Marshall, Spader & Co. to J. G. Beaty Marshall, Spader & Co. to J. G. Beaty at the close of the market:

Wheat—Has been under pretty strong pressure all day. Longs were uneasy at the outset and sold so much that it has been a drug on the market. After an early break of two cents from last night's close there was a rally of nearly a cent. due to considerable showing of bullish influence. This rally, however, brought out a lot more long wheat and another severe decline followed, Sentiment was mixed. In view of our rather sharp decline some reaction would not prove surprising, but unless something sensational

develops in the way of bull news, no sustained advance is probable in our opinion.

C. W. Gillett to P. J. Morgan:

Wheat—Opened steady, but the selling pressure was enormous from the start, several million bushels coming from the leading buil house and causing general ilquidation by holders. Liverpool closed %d to %d lower, Berlin 2%d lower and Antwerp unchanged. Cable bids were on a working basis, however, and a large business was done at the seaboard. The weather in Manitoba was very cold and rainy, messages from there saying they expected a hard frost if the weather cleared.

Buffalo.

Wheat and 18,000 bushels of other grain were marketed, and from the first to ninth 2,554,000 bushels of other grain had been market-bushels of other grain had bee

rainy, messages from there saying they expected a hard frost if the weather cleared.

Such prices yielded with the futures, but the local market was weaker than outside markets. Winnipeg was up 1c early and closed steady. The country sold a large amount of wheat to-day and the market is generally sold cut and oversold suggesting that a liberal recovery will be in order the last of the week, but only on approach to the dollar level short salea will be in order.

Corn—Ruled strady, hotwithstanding the weakness in wheat and had it not been for the sympathetic effect of the latter would have sold higher. The cold wave in the northwest is expected to move down to the states where temperatures are already distressingly low. Cash corn is in good demand at fair premiums over the deferred futures and the market suggests higher prices in the near future.

Outs—Ruled strong, and the buying of the clear of the last of the sympathetic effect of the latter would have sold higher. Excelsior Roller Rink Holds First Canadian Gen. Electric Rain somewhat marred the first contest held Tuesday night by the Excelsior Roller Rink, but notwithstanding the heavy downpour a large crowd was on hand to see the contest.

Twenty-eight couples entered the competition, and, after a hard tussle, Miss Annie Ransworth and Mr. Douglas Telfer won the first prize, with Miss Ada Hutchison and Mr. Kane close seconds.

Twenty-eight couples entered the competition, and, after a hard tussle, Miss Annie Ransworth and Mr. Douglas Telfer won the first prize, with Miss Ada Hutchison and Mr. Kane close seconds.

Close decisions were given right from the start, and Miss Patterson and Mr. Burgoyne were good thirds.

Messrs. Ruff, Davey and Hughes acted as judges and remarked that this was the keenest contest ever held in any rink in Toronto.

Next Tuesday night they hold another contest for ladies skating in couples, when renewed interest will be manifested.

Clark Drops Action. BRANTFORD, Sept. 11.—In the police court A. J. Pattison, Jr., of Toronto, formerly manager of the Grand Valley Radial Company, of which his father had a controlling interest, appeared to answer the charge of is-suing an improper statement of the company's standing, preferred by J. S. Clark of Galt, one of the stockholders. The charge was withdrawn, the plaintiff admitting that there was

ground for action. Rest and Recuperation. To provide a restful environment without sanatorium restrictions, to en-able tired humanity to recuperate naturally, to secure to the average man or woman the needed change from worry and care, and to do these at moderate cost, is the mission of "The Welland," the home of "The St. Cath-arines Well." Apply the manager, St. Catharines, or any Agent of Grand Trunk Railway

REDDICK EXTENSION GOLD MINING SYN-DIGATE, OF LARDER LAKE.

600 SHARES, \$25.00 EACH. CAPITAL \$15,000.

This claim, known as H. F. 32, is conceded to be one of the best in the Larder Lake district and adjoins on the west side the principal claim of the Lucky Boys, and is one claim distant from the famous Reddick and Chesterville claims. It adjoins the K. Farah (Big Pete) on the north and is equal to any claim in the Larder Lake district.

The vein on this property is 12 'ceet wide on the surface, the sides not having yet been found. Thousands of tons of ore are in sight, and a general assay taken from the entire width of the vein ran \$81.60 in gold to the ton. Enough pay ore is in sight to keep the largest stamp mill running for y
