

# Rombeau Reefers

The newest thing in boys' smart coats for little fellows. Some have the storm collars, some have the velvet. Ladies who have seen them say they are the cutest, smartest reefer ever shown for the little men. The Rombeau is a new cloth, in two shades of grey with a close soft nap and made from the highest grade of Southdown Wool. We marked these reefers \$12.00 each, although they really should be \$16.00. We are showing many new ideas for boys this fall, but the Rombeau Reefer is the one we wish to call to your attention just now.

## NEVER AGAIN

Editor of La Presse Did Not Refer to Sir Wilfrid in Particular.

MONTREAL, Oct. 2.—Hon. T. Berthelme, proprietor of La Presse, in a statement to-day denied the report published in several journals that he had in an interview stated that Sir Wilfrid Laurier could never be re-elected as a successful leader.

He claims that he was misinterpreted and states that he was asked what effect he considered the recent election would have on Sir Wilfrid's future, to which he replied that Canada could not expect to see another French-Canadian again at the head of the government.

These words were interpreted, he states, as having particular reference to Sir Wilfrid.

Let Him Down Easy.  
When Magistrate Denison imposed a fine of \$5 and costs with an alternative of 30 days in jail upon George Parker, it was in the hope that he had made a good sleep for George, who had evidently not spent his cash for booze, for he set out to pay.

"I'll make it \$1 and costs," remarked the magistrate. "It's no use taking that man's money."

# Obliged to Quit Business

So Breadful Was the Suffering From Itching Piles.

After Twenty Years of Pile Torments, Relief and Cure Came With

# Dr. Chase's Ointment

You take no risk and you make no experiment when you use Dr. Chase's Ointment for piles. Many doctors still cling to the idea that nothing but an operation will effect a cure. But operations are expensive and dangerous, and often fail in their results. Some have been cured by Dr. Chase's Ointment after operations had failed.

Dr. Chase's Ointment truly has a wonderful record as a cure for piles and all itching skin diseases. Here is a case which was reported recently:  
Mr. John P. Marshall, 14 Barnard-st., St. John's, Nfld., writes: "I suffered terribly with itching piles; at times so bad that I was obliged to lay up, unable to attend to business. I tried many treatments without benefit, until I accidentally read of Dr. Chase's Ointment, and found at last a cure by using this ointment. I only used one box and part of a second one when I was completely cured, and have had no return of the piles. That was eighteen months ago, and, needless to say, I attribute this cure to Dr. Chase's Invaluable Ointment."

Many sufferers from piles have tried so many scores of treatments that they cannot believe that cure is possible. In order to convince the skeptical we are always willing to send a sample box free to anyone who encloses a two-cent stamp to pay postage.

# HAMILTON HAPPENINGS

## WILL INQUIRE INTO CAB-DRIVER'S DEATH

While Thos. Graham is Thought to Have Committed Suicide, Mystery Still Clings.

HAMILTON, Oct. 2.—(Special.)—What at first appeared to be another mysterious murder, but which investigation proved to be a clear case of suicide, was the drowning in Hamilton Bay last night of Thos. Graham, a cab driver, 21 years of age, who lived in his widowed mother at 63 Napier-street.

The young man's death was not discovered until this morning, when the finding of his coat and hat on the pavement led to dragging operations by the police, which soon resulted in bringing the lifeless body to the surface. Found on Graham's coat and a large lump on the back of his head suggested foul play, but after tracing the man's movements last night, the police and Coroner Dickson reached the conclusion that the wound on the head was the result of Graham's own actions and that he had deliberately committed suicide.

After consulting Crown Attorney Washington this afternoon, Coroner Dickson decided that an official inquiry should be held into the circumstances of Graham's death, and an inquest was accordingly opened to-night in the city morgue. The jury viewed the body there, and adjourned until Friday night of this week, when the inquest will be resumed.

Nothing sensational is expected as the result of the inquest, but the crown officers think it would be better to have certain circumstances in connection with the man's movements last night satisfactorily explained.

New Site for Jail.  
The total inadequacy of Hamilton's jail accommodation was again brought to the attention of the police and jail committee at its meeting to-night by Governor Ogilvie. The governor was assured that the board of control, who have the matter in hand, is doing everything possible to find a new jail site.

Mortgages or municipal bonds as a medium for the investment of \$5000 of the firemen's benefit fund was debated by the committee without definite results, and the question was sent up to the board of control for consideration, with the recommendation that the body invest the fund as it sees fit.

Progress had been made towards the defining of the powers of Fire Chief TenEyck, and this matter was again laid over.

Kinrade House Sold.  
It was reported to-day that the Kinrade home at 105 Herkimer-st., which will be remembered as the scene of the celebrated Ethel Kinrade murder, had been sold for \$5000. For some time after the murder the house stood vacant, but for nearly two years the place has been rented at \$15 a month. It is still the name of a Mr. Elliott is given as the present purchaser.

## STRIKE ON HARRIMAN ROAD

Men Quiet and Orderly, Only One Disturbance Yesterday.

CHICAGO, Ill., Oct. 2.—Statements issued to-night by railroad officials and union leaders who are directing the strike of shop employees on the Harriman railroad, including the Illinois Central, will show a wide variance in estimates of the number of men involved.

According to Julius Kruttschnitt, vice-president of the Southern Pacific, 4000 men left their work on the Harriman railroad in Chicago, but the international president of the boilermakers, declared that 20,000 or more are out.

There is a closer agreement between the estimates of the number of Illinois Central strikers. W. L. Park, general manager, estimated that 68 per cent. struck. Union officials claim that the total is close to 90 per cent.

There was but one report of significant violence during the day, when police were called to quell a disturbance at the Burnside shops here early this morning. Reports from other points indicate that the strikers are quiet and orderly.
