

MOUNT ALLISON
WESLEYAN ACADEMY

Circular.

COURSE OF STUDY, CLASSIFICATION, &c.

This is designed to ensure to the Student thorough preparation for comfortable entrance upon a course, either of special training for Agricultural, Mechanical or Commercial pursuits, or of specific study for professional life; it is therefore systematic and extensive, including all the branches of Science and Literature, which are taught in the best conducted educational establishments on this Continent and in Great Britain.

The aim in arranging the order in which the several subjects for study succeed each other in the course has been, not only to secure, to the greatest possible extent, the symmetrical development of all the intellectual powers of the regular Student, but at the same time also to accommodate the class of worthy young men who, being able to spend but a short time in the Institution, wish to devote it all to particular studies.

The Students will be classified according to their respective scholastic attainments, and arranged in three distinct Departments. Each Department will be subdivided into classes, and have assigned to it its own appropriate portion of the course of study.

I. PRIMARY DEPARTMENT.

This is designed as an initiatory department for such of the more youthful pupils as may be unprepared for the exercises of the second department.

STUDIES.—Reading, Writing, Arithmetic (fundamental rules), and First Lessons in English Grammar, Geography and History.
