"SALYCILIC CHARCOAL TOOTH SOAP."

(Trade Mark.)  
For Cleaning the Teeth, giving Sweetness to the Breath, and Refreshment to the Mouth. This compound Tooth Soap is one of the results of the new discoveries in Chemistry, and is now presented for the first time to the public. It will not be advertised, but will depend upon its extraordinary merits for its success. The Druggist selling it is authorized to return the purchase money to any not perfectly satisfied. Children using the Soap will secure for themselves sound teeth in old age, and freedom from tooth-ache in their youth. The Salicylic Soap prevents the formation of animalcules on the teeth. The Salicylic Soap does not injure the mucous membranes of the mouth, as is the case with liquid dentrifices. The Salicylic Tooth Soap frees the breath from the odour of tobacco, &c. The Salicylic Soap is most refreshing in fevers. The Salicylic Soap prevents the evil effects of confectionery, &c., on the teeth. This Tooth Soap will be found convenient for travellers, as it is compact and easily used. It removes foul breath from decayed teeth. It is recommended especially for artificial teeth and plates. The Soap is clean and does not stain. For sale at the Druggists.
