

TORONTO TO HAVE JITNEY ON MONDAY

New Type of Car Will Operate on Glen Road.

EVERY TEN MINUTES

Route Commences at South Drive and Ends at Summerhill Avenue.

Jitney cars make their first appearance in Toronto on Monday. Some means of transportation other than street cars has been talked about for considerable time, and the introduction of a jitney is the first realization of this plan.

The new means of travel in Toronto takes the form of a semi-motor bus. It has a capacity of five passengers. The fare is five cents, and, by purchasing tickets six may be obtained for a quarter.

The first route upon which the jitneys will operate will comprise a section of Rosedale. Glen road will be traversed at regular intervals. South Drive will be the city end of the trip, and Summerhill, avenue the furthest point.
