Clark, ran a small store at Caledon

I'm going back down to grandpa's,
I won't come back no more
To hear the remarks about my feet
A-muddyin' up the floor.
They's too much said about my clothes,
The scoldin's never done—
I'm going back down to grandpa's,
Where a boy kin hev some run.

I dug up half his garden'
A-gettin' worms for bait;
He said he used to like it
When I laid abed so late;
He said that pie was good for boys,
An' sweeties made 'em grow.

Ef I can't go to grandpa's
I'll turn pirate first you know.

He let me take his shotgun
An' loaded it for me,
The cats they hid out in the barn,
The hens flew up a tree.
I had a circus in the yard
With twenty other boys—
I'm goin' back to grandpa's
Where they ain't afraid of noise.

He didn't make me comb my hair
But once or twice a week;
He wasn't lookin' out for words
I didn't orter speak;
He told me stories 'bout the war
And Injuns shot out West.
Oh, I'm goin' down to grandpa's,
Fer he knows what boys like best.

He even run a race with me,
But had to stop an' cough;
He rode my bleyele, and laughed
Becos' he tumbled off;
He knew the early apple trees
Around within a mile,
Oh, grandpa was a dandy,
An' was "in it" all the while.

I bet you grandpa's lonesome,
I don't care what you say;
I seen him kinder cryin'
When you took me away.
When you talk to me of heaven,
Where all the good folks go,
I guess I'il go to grandpa's,
An' we'll have good times, I know.

Clark, ran a small store at Caledon East, in Peel County. The store burned down and the public were given to believe that most of the goods were destroyed. However, detectives working in the interests of the creditors discovered quantities of the goods placed away in Toronto and other places. On a charge of conspiracy to defraud, Bradley was in November last sentenced to one year in jail, and Clark to five years at Kingston. Bradley has been suffering from chronic diarrhoea, and the jail doctor gave the opinion that unless released he could not recover. This is given as the reason for the pardon.

Hamilton, Aug. 27. - (Special.)-The Trades and Labor Council to-night derided to ask the city ministers to preach a labor sermon on the Sunday preceding Labor Day. A donation of \$20 was hade to the striking miners in Pennsylvania, and a committee was appointed to wait upon the cigar dealers and acquaint them of the trouble between cigar makers in the employ of Milligan & Company, Toronto. The secretary was instructed to ask the American Federation of Labor to send a representative to the Trades Congress here on Sept. 13.

A Telegram From Heaven.

Richmond, Va., Aug. 27.—Joseph Fife, a negro youth convicted of attempted criminal assault on Mrs. Marks, a widow, and who subsequently confessed to two other like crimes, was hanged in the yard of the city jall to-day.

He ascended the gallows penitent and with the stolid indifference about leaving this world which he had maintained from the time of his sentence. His last words to Deputy Ralston were: "I will send you a telegram from Heaven on March 14."

It deals with a number of industries, in which Mr. Sheppard thinks a trade might be open-ed up between Canada and Mexico. He says that a co-operative exhibit of Canadian goods would do much to reach the Mexican market. The exhibit would require to be permanent and kept up-to-date. The articles would then be con-tinually under the buyers' eyes. An ef-fort lasting for two or three years would

Up in this country the miners have a peculiar way of administering justice. The manner is plain, blunt and pointed, and from it there is no appeal or delay. A month or two ago, on the Dyea trail, there was considerable stealing and petty pilfering. The thief was cunning and adroitly cast suspicion on an innocent man by concealing some of the goods in the latter's tent. A meeting was called at Camp Lake Lindeman and the suspected man, notwithstanding his protest of innocence, was placed on trial before a miner's court. The strongest advocate for dealing out swift punishment was the man who was afterward proved to have been the guilty one, along with two other worthieses characters. The accused was adjudged guilty and sent back to Juneau. The stealing continued and by an accident, emphasizing one old proverb, "Murder will out," the guilty man was detected.

In the architecture of the city and in the lives of the citizens that is conductive to deliberation. Toronto grows but it does not rush; it prospers but it does not boom. It is a new place, as the age of cities is counted in Europe, but it has become as much "a home of ordered peace" as Frankfort-on-the-Main, to which, more than to any other ancient city, it bears points of resemblance. But never has Toronto entertained more distinguished guests than those who left it yesterday after participating in the annual assembly of the British Association for the Advancement of Science.

Not far from 1500 members of the association were present at the meeting.
