Hot Weather Beauty

The fresh bloom and beauty which is so attractive in women—the beauty of perfect health—falls an easy victim to the enervating heat of summer. The roses fade and a sickly pallor takes its place: nervous headaches leave dark shadows beneath the eyes: the eyes themselves leave their sporkle and lustre: rashes and

selves lose their sparkle and lustre: rashes and

With them you can defy the heat, escape rashes

and blotches, retain your appetite, preserve the roses in your cheeks, or make them bloom where they never bloomed before.

blotches destroy the fine texture of the skin and almost without warning beauty has fled. tions of the effect of hot weather upon the digestive system. With perfect digestion beauty can defy the heat. "Nerves" lassitude, loss of appetite and the hundred and one troubles that make hot weather almost unbearable are unknown to the person with a sound digestion.

Before beauty has fied: before "nerves" headaches, indigestion, constipation and biliousness overtake you, buy a little box of
