The attraction here was a lacrosse match played between Chatham and Thamesville intermediates, under the auspices of the Thamesville fire company. The match was keenly contested, the home team winning by 3 goals AT KINGSTON.

Six hundred United States soldiers, naval reserves and college cadets joined the Kingston military in honoring the Queen's birthday. The visitors had a brilliant time. They owned the city. The visitors came from Syracuse, Auburn, Elmira, Oswego, Rochester and Watertown, N. Y., and represented the Third New York Battalion, under command of Major A. M. Hall, of Oswego.

Escorted by Canadian officers and "A" Battery Band, and cheered as they went by, the United States troops were taken to the city hall and there Mayor Ryan presented the battalion with a silk Union Jack. Major Hall received it, reciprocated the feelings prompted the gift, and gave the flag a place of honor in the ranks. Twenty thousand people witnessed the review.

AT BROCKVILLE. The principal feature was a mili-tary tournament, in which the Fortieth Separate Company of Ogdensburg, N.

took an active part. AT MONTREAL.

Over 4,000 men of all ranks were under bollinaris

arms, and the governor-general made a minute inspection. Lord Minto, who was in full dress uniform, was accompanied by a brilliant staff.

When Women Get Too THE QUEEN THANKS CANADIAN

SCHOOL CHILDREN. The children of Halifax sent the following cable to her majesty: "To our Queen, London, England.-The school children of Halifax, celebrating Em-pire Day in common with all Canadian schools, send loyal greetings to their beloved sovereign." The following re-ply was received: "Government, Windsor, May 23.—Queen thanks you and all Canadian school children."

ON THE OTHER SIDE. Gov. Roosevelt, of New York, sent a congratulatory telegram to Thomas T. Wright and the citizens of Port Tampa, Florida, on their action in celebrating the 80th birthday of Queen Vic-

toria. British flags were much in evidence in Buffalo. The visit of the Hamilton, Ont., army veterans, and the desire to honor Queen Victoria, brought out a display of bunting in the down-town district that was almost equal to that of the Fourth of July. The Union Jack was to be seen everywhere.

At Minneapolis the Presbyterian Assembly sent a congratulatory telegram to Queen Victoria on her 80th birthday. Rev. John Ingham, of New York, said: We are dwelling in a day which has marked a notable increase in friendship between this country and Great Britain, and I would remind you that this is the 80th anniversary of Queen Victoria's birth. I therefore move that the assembly send to her majesty a communication congratulating her on her successful reign." The motion carried unanimously, and the following message on her successful reign." ing message was sent: Majesty.—The general assembly of the Presbyterian Church in America tenders congratulations on the 80th anniversary of your birthday, and rejoices in the divine guidance which has blessed your long and prosperous

At New York 70 persons sat down to the fourth annual dinner of the British Schools and Universities Club, given at the Brevoort House, in honor of Queen Victoria's birthday. The banquet room was draped with the British and American colors. Rear-Admiral Sampson was the guest of honor. At the head of the table was an immense British Union Jack and the Stars and Stripes, and between these a portrait of Victoria in her cor-W. D. Midgely, Detroit, third.

The British vessels in the harbor were de orated in honor of the Queen's birthday. More than 100 members and invited

guests attended the third annual dinner of the Canadian Society of New York, which was given last night in he banquet room of the Hotel Man-

At Port Tampa, Fla., the 80th birthday of Queen Victoria was celebrated. Two hundred marines from the Intrepid and Pearl, the two British cruisers, were sent to take part in the celebration. They were escorted up the long dock by the Tampa division of the Florida naval reserves, the Englishmen playing the American airs, and the Americans responding with the British anthem. The most dramatic incident of the day was the unveiling of a large portrait of Queen Victoria. At noon in the capital at Albany, N. Y., Gov. Roosevelt touched an electric button, the covering fell from the face, and two maidens, one English and one American, standing at either side of the portrait, clasped each other's hands. The people cheered wildly, and off in the harbor was heard the heavy guns of the warships firing the Queen's salute.

IN THE OLD LAND.

Torrents of rain ushered in Queen Victoria's 80th birthday. At Windsor, where a general holiday was observed, the town was decorated with flags, and the church bells were rang at seven o'clock in the morning. The weather cleared at about eleven o'clock, and a serenade by the Windsor and Eton amateur choral society was given in the grand quadrangle of Windsor Castle. The sun then shone brilliantly. The serenade was listened to by the Queen and the members of the royal family, including the children of the Duke and Duchess of Saxe-Coburg and Gotha, the Duke and Duchess of Prince and Princess Connaught, Christian and Princess Henry of Bat-

brations in London were postponed until June 3, all public buildings, many business houses and a great many private residences were decorated. In fact more flags were flying than at any time since the Queen's jubilee.

Birthday celebrations occurred throughout the nation, the ships in the different ports were "dressed" for the occasion and the warships were cov-

ered with bunting.

A telegram from Simla, the summer capital of British India, says that impressive Queen's Birthday services there were attended by the Viceroy of Kedleston. of India, Lord Curzon of Kedleston, and the Indian and military officials. BLOCKED BY ICE

The Northeast Coast of Newfoundland Closed to Navigation.

St. Johns, Nfld., May 25 .- The whole northeast coast of this island has been blocked with ice for the last six weeks, the result being that navigation along the coast has been practically impossible. The people in many sections are now destitute of pro-visions, owing to the inability to replace their supplies, and the commercial operations of nearly 80,000 people have been virtually suspended.

Fishery outfitting for Labrador and the off-shore fishing grounds will be quite out of the question until the ice blockade is raised. The mail steamer Virginia Lake, which attempted to proceed north, failed to force her way through the floes and was compelled to return to this port. Fishing vessels from St. John's bound for Labrador, have to skirt around the south coast of the island and to work out the Straits of Belle Isle.

WORK.

Winnipeg, May 25 .- All the striking Winnipeg artisans are back at work on the old scale of wages, and will continue so until the arbitration committee report on the matter.

HAMILTON MOLDERS GO OUT. Hamilton, May 25.-About 50 molders in the employ of Messrs. Burrow, Stewart & Milne, of Hamilton, went out on strike because the foreman engaged a non-union molder.

THE G. T. R. TRACKMEN. Montreal, Que., May 24.-News from Portland to Sarnia to date, 5 p.m.: "We are holding out till company settle with our committee." No notice is being taken of the threat of dismissal or the paying off. If they pay it gives us some pocket money. Our cast-iron instruction not to interfere with track or trains is being perfectly observed. Our striking trackmen are showing their sterling character by sobriety and non-inter-ference with traffic. Statements from Portland that eight scabs were taken on at South Paris are untrue. Public sympathy at all points is too intense for any scabs to show up. Union meetings of engineers, conductors, firemen and brakemen are being held, and resolutions forwarded General Superintendent McGuigan, telling him to settle or they will have to take action for their own safety. We are willing to resume work the moment the company does us justice, and are willing to lay our case before any three disinterested parties who know what work is worth. A DINNER FILL—Many persons suffer excruciating agony after partaking of a hearty dinner. The food partaken of is like a ball of lead upon the stomach, and instead of being a healing nutriment, it becomes a poison to the system. Dr. Parmelee's Vegetable Pills are wonderful correctives of such troubles. They correct acidity, open the secretions and convey the food partaken of into healthy nutriment. They are just the medicine to take if troubled with indigestion.

GROWING GIRLS

Should Take Milburn's Heart and Nerve Pills.

They Enrich the Blood, Strengthen the Heart, Tone Up the Nerves and Build Up the Health.

The young girls we see on the street every day-how many of them have pale, pinched, care-worn faces, dark circles

under the eyes? How many complain of headaches, backaches, sideaches and weak, tired-out feelings?

There is not one of these but with ordinary care and the use of Milburn's Heart and Nerve Pills could soon be free from every pain, have cheeks like roses, eyes bright, step elastic and life joyous. These pills supply the very elements needed to build up and strengthen the nerves, enrich the blood and invigorate the heart. Every mother who has a daughter weak and nervous should read the following statement made by Mrs. A. M. Strongman, 564 Colborne Street, London: "On account of close application to

study my daughter Annie became much run down in health and strength. "I got a box of Milburn's Heart and Nerve Pills for her, and the results have been remarkable. Strength has been imparted to her physical and nervous system by their use, and I am highly pleased to recommend them.

'From the great benefit derived by my daughter from Milburn's Heart and Nerve Pills. I cannot do less than highly recommend them to those suffering from similar complaints."

Some people carry horse chestnuts in their pockets to frighten away rheumatism; others take Sarsaparillas or Salts; when the blood is thin and weak and the nerves exhausted. One treatment is about as scientific as the other. The chestnut probably has the advantage, for it can do no harm. The purgatives do harm by weakening the body at a time when it most needs strengthening.

Most so-called spring medicines are purgatives-nothing more nor less. They make the bowels active, but do not purify of enrich the blood. A spring remedy to do good must be a restorative; it must tone and invigorate the whole system.
