Sir Arthur Currie,

McGill University,  
Montreal.

Dear Sir Arthur,

Replying to your letter of to-day,  
Mr. Hamilton, who is qualified to give an opinion  
on such a farm project as I gather the C.P.R. have  
under consideration, is a junior member of our  
staff and his experience with large farm enterprises  
is limited. He mentioned to me some little  
time ago that he had been asked to visit the  
farm but I was not aware that any  
development plan had been submitted. My  
opinion is that the C.P.R. would be well advised to  
have both organization and operation plans of the  
proposed farm project carefully analyzed and endorsed  
by a small committee, of say his competent people,  
before undertaking it. Yours faithfully  
H. Bartos
