Ayer's Sarsaparilla,

The reputation this ex-

The reputation this excellent medicine enjoys, is derived from its cure a many of which are of a truly marvellous character. Invetorate cases of Scrofula, where the system seemed utterly given up to corruption, have yielded to this compound of anti-strumous varues. Disorders of a scrofulous type, and affections which are merely nave been radically cured in such numerous instances, in every settlement in the country, that the public do not need to be informed here that it is in most cases a specific and absolute remedy.

Scrofulous poison is one of the most destructive enemies of our race. Often, this unseen and unfelt tenant of the organism undermines the constitution, and invites the attack of enfeebling or fatal diseases, without exciting a suspicion of its presence. Again, it seems to breef infection throughout the body, and then, on some favorable occasion, rapidly develop into one or other of its hideous forms, either on the surface or among the vitals. In the latter, tubercies may be suddenly deposited in the lungs or heart, or tumors formed in the liver. These facts make the occasional use of the Sarsaparilla as a preventive, advisable.

It is a mistake to suppose that so long as no cruptions or humors appear, there must be no scrofulous that. These forms of derangement may never every, and yet the vital forces of the body be so reduced by its subtle agency, as materially to impair the health and shorten the duration of life. It is a common error, also, that scrofula is strictly heretitary. It does, indeed, descend from parent to child, but is also engendered in persons born of pure the health and shorten the duration of life. It is a common error, also, that scrofula is strictly heretitary. It does, indeed, descend from parent to child, but is also engendered in persons born of pure the health and shorten the duration of life. In St. Anthony's Fire, Rose or Erusipelas, for Tetter. Salt Rheum, Scald Head. Ring-acom. Sore Ears and Eyes, and other eruptive by visible forms of the diseases caused primarily by the scrofalous infection, the Surangarilla is so efficient as to be indispensable. And in the more concealed forms, as in Dyspensia, Dropsy, Heart Disease, Fils, Epilepsy, Neuradyia, and other adections of the muscular and nervous systems, the Eursaparilla, through its purifying power, removes the cause of the disorder and produces a stonishing cures.

intersommetal, through its purifying pawer, removes the cause of the disorder and produces astonishing cures.

The sarrapprilla root of the tropies does not by it elitachieve these results. It is added by the extracts combined with it, of still greater power. So potent is this union of healing virtues, Sophills or Venereal and Mercurial Diseases are cured by it though a long time is required for sub himz those obstinate modules by any medicine. Loncorrhora or Whites. Uterine Electrical, and Commonly soon relieved and utilizately cured by the invigorating and participal editinately cured by the invigorating and participal editinately cured by the invigorating and participal edition of our Surangarilla. Rivennatism and Gant, often dependent on the accumulation for extracas matters in the blood, have their remedy also in this medicine. For Liver Complaints, torolity, influmnation, aboses, etc., caused by realizing poissons in the blood, we unhesitatingly resonanced the Satisagurilla.

To is medicine restores health and vigor where no specific disease can be distinguished. Its restorative power is soon felt by those who are Languist, Listless, Despondent, Steeptess, and filled with Secrous Apprehensions or Fears, or who are tradiced with any other of those affections synaptonatic of weakness. Many, after taking it for General Debility, have written us of the youthern vicinity is of the word with that prolife life they thought had appared on the advance of age, Others, whose formalises of life were always sterile, acknowledge their obligations to it for an obvious change.

Ayer's Ague Cure,

For Fever and Ague, Ratermittent Fever, Chill Fever, Memittent Fever, Bound Ague, Periodical or Billout Berer, &c., and indeed all the aftertions which arise from malarious, murch, or miasmatic poisons.

As its name implies, it does Cure, and does not fail. Containing neither Arsenic, Quinine, Bismuth, Eia; nor any other mineral or poisonous substance whatever, it in nowise injures any patient. The number and importance of its cures in the agae districts, are literally beyond account, and we believe without a parallel in the history of medicine. Our pride is gradified by the acknowledgments we receive of the radical cures effected in obstinate cases, and where other remedies had wholly failed.

Unacclimated persons, either resident in, or travelling through minematic localities, will be pretected by taking the AGUE CURE daily.

For Liver Complaints, arising from torpidity of the Liver, it is an excellent remedy, stimulating the Liver into healthy activity.

Propared by Dr. J. C. Ayen & Co., Practical and Analytical Chemists, Lowell, Mass., and sold all round the world. As its name implies, it does Cure, and does not
