A purely mutual Company, avoiding all hazardous risks

Capital 1st of January, 1871 \$231,242 25

Cash and Cash Items 77,289 50

In hands of Dominion Government 25,000 00

THIS old, well established, and reliable Company, continues to do the largest Farmers' business of any Company in Canada. For the month of June, 1871, it issued the unprecedentedly large number of 1832 Policies!! a greater number than the total yearly issue of many Companies.

Intending insurers will note:—
1st. That its rates are as low as those of any responsible Company in the Dominion, and lower than those of a great many.

2nd. That parties insuring have the choice of either the Premium note or cash systems, and that on either system the Premium stated in the Policy constitutes the whole liability of the member.

3rd. The large amount of cash on hand enables it to meet all its engagements promptly.

4th. Being purely mutual, all profits accumulate for the benefit of the members, and are not paid away to go into the pockets of stockholders, as is the case in proprietary companies.

Having in the last ten years distributed over \$400,000 in settlement of losses, and ever having been up to the mark in paying honest claims, and meeting all its engagements, the Directors look forward for a continuance of the preference already shown in favor of this Company over all foreign offices and new local ventures.

PHENIX MUTUAL

Life Insurance Company,

HARTFORD, CONN.

JUNE 15TH, 1871.

ASSETS, securely invested \$6,554,476 54
SURPLUS, free of all liabilities 1,761 147 19
Ratio of Assets to Liabilities larger than that of any other Company of equal age, being

140.68 of Assets to every 100 of Liabilities.

DIVIDENDS paid to Policy-holders \$1,255,593 65
INCOME for the year 2,937,939 83

As indicating the uninterrupted and rapid increase of the business of the Company, the following statement is given, comparing the business of 1868 and 1871 respectively.

	No. of Policies Issued.	Income.	Assets.
1868.....	7,167	\$1,445,211.50	\$2,992,849.11
1871.....	9,107	2,937,939.83	6,554,476.54

And in the same period of time the yearly Dividends paid to policy-holders have been increased from

\$85,382.00 to \$585,364.00.

Thus it appears that while there has been so large an increase in Dividends within the past three years, the Company has still been able to nearly three-fold its Assets, as well as to maintain a large and regularly accumulating Surplus over all Liabilities. And it is to be further considered, that within the same time there has been paid in losses by death the sum of

\$1,253,566 00.

These facts afford sufficient evidence that the Company is, in all particulars, ever watchful of the present interests of policy-holders, in order that in the end it may not only be just, but liberal toward them.

That the business of the Company is managed with strictest economy, is indicated by the fact that notwithstanding the large increase in business the expenses have been in inverse proportion, as will be seen by the following table:—

	1870.	1869.	1868.	1867.
Ratio of Expense to Prem. Receipts	17.39	19.27	19.67	22.53
Ratio of Expense to Gross Receipts	15.41	17.20	18.07	20.53

As evidence of the special care taken by the Company in the selection of risks, it is sufficient to state that its ratio of losses paid to amount at risk, is smaller than that of any other Company of equal age, namely, 0.91.

Since the commencement of business, the Company has issued more than

47,000 POLICIES,

and has paid in losses

Nearly Two Million Dollars

To the families of those who have deceased while members of the Company.
