me. They saved my life, and I am grateful. LEROY BREWER.

GREENWICH, N.Y., Feb. 12, 1881.

Hop Bitters are the most valuable medicine I ever knew. I should not have any other now but for them. HENRY KNAPP.

LONG JACK, Mo., Sept. 14, 1879.

I have been using Hop Bitters, and have received great benefit from them for liver and kidney complaint and malarial fever. They are superior to all other medicines. P. M. BARNES.

CLEVELAND, O., Oct. 28, 1879.

My better-hal is firmly impressed with the idea that your Hop Bitters is the essential thing to make life happy. B. FORZ, Secretary Plain Dealer Co.

SPRINGFIELD, Ill., Sept. 3, 1880.

Gents—I have been taking your Hop Bitters and received great help from them. I will give you my name as one of the cured sufferers. Yours, Mrs. MARY F. STARR.

GREENADA, Miss., Nov. 3, 1879.

My daughter, now a young mother, is using your Hop Bitters, and is greatly pleased with the beneficial effects on herself and child. D. D. MOORE, Proprietor New South.

SANDBORO, Pa., Nov. 6, 1879.

Dear Sir—I have used four bottles of your Hop Bitters, and they have cured me. I had diarrhoea, dyspepsia and chronic inflammation of the bowels, and was giddy in the head and nervous. FRED. THUNBERGER.

PAINING, Ohio, Feb. 2, 1880.

Gents—Have used two bottles of Hop Bitters in my family, and think them the best medicine ever made. GEO. W. PORTER, Banker.

BATTLE CREEK, Mich., Jan. 31, 1879.

Gentlemen—Having been afflicted for a number of years with indigestion and general debility, by the advice of my doctor I used Hop Bitters, and they afforded me almost instant relief. I am glad to be able to testify in their behalf. THOS. G. KNOX.

THE "CANADA GAZETTE."

OTTAWA, April 1.—The Canada Gazette of yesterday contained the following:—E. B. Carman, of Osgoode Hall, barrister-at-law, to be a Junior Judge of the County Court of the united counties of Stormont, Dundas and Glengarry, Ontario; E. B. Carman, Junior Judge of the County Court of the united counties of Stormont, Dundas and Glengarry, to be a Local Judge of the High Court of Ontario; Duncan Gillies to be Harbor Master for the port of Port Mulgrave, County of Guysboro, Nova Scotia, vice Otis G. White, resigned; John Boyd, Judge of the County Court of the County of York, Ontario, to be a local Judge of the High Court of Justice for Ontario; John Boyd, Judge of the County Court of the County of York, Ont., to be Judge of the Maritime Court of Ontario. The town of Regina is declared the seat of Government for the Northwest Territories in place of Battleford.

Recruiting in England has practically ceased, not because recruits are not wanted, but because they will not enlist, though the force was never so spoiled and glorified with victory. The brigade of Foot Guards is reduced in number by 800 men, and it is found impossible to get recruits to fill up the deficiency. The same want of men and impossibility of getting them is equally felt in the rest of the army.

EASTER SOUVENIR.

Thanks for the gift! The lesson deep of mortal life it sweetly teaches. That we must strive up to the stars whose thorny heights to Heaven reaches. We, too, our Calvary and Cross must stem and bear the painful scourging. Glory that should crown our loss, And we achieve our Easter morning!

O wondrous life of Jesus Divine! In lettered light on human pages, Written in the soul of Adam's line. The heritage of endless age! Two thousand years ago nearly sped, And yet, grey time, the tale adorning, Gives to our love the thorn-crowned head. Of that first glorious Easter morning!

The victory of life in death, Is ours in Him, of passing beauty;— Be patient 'till the last worn brow, Drew to its feet the love of duty! So speaks the oracle again, To hearts in mercy's kindest warning, Fear bravely on thy Easter morning! If thou wouldst have thy Easter morning!

DBEW \$15,000. Ticket No. 8,564 drew the \$15,000 prize in the last monthly drawing of The Louisiana State Lottery, and the Allentown papers say the ticket is held by J. Allen Schaeffer, a bookseller and a well known business man on Seventh street, that city, who invested a dollar in the scheme, thinking never to hear from it again. Mr. Schaeffer received his first information through the newspapers, which published the numbers winning prizes on Wednesday.

The item says: "This is probably the best investment he ever made. He has heard of no one yet who begrudges him the bonanza which he has suddenly acquired, only most people regret that they are not privileged to enjoy the fortune. Mr. Schaeffer has persevered and struggled in his business, frequently against adverse circumstances, but he kept pushing along and succeeded in building up a prosperous trade, which, with a little more capital, will be placed on a very substantial basis."

It is probable that the good luck of the Allentown man will have the effect of stirring up the interest in The Louisiana State Lottery already felt in this vicinity. We frequently hear of small gains, and these have kept alive the desire on the part of many to invest. Such a prize as that drawn by Mr. Schaeffer will give a new impetus to business. Whatever may be the objectionable principles of a lottery, whatever a man wins on a Louisiana State Lottery ticket he is as sure to get in full as the cash on a good check on a good bank.—Easton (Pa.) Free Press, March 16.

Schaeffer, the book man, who made the big hit in The Louisiana State Lottery the other day, got his money yesterday per Central Express Company. It wasn't much of a package, the amount consisting of three five thousand dollar bills. Mr. Schaeffer will continue in business, and says he will not allow his good fortune to spoil him one bit. On the contrary, he avows his intention never to purchase another lottery ticket and to put all his energies and all his fortune into the business which, thus far, has made a great success out of a small beginning through hard work.—Allentown (Pa.) Chronicle and News, March 25.

PRINCESS LOUISE IRONS THE "OLE MAN'S" SHIRT.

On the day before the reception tendered her at St. George's, Bermuda, the Princess Louise went on a sketching expedition along the shore, all alone, and after a time becoming thirsty, went for a drink to the cottage of a negro fisherman. No one was there but "antle," and she was busy as could be ironing a shirt for her "ole man" to wear at the reception. The Princess asked for a drink. "Is no time to bodder geeting water fo' you, was the reply; 'I's fe'm'ly busy, fo' I's bound to see de Queen's chile to-morrow." "But if you'll get me a drink, I'll iron while you do so," said the thirty Princess. The offer was accepted, the Princess finished the shirt and got the drink, and then revealed her identity. "Fo' de love, honey!" exclaimed "antle," when she recovered from her surprise, "old man no' no one else ever wear dat shirt again, now!"

BRIGHT'S DISEASE, DIABETES, KIDNEY, LIVER OR URINARY DISEASES.

Have no fear of any of these diseases if you use Hop Bitters, as they will prevent and cure the worst cases, even when you have been made worse by some great puffed up pretentious cure.

IMPERIAL POLITICS.

LONDON, April 2.—The financial year ending March shows the revenue of Great Britain to have been £39,000,000 and the expenditure £38,998,000. The greater part of the additional funds used for the year were included in the expenditures. The prospects for the coming year appear very satisfactory. Lord Randolph Churchill publishes a letter making a strong plea in support of Lord Salisbury's claims to the sole leadership of the Tories. Against him, says Churchill, are directed all the malignant efforts of an avowed mediocrity, and he, partly from an exaggerated idea of political loyalty, is in danger of being sacrificed to the intermingled jaundice of the most useless of his former colleagues. The present management of affairs by joint hands resulted in series of neglected chances and has been signalled by cowardice and inopportune combination. The letter is much commented on in Parliamentary and political circles. Lord Salisbury has assured Sir Stafford Northcote that he does not sympathize with the sentiments of the letter.

CUSTOMS RECEIPTS.

HAMILTON, Ont., March 31.—The customs duties collected in the quarter ending the 30th of March, 1882, were \$222,579; total collected for quarter ending March 30th, 1882, \$219,727; decrease, 1882, \$2,851. The inland revenue collected in March, 1882, was \$28,820; in March, 1883, \$22,782; decrease, 1883, \$6,038.

Toronto, March 31.—The customs receipts for this port last month were \$344,744, and for the same month last year \$412,668.

HALIFAX, N. S., March 31.—The receipts at the Halifax Custom House for the past month amounted to \$166,595, an increase over the receipts of March, 1882, of \$44,335.

THE BILIOUS.

The President of the Bootmakers' Institute of Vienna has brought to light the fact that the inventor of blacking was one Urban of Budweis, Bohemia (now associated in the American mind with beer). He is now to have a monument. Let no inventor despair.

BWARE OF IMITATIONS.

Since Dr. Thomas' Electroic Oil has become celebrated, a number of unprincipled persons have been endeavoring to palm off Electron and Electroic Oil for the genuine Dr. THOMAS' ELECTROIC OIL. Beware of these similar named articles. If their originators had any faith in the healing properties of their own medicines they would, like honest men, give them a name of their own, and not try to sell them on the reputation of another; but as they know their preparations have no merit, they resort to the most unprincipled means of selling them by getting a name as near as possible to Electroic. We therefore ask the public when purchasing to see that the name Dr. Thomas' Electroic Oil is on the front of the wrapper, and the signature of NORRAMP & LYMAN, the proprietors for Canada on the back.

Finance and Commerce.

FINANCIAL.

TRUE WITNESS OFFICE. TUESDAY, April 3, 1883.

The money market is without features. Rates for call loans on a short remainder unchanged at 8 to 9 and on commercial paper at 7 to 7 1/2. Sterling exchange was dull and steady at 87 to 87 1/2 premium for 90 day bills between banks, 97 to 100 premium demand. Drafts on New York are to a premium.

The stock market to day was stronger. At noon the board adjourned for the rest of the day, the members having accepted the invitation of Edison, the famous electrician, to see an exhibition of his electric light in the new extension of the Canada Cotton Mills at Cornwall.

WEEKLY REVIEW—WHOLESALE MARKETS.

The amount of business being done in the wholesale markets is moderate. Several circumstances tend to make merchants cautious and prevent them from wishing to push sales and develop new business for the time being. Stocks in the country are large owing to the bad roads; payments are slow in consequence and many customers have had to ask for renewals. The fourth of April is a settling day, which has been looked forward to with some misgiving, and the important failures which have already occurred and which are likely to occur in the future, all tend to spread the feeling of anxiety above indicated. Once the month of April is passed the impression is that the worst will be over. The season is very backward and navigation is not expected to open before the end of April. The Allan steamships are under orders not to come up the St. Lawrence before the 12th of May. Many Montreal firms have lost money through the establishment of branch houses in Winnipeg, but hope to see their money back, with the rapid development of the Northwest in a few years.

IRON AND HARDWARE.—There is a better demand for pig iron for spring delivery. Sales were made by Messrs. Thos. Robertson & Co. of 1,500 tons by early steamers, on private terms. Sales were also made of 700 tons of Siemens pig at \$24, delivered before May 10th. In bar iron, there were sales of Staffordshire and equal brands at \$2 for round quantities, up to \$2 10 for smaller lots. The sale of 150 tons Siemens bar was reported at \$2 25. Tin plates were quiet and unchanged at \$5 50 for I. C. charcoal and at \$4 50 for corks. In Canada, a parcel of Penn was sold yesterday at \$3. Tin remains steady at 24 1/2, and several lots of copper changed hands at 19 1/2 for Canadian. Cable advices from London quote copper £70 10s for best selected, and tin £97 10s. Spelter here is quoted at 4 1/2, lead at 4c, and antimony at 14c. General hardware is quiet and prices are unchanged.

GROCERIES.—In the grocery market the volume of trade is not large. Granulated sugar is quoted at 9 1/2 to 9 3/4 on raffers, 9 1/2 more being added for jobbers' prices. Fruit is dull, the only sale we hear of being a lot of Valencia at 7 1/2. Currants are quiet at 6c to 6 1/2. A cable from Greece quotes the currant market excited and advancing rapidly, nothing being now obtainable under 19s 6d f.o.b. at Patras. The SS. "Avonia" will sail from Mediterranean ports about the end of the month, and the SS. "Barcelona" about two weeks later, direct for Montreal, with fruit and wines. Tea has been very quiet but coffee is steady and in fair demand, further sales of Jamaica being reported at 8 1/2 for common up to 15c for choice. Rice is quoted at 7 1/2 to 9c, Java at 17c to 26c, Mocha at 20c to 23c. Spices are very firm and higher. Black pepper has advanced to 18c, although it cannot be laid down at under 17 1/2. Cable advices quote an advance of 5c per lb. in nutmegs. Cassia is scarce at 18c, and Cinnamon at 15c to 16c. Rice is firm at \$3 30 to 3 50. A big advance has just been reported by cable in rough rice, which will have a stiffening effect upon the manufactured article. A fair jobbing business transpires in spirits and wines at former prices. Molasses are quiet. For a lot of 650 puncheons Barbados 4 1/2 was bid, but 50c was asked. Trinidad has sold at 44c.

BOOTS AND SHOES.—The factories are not so busy as they were some weeks ago, still the volume of business is of fair proportions. Some good sized shipments have been going forward to the Northwest and Maritime Provinces, and the volume of business on the whole compares favorably with that of last year at this time. Remittances have been a little slack with some, while other reports are good. There is still some uneasiness in the trade concerning one or two weak firms. Quota: Men's thick boots, waxed, \$2 25 to \$2 25; do split tops, \$1 50 to \$2 30; do kip boots, \$3 50 to \$3 25; do calf boots, pegged, \$3 00 to \$4 50; do kip \$2 00; buff and pebble Balmoral, \$1 75 to \$2 00; do split do \$1 35 to \$1 75; shoe packs, \$1 00 to \$2 00; women's pebble and buff Balmoral, \$1 00 to \$1 50; do split do, 90c to \$1 00; do pruned do 50c to \$1 50; do inferior do 45c to 50c; do congress do 50c to \$1 25; buckskins, 75c; misses' pebble and buff Balmoral, 85c to \$1 20; do split do 75c to 90c; do pruned do 60c to \$1 00; do congress do 60c to 70c; children's pebble and buff Balmoral 60c to 50c; do split do 50c to 60c; do pruned do 50c to 75c; infants' caps, per dozen, \$3 75 to \$6 50.

LEATHER.—The requirements of buyers are chiefly for sole leathers, which are in good demand at firm prices. The demand for black leather for local requirements is small, and a few lots of waxed upper have changed hands at 35c to 35c for good medium. Buff and pebble have been inquired for at about former rates. There is still a foreign outlet for the surplus stock of splits which are going forward to England weekly, both from this market and Quebec. Advices from London by last mail quoted the market there steady with moderate transactions. We quote prices here as follows:—Spanish sole, No. 1, B.A. 25c to 26c; do No. 2, B.A. 23c to 24c; China, No. 1, 21c to 23c; do No. 2, 19c to 21c; Buffalo, No. 1, 21c to 22c; do No. 2, 19c to 20c; slough, \$1 25 to \$1 50.

MONTEAL HORSE MARKET. A brisk demand still prevails for most descriptions of horses, which, however, is more than counteracted by largely increased offerings. The supply being so liberal has compelled sellers to accept lower prices than those which formerly were obtained for the same quality. It is estimated that fully 600 horses are for sale to-day, including the following at College street market, reports the following sales since Friday:—Two brown mares, 6 and 7 years old, weighing 2,200 lbs., at \$25; two grey horses, 5 and 6 years old, weighing 2,200 lbs., at \$30; one bay horse, 6 years old, weighing 1,200 lbs., at \$150; one bay horse, 8 years old, weighing 1,100 lbs., at \$150; one brown horse at \$18. Besides the horses being sold at the City Passenger Railway Co., were the purchasers of eleven fairly good horses at an average price of \$130 per head.

MONTEAL CATTLE MARKET. The market continues in a weak condition even for choice, a few head of which sold at 5 1/2c per lb. live weight. Out of the 280 head on the market the best were picked at the above figure. Fair to good cattle realized 4 1/2 to 5c, or a fairly active demand. Common grades sold at 3c to 4c as to quality. Sheep and lambs were in better supply at steady rates. Choice sold at \$3 to \$3 50 and sheep at \$4 to \$5 each. Live hogs are quoted at 7c to 7 1/2c. There have been some large transactions in Canadian cattle for export to the United States. A fair quantity of hogs for export during the coming season. Messrs. Acker & Kitchin have engaged considerable space on steamers to leave this port during the coming season. Shipping cattle are quoted at 5 1/2c to 6c per lb. live weight, as to quality.

Sheep and lambs were in better supply at steady rates. Choice sold at \$3 to \$3 50 and sheep at \$4 to \$5 each. Live hogs are quoted at 7c to 7 1/2c.
