

## THE BOTANICAL GAZETTE

Edited by JOHN M. COLTER, Head Professor of Botany in the University of Chicago. Published monthly, with illustrations. Subscription price, \$4.00 a year in the United States; foreign, \$4.50; single copies, 50 cents.

**The Botanical Gazette** is an illustrated monthly journal devoted to botany in its widest sense. For more than twenty years it has been the representative American journal of botany, containing contributions from the leading botanists of America and Europe. In addition to the formal papers presenting the results of research, current information and discussion are given in the editorials, and in the departments of Current Literature, Open Letters, Notes for Students, and Notes and News.

### Representative Comment

"One of the best journals of its kind now published."

**B. T. Galloway, U. S. Dept. of Agriculture.**

"It is simply indispensable to the botanist, teacher or student."

**W. A. Keilerman, Ohio State University.**

"It is a credit to American botany. In its present form it has increased claims upon the support of botanists."

**George L. Goodale, Harvard University.**

"It well represents the progress of botanical science in the United States."

**Douglas H. Campbell, Leland Stanford University.**

## SILENE 2490

Caryophyllaceae

62

You can obtain genus labels like the above for \$1.00 a thousand. The numbers, taken from the *Genera Siphonogamarum* of Torre & Harms, show the systematic arrangement of the genera in Engler & Prantl's *Natürlichen Pflanzenfamilien*. The number 62 represents the position of the genus in the family Caryophyllaceae, and 2490 the total number of the genus in the sequence. The genera represented in this Catalogue will be printed in *black* ink, foreign genera in *red* ink. Either series may be had separately. Several labels will be furnished for large genera. Send your order to

**A. A. HELLER,**

**547 West Walnut street, Lancaster, Pa.**
