PREFACE.

MOST of the letters embraced in this pamphlet, describing the places on the Pacific coast visited by my father, have already appeared in the COMMERCIAL ADVERTISER of this City.

They are re-published in this form, with some additions and changes, in the belief that they will contribute something to the general knowledge of a very interesting portion of our vast domain.

DORA BRIGGS NORTH.

51 PARK PLACE,
BUFFALO, JANUARY, 1889.
