

ANNEX

- (1) The competent authorities shall consult to enable them to ensure that a project conforms with the provisions of this Agreement. Each competent authority, in deciding whether to grant or refuse an application, shall apply its own policies and guidelines. When approving a project for a co-production film, each may stipulate conditions of approval framed in order to achieve the general aims and objects of the Agreement. In the event of a disagreement between the competent authorities about the giving of such an approval or the inclusion of such a condition the project concerned shall not be approved under this Agreement.
- (2) The contract or contracts governing the making of the co-production film shall provide that a co-producer may assign or dispose of the benefits referred to in Article 2 of the Agreement only to an individual who is a national or resident of that co-producer's country or to a company or partnership which is resident in that country.
- (3) The competent authorities shall satisfy themselves that conditions of work in the making of co-production films under this Agreement in each of the countries of the participating co-producers are in broad terms comparable. In the event that location shooting of the film takes place in a country other than that of a co-producer, conditions shall be, in broad terms, no less favourable.
