WANTED: A COMPETENT MAN The Way to Muskoka

## WOULD A CAREFUL EMPLOYER HIRE YOU FOR AN EXECUTIVE POSITION?

Business Systems Commercial School will not turn out any half educated graduates; each student will have to be capable, when he leaves the school, of stepping right in and taking hold—if he is not capable, he will not be allowed to graduate.

And until they have graduated, no students will be recommended for positions by Business Systems, Limited, or by the directors of the college.

That sounds pretty stiff, doesn't it?

But bear this in mind; capable men get the highest salaries, and with the training that Business Systems Commercial School gives you, you need have no fear about being able to hold down a job on any set of books

You will be more than a bookkeeper—you will be a specialist in modern commercial methods when you have graduated from Business Systems Com-

You will have thoroughly mastered commercial arithmetic, commercial spelling, commercial law and modern banking, taught you by expert teachers who have had actual, practical, business experience.

You will not be in the rut; but will be in touch with all the latest innovations as installed by modern business houses.

If you really want to equip yourself to hold down a first-class position, write us for booklet on the courses taught in Business Systems Commercial School. Fall term begins Tuesday, Sept. 3rd.
