BETTER POSTAL SERVICE WANTED AT KEW BEACH

Adequate postoffice equipment and service at Kew Beach will be one of the two questions at the joint meeting next week of the Beaches Business Men's and East End Ratepayers' Association. The branch on King street near Lee avenue is located in a variety of stores and residents complain that the postal work is subordinated to the other business. They also object to the office being closed at 7.30 every evening. The collection of letters by the mail wagon in the district is also under fire. It is claimed that the wagons' times on the dial, sometimes clearing the box fifteen minutes before the hour arranged.

Ottawa via C. P. R. Comfort and convenience are among the important features connected with the evening service to Ottawa via Canadian Pacific Railway. Leaving Union Station at 10:40 p.m. daily, through train to Ottawa carries electric-lighted compartment and standard sleeping cars, first-class coach and smoking car, arriving Ottawa at 7:25 a.m. Electric-lighted standard sleeping car is also operated on 10:00 p.m. train from North Toronto daily. The New Lake Ontario Shore Line is under construction from Toronto to Trenton, Kingston, Smith's Falls and Ottawa. Train leaves Toronto 8:05 a.m., arriving Ottawa 4:50 p.m. daily, except Sunday, and returning Toronto 6:50 p.m. Full particulars and reservations from C.P.R. ticket agents, or write M. G. Murphy, district passenger agent, corner King and Yonge sts., Toronto. 56

GERMAN CASUALTY LIST.

BERLIN, Oct. 21. (Via The Hégue and London, Oct. 21.)—A German casualty list issued today contains the names of about 11,500 killed, wounded and missing.

N. YORK TEACHERS IN CONVENTION

Record Attendance — Interesting Addresses on New Methods.

There was a record attendance at the annual convention of the North York Teachers' Institute, which opened yesterday morning in the county council chambers. After the president, C. W. Mulloy, B.A., had addressed the assembly, William Prud'homme, B.A., Toronto Normal School, gave an interesting address on "Arithmetic," and explained the advanced method of teaching in primary schools. Miss A. V. Needlands submitted a paper on the teaching of agriculture in the public school, treating her subject in a manner that revealed practical knowledge. The paper given by Miss A. Ferguson on "How Agriculture Can Be Taught" suggested some simple methods for teaching this branch of primary education.

An appeal was made by the president for subscriptions on behalf of the Toronto and York Branch of the Patriotic Relief Fund, and as a result the fund will benefit considerably. Being unable to be present at the convention yesterday, Prof. G. M. Wrong, M.A., University of Toronto, will attend today and deliver an address on "Germany and the Present War."

YORK COUNTY AND SUBURBS

DRASTIC MOTION PASSED BY B. I. A.

Would Corral All Germans Whether Naturalized or Otherwise.

At a meeting of the Central Hall B. I. A. last night in Little's Hall Mr. Hayball moved "that all Germans and Austrians in Toronto should be placed in concentration camps, whether naturalized or not, and further, that the B. I. A. does not think it wise to naturalize foreigners during the present crisis; further, that a letter be written to the Foreign Government to this effect." The motion was adopted unanimously.

With reference to the installation of sanitary conveniences in the Earlscourt district a letter was read from C. J. Hastings, M.O.H., stating that he would see that no hardships are created at present by enforcing new regulations.

A sparring rink for the Earlscourt district was discussed. It was suggested that the property owned by Superintendent Bishop at the corner of Earlscourt and St. Clair avenue or a portion of the new Earlscourt park site should be secured. The secretary was instructed to write Parks Commissioner Chambers in this connection.

"It is a shame," the Britishers should be talking about out of employment," said the chairman, "while foreigners are busy in their work."

Mr. Kirkpatrick stated that a foreman had recently stated that he would employ Englishmen if they would stay with the work summer and winter, but they would not do so, therefore he intended to employ any foreigner he liked on road work.

H. Parfry said he could get the city at 25¢ per hour, and suggested that a letter be sent to Ald Robbins congratulating him on the stand he is taking that only ten per cent. of foreign labor be employed on city work. The suggestion was adopted.

UXBRIDGE TOWN FINDS A WAY OUT

If Township Won't Support Radial Can Come in by Brooklin.

At a mass meeting in the Town of Uxbridge last night a resolution was passed urging the municipal councils of Uxbridge Township and Newmarket to re-submit the hydro-radial bylaw and announcing the decision of the meeting that if the bylaw was again defeated in the municipalities that the Town of Uxbridge should apply to the Hydro-Electric Commission for connection with the eastern section of the radial by way of Brooklin. By that route the line to Uxbridge Town would only have to pass through the opposing township, a distance of three miles.

Many representatives from neighboring municipalities were present. Mayor Nichols occupied the chair.

RICHMOND HILL MEN TO ORGANIZE MILITIA

Reeve W. H. Pugsley Confident That Village Will Rise to the Occasion.

A meeting of the residents of Richmond Hill will be held tomorrow evening for the purpose of organizing either a rifle club or a company of the 12th York Rangers. No definite course has been decided on, but many are of the opinion that a company of militia should be formed in the district, and with this end in view Reeve W. H. Pugsley interviewed the militia authorities yesterday to arrange for the attendance of an officer at the meeting to explain the method of organization and give a stimulus to the movement.

Mr. Pugsley stated that very few of the residents of North York are connected with the active militia and that encouragement should be given them to prepare for any emergency in a manner by which they can best carry out their responsibilities to Canada and the empire. Sustain it, he said.

While there was splendid material among the farming community of North York they had not been brought to realize what the present conflict meant to Canada and what it was their duty to do in the motherland in the greatest struggle of her existence, but he had every confidence that they would respond to the call with enthusiasm.

MIMICO OLD COUNTRYMEN PLAN ENTERTAINMENTS

Under the auspices of Mimico Old Countrymen's Association a very successful concert was given in the Church of England School by members and friends of the Parkdale Old Countrymen's Club. P. Mitchell occupied the chair.

A most interesting program of musical and literary evenings has been arranged by the entertainment committee, to take place every Tuesday evening until and including December 20.

The officers of the association are: Hon. president, Rev. Canon Tremayne; president, J. M. Keith; secretary and treasurer, J. F. Gaultney, New Toronto.

On October 27 a debate on Woman's Suffrage will be held, James Ferrie will uphold the affirmative and P. Mitchell the negative.

WOULD REDUCE GRADE OF KINGSTON ROAD

Complaints were read at the executive meeting of the East-end Ratepayers' Association last night that a number of Kenilworth avenue wells had been closed and their owners given five days notice to close them up. The executive will communicate with the water works department this morning, treating her subject in the immediate installation of water connections with the dwellings affected.

The works department will be asked to reduce the grade of Kingston road at Norway hill to the extent of six feet instead of two feet.

The Hydro commission will also be asked to supply a better quality of light for the residences of the Northway district. W. R. Bullock presided. The meeting was held at the residence of A. Rolls.

ERIE TERRACE WIDENING PRACTICALLY ASSURED

Ald. Walton stated yesterday that he has strong hopes of the Erie terrace widening being an accomplished fact within a short time. The street runs parallel between Ashdale and Rhodes avenues from Queen street to the G.T.R. tracks. The delay, he said, was owing to there having been a sort of family quarrel between some of the residents of Ashdale avenue and Erie terrace. The assessment department had used diligence to effect the purchase of lots to effect the widening. Most of the owners had accepted the appraisal of values made by the department. The cases where owners were holding out might have to be dealt with in the usual course of arbitration proceedings, but the appropriation procedure was now in sight.

GEO. SHAVER PRESIDENT OF N. TORONTO LIBERALS

The Liberals of North Toronto turned out in large numbers last night to the annual election of officers and to the address on "Canada and the War" by Mayor Tomlin, M.L.A. of Windsor.

The election of officers resulted as follows: President, George Shaver; first vice-president, E. S. McFarlane; second vice-president, J. M. Keith; third vice-president, C. Murphy; secretary, S. Douglas; treasurer, J. S. Davis; executive, Messrs. Lawrence, Arnold, Curry, Shaver, Brigland, Dr. Bond, Peddie, Armstrong, Parsons, Clarke, Keith, Shaw and Bryce.

LAMBTON MILLS

The death occurred yesterday of Mrs. Elizabeth Barrett, widow of the late George Barrett, at the residence of her daughter, Scarlett road, Lambton Mills. She was 84 years of age, was 78 years of age, and was a heart trouble, but had been in good health recently, and death came with startling suddenness. She is survived by a large family, the members of which are widely scattered over the Dominion. Interment takes place this afternoon in St. George's Cemetery, Shelburne.

DEPUTATION TO CABINET RE PAVING KINGSTON RD.

Will Include Representatives of All Municipalities Interested.

A deputation representative of the municipalities interested in the improvement of the Kingston road between Toronto, Whitby and Canada will wait on Premier Hearst and members of the Ontario Government today at 2.30 to discuss the proposition. Citizens of Toronto or other municipalities who have an interest in the improvement are invited to join the deputation.

EMERY.

The pupils, ex-pupils and ratepayers of Emery Public School will hold a reunion on the school grounds on Saturday, October 24, at 1.30 o'clock, the occasion being the opening of the new school. A cordial invitation is extended to all ex-pupils. Thonias Griffith, president; Charles Smith, secretary.

PHYSICAL PERFECTION ATTRACTS MEN AND WOMEN

You should gain flesh, New Life and Health as thousands have done. Prove the real fleshmaker at my expense and telling. Gain strength, health and happiness has actually given them flesh, strength and good condition after everything else had failed. Take your CERTONE, and if you are not more than pleased, just tell me so and I will return your postage to you. When your knowledge in CERTONE, I that you know, I believe you'll recommend CERTONE.

George A. Sykes, President.

CERTONE COMPANY
70 Lombard St., Dept. 12, Toronto, Ont.

ACCIDENTAL DEATH INQUEST FINDING

Coroner's Jury Reaches Verdict in Case of Myrtle Smith, Killed Near Hamilton.

TEACHERS CONVENE

Hitch Appears Probable in Toronto-Hamilton Highway Project.

By a Staff Reporter.
HAMILTON, Oct. 22.—A verdict of accidental death was returned by Coroner Anderson's jury last evening at the inquest into the circumstances surrounding the death of Myrtle Smith of Ancaster, who was killed when the light wagon in which she was riding with her brother and a companion, was struck by a radial car on the Brantford line near Ancaster two weeks ago.

It was found that the notoriety had taken all the necessary precautions to prevent the accident and the company was exonerated from blame.

The Wentworth Teachers' Association held its annual convention yesterday at Centenary Church. Lectures by Mrs. C. D. Morgan, principal of Hamilton Normal School, W. F. Ackingham, University of Toronto, and Miss J. Elrick of Fergusville. The delegates held their annual meeting in the evening a social entertainment with the conjunction with the teachers of Simcoe County, who are visiting the city.

Association Hall was crowded last evening when a patriotic concert was given in aid of the Hamilton Union Relief Association. A musical and literary program was rendered by Mrs. A. Elmore Richardson, Boris Hambourg, Jan Hambourg and W. H. Hewlett.

Had Knees Fractured.
Henry Way, 417 East Cannon street, sustained a fractured knee yesterday while working at Fearman's park factory. Way was removed to the City Hospital and his injuries attended to.

Samuel Morell, 14 Elgin street, lost control of his bicycle and ran into a tree at the corner of King and Wellington streets yesterday. He sustained several injuries to his head and was removed to the City Hospital.

Await Toronto's Action.
The board of control learned yesterday that Toronto had not yet signed the agreement with the government for the construction of the proposed Toronto-Hamilton road. Toronto is said to be asking for special legislation which, if granted, will be passed by this city also, or else Hamilton will withdraw from the agreement which it has already signed. A letter will be sent to the highway commission asking the foregoing decision of the board.

To Have Two Inspectors.
At a special meeting of the board of control yesterday the appointment of a city building inspector was discussed, and it was decided to employ two men to look after the work previously done by one man. One man will be required to have a technical knowledge, as an architect, and the other will be required to have practical knowledge as a builder, and will be used exclusively as an outside building and scaffold inspector. The present plumbing inspector, D. Wark, and sewer inspector, G. Kerr, will be retained.

Corps of Mechanics.
The Hamilton Automobile Club is preparing to form a corps of mechanics and drivers for active service. The formation of an auto club will be taken up with the members of the club by suitable grounds. Several club members propose purchasing machines, and about 25 men will start training in the near future.
