\$4.95 - THE REDUCED PRICE - \$4.95

Here's a Man's Muskrat Lined Coat at \$79.00

Under Ordinary Circumstances the Price Would, of Course, Be Many Dollars Higher

But the skins were purchased quite some time ago, when prices were far less than they are now, and in addition the coats have been marked particularly low. The linings are of thickly furred and beautifully blended muskrat skins and the shells are of a fine wool and cotton beaver cloth with deep shawl collar of heavy otter. Sizes 38, 40 and 42. Price, \$79.00.

Men's and Boys' Winter Caps, \$1.50

They are in eight-piece crown style, with or without warm inside earbands. There are caps of wool and cotton, cotton and wool and cotton materials, in shades of light and dark grey and fancy tweeds, with many of warm brown whiney cloth. Sizes 6 1/2 to 7 1/2. Each, \$1.50.

Children's Toques Are to Be Cleared at 39c

Boys' and children's toques, made from wool, plain wool and cotton and brushed wool and cotton, in a variety of colors, including white, cardinal, green, blue, buff, and nearly all school colors. Clearance price, each, 39c.

STORE OPENS AT 8.30 A.M., CLOSSES AT 5 P.M.
Closing on Saturdays at 1 p.m.

On Men's Goodyear Welted Boots

In Two Styles

For this item we cannot take phone or mail orders, the quantity being limited, and not more than two pairs to a customer.

One the Comfortable, Broad-Toed Blucher Style, with cushion insole, sturdy soles and uppers. Suitable for the man who requires boots that will stand the wear and tear of heavy service.

The other the Smart Recede Style, with well-finished uppers of dark mahogany leather, and good weight soles. Suitable for everyday or best wear.

The Blucher Boots may be obtained in black dongola kid, dark brown or gunmetal leathers.

It's the first January Sale Boot Offering, and it should certainly prove a noteworthy one, for every boot included is of reliable manufacture, good-wearing leather and sensibly styled.

In it you will find boots for the young man, business man or working man.

Sizes 5 1/2 to 10. Sale price, \$4.95.

And in order to accommodate those unable to come early in the morning, 150 pairs of the Dongola Bluchers with cushion insoles will be reserved and placed on sale at 12.15 noon. Remember the price,

\$4.95

—Second Floor, Queen St.

Youths' and Young Men's Winter Overcoats Are Priced at \$7.50

It's a gathering of odd coats that remained after a recent special selling. At double the price any coat in the collection would ordinarily be considered a sound investment, because they are warm, well tailored and of dependable materials.

Such as thick cotton and wool tweeds, in dark grey shades, pepper and salt patterns and fancy mixtures, as well as browns. Big, cosy, double-breasted ulsters, smart single and double-breasted, high-waisted, form-fitting models, waistline seam. And all-round belts are in the lot. Most of them have the convertible lapels, that may be worn open or close up to neck, and all are lined throughout. Sizes 34 to 37. Each,

\$7.50.

\$16.50 is the Unusual Price at Which Men's EATON Made Suits Are Offered

They're of firmly woven cotton and wool tweeds, in medium and dark greys and browns, showing faint checks, stripes and mixtures. The coats are three-button plain sac or form-fitting style, vests are cut fairly high and have five buttons, trousers have five pockets and belt loops. Body linings are of fine Italian cloth. Sizes 34 to 44. Price, \$16.50.

THE T. EATON CO. LIMITED

LABOR NEWS

CO-OPERATIVISM APPEALS TO ALL

John Hopkins, a well-known exponent in Toronto of the co-operative movement, stated yesterday afternoon to the World that the movement was progressing splendidly in Toronto and that the mass meeting of January 20, which is to be held at S. O. E. Hall, will report the best possible conditions. "This movement," said Mr. Hopkins, "appeals to all intelligent men in every movement. It is patent that only thru an intelligent grasp of the ideas of co-operativism will labor advance its cause. Co-operativism will place labor in the forefront of progress in Canada."

James Miller, business manager for the Union of Freight Handlers, who strongly supported the sentiments expressed by Mr. Hopkins, stated that the Brotherhood of Railwaymen in America had already pledged themselves to the extent of \$9,000,000 towards the progress of the movement, and bespoke for Canada a strong advance of favorable sentiment for it. Mr. Bowring, business manager for the Iron and Steel Structural Workers Union, is another well-known laborite who favors the movement in Canada.

MANY ON STRIKE AT RUBBER WORKS

Rubber workers yesterday to the number of nearly a thousand, employees of the Gutta Percha Company, went out on strike. They held a well-attended meeting at Parkdale assembly hall, and may hold another this morning. As the Canadian Federation of Labor is headquarters of the union of rubber workers functioning among the employees, The World called the secretary up for information as to the cause. It was learned that the strike was called absolutely without the knowledge or sanction of the federation, and had already been put into effect before the officials of the federation were aware of the fact. Increase in wages is said to be the demand of the strikers.

Mr. Street, general superintendent of the factory at O'Hara avenue, thru an assistant denied that a strike was on, and stated none had either been considered or called. R. H. Greene, secretary for the firm, stated that the strikers (at four o'clock) had not returned to work. At half past four the strikers held the large meeting at Assembly Hall, Lansdowne avenue. It is understood that the meeting elected its strike committee.

CANADIAN FEDERATION MAKES GOOD PROGRESS

Tom Watt, general organizer for the Canadian Federation of Labor, stated to the World yesterday afternoon that the movement in Montreal, was on behalf of the Canadian Federation of Labor in that city. Mr. Watt stated that one union, which had previously decided to join forces with the federation, had a banking account in Montreal of \$30,000. Several other

unions, said Mr. Watt, were also contemplating affiliation with the Canadian Federation. A large conference was held in that city of delegates from national unions from such towns as St. Hyacinthe, Sherbrooke, Quebec and Montreal, the delegates pledging themselves to use every influence on behalf of the Canadian Federation.

MACHINISTS CONDEMN PAPER.

Machinists, at the meeting of their district council in Toronto held on Wednesday night, unanimously endorsed the resolution passed by the Toronto Building Trades League recently condemning the alleged policy of the Labor Leader toward labor. The two federated bodies of organized workers who have taken this stand against the Labor Leader and its directorate, comprise 10,000 workers.

HINES' SCHEDULE FOR CANADA.

P. J. Flannigan, general organizer in Canada for the International Union of Freight Handlers and Stationmen, organization with a total membership of more than 400,000, stated to the World yesterday afternoon that the steps were now being taken thru the usual diplomatic and efficient channels to have the Hines schedule for increases recently signed in the United States put into effect in Canada. Mr. Flannigan is one of the labor chiefs representing fully the ideals of the international movement in Canada.

NO MORE OVERTIME.

Overtime in the carpenters' trade in Ontario is to be prohibited except in the case of emergencies and with the consent of the two parties concerned. This at least is the substance of an agreement proposed for ratification by employers by the provincial executive of the United Brotherhood of Carpenters in Ontario.

STUDIED CO-OPERATION.

Local 2183, United Brotherhood of Carpenters, Southampton, has opened up club rooms for the direct benefit of its members, and one day a week

To Grow Hair On Bald Heads

Specialist Gives Simple Recipe That Works Fine.

Thousands of people suffer from baldness and falling hair, who, having tried nearly every advertised hair tonic and hair-grower without results, have resigned themselves to baldness and its attendant discomfort. Yet their case is not hopeless; the following simple home prescription has made hair grow after years of baldness, and is also unequalled for restoring gray hair to its original color, stopping hair from falling out, and destroying the dandruff germ. It will not make the hair greasy, and can be put up by any druggist: Bay Rum, 2 ounces; Lavender Compound, 2 ounces; Menthol, 1/2 ounce; Castor Oil, 1/2 ounce. It is perfumed with 1 drachm of your favorite perfume. This preparation is highly recommended by physicians and specialists and is absolutely harmless, as it contains none of the poisonous wood alcohol so frequently found in hair tonics. Ladies using this prescription should be careful not to get it on the face or where hair is not desired.

is being devoted to the sale of food-stuffs and commodities at wholesale prices to members. Reports show that this system has decreased the cost of living to members appreciably, the prices being 20 per cent below those of stores in the vicinity.

110TH IRISH REGIMENT

Altho considerable doubt exists concerning the plans of the militia department for the reconstruction of the militia, the 110th Irish Regiment are making good headway with their campaign of reorganization. Whilst other city regiments remain apparently inactive, the 110th are keeping up their weekly parades in the face of adverse conditions. The usual parade was held last night at the St. Lawrence Arsenal, under command of Lieut.-Col. Boyd Magee, when the men received instruction in rifle exercises, after which refreshments were served in the concert hall.

FIRM INSURES EMPLOYEES

The general manager of the Brantford Cordage Company, C. L. Messer, has voluntarily effected group life insurance on all the employees of his firm that have been six months or longer with them. This is the first firm in Brantford to effect this class of insurance. Employees who have been with the company for one year will have their insurance increased to \$100 per year, as a recognition of continued services. This being retroactive, favors employees that have been giving good services to the company in past years.

"POLLYANNA" AT THE REGENT.

Every admirer of Mary Pickford—and they number among the thousands in Toronto—is anxiously awaiting the opening of "Pollyanna" at the Regent Theatre on Monday. It is stated that in this picture Miss Pickford has contributed her most sincere effort to the screen and every effort has been put forth by her to make "Pollyanna" a bigger and better picture than anything she has ever done before. Neither expense nor time was spared in the attempt to make this production 100 per cent perfect. When it was found impossible to locate a house that would answer for the home of "Aunt Polly," Miss Pickford ordered one built. The set was completed at a cost of \$10,000 and consisted of a front, side and back with a half roof. This is said to be the largest single set ever built for a motion picture. The wonderful story of gladness that "Pollyanna" portrays will have a great effect upon all who see it and the spirit of optimism and good cheer will prevail everywhere. It is doubtful if there has been a picture that has such a cheery and beneficial effect as "Pollyanna." Special music will be rendered by the famous Regent Orchestra, under the direction of John Arthur.

SIR HENRY PELLATT, I. O. D. E.

Nominations were in order at the meeting of the Sir Henry Pellatt Chapter, I. O. D. E., held at the Sherbourne House yesterday. Mrs. W. A. Kavanagh presiding. The officers of last year were returned by acclamation. It was decided that plans for the war memorial fund should not be decided upon for the present.

JUDGMENT AGAINST ONTARIO POWER CO.

Dominion Must Meet Part of Toronto-Niagara Eight Hundred Thousand Dollar Ward.

A judgment was given out at Ottawa yesterday by which the Ontario Power Company, which is really the Ontario Hydro Commission, were ordered to pay the Toronto-Niagara Power Company for the latter to the former on the order of the power controller. On the face of it the judgment looks like a victory for the Toronto-Niagara power people. It was stated yesterday that the commissioner offered to pay the company \$100,000 in full settlement of their claim. This was refused, the company claiming that they were put to enormous expense by reason of having to operate the old T.E.L. steam plant during the war.

P. W. Ellis is chairman of the Toronto Hydro-Electric Commission and in an interview yesterday said: "Eight hundred thousand dollars is a large amount. The company claimed \$1,200,000 and we offered \$100,000. Without the evidence before me, I would not form an opinion on the merits of the judgment but there is a wide margin between \$100,000 and \$800,000." It was good news to Mr. Ellis, favors employees that have been giving good services to the company in past years.

What Women in Their "Forties" Need

BY A SPECIALIST

Many women approach the critical changing period of their lives that comes between the ages of forty and fifty, unmindful of its tremendous importance to their future health and happiness. Not understanding the functional changes taking place in their bodies, they work beyond their strength, often break down, become nervous wrecks, their bodies suffering with fatigue and their weaker nerves trembling at every step. Often in their weakened condition capillary hemorrhage becomes excessive, Peptine, a drain compelling them to take to their beds from nervous exhaustion.

It will instantly relieve the pressure on the overworked nerve centres and give them the vitality to stand up under the grueling strain. Wonderfully effective results are often given in such conditions as indigestion, constipation, a sickly, skilful combination of six of the best nerve vitalizing elements known to modern chemistry. These little tablets contain no dangerous habit-forming drugs and are entirely harmless in their action. Thousands of women can testify that Ferro-Peptide strengthens the jaded nerves, revives the tired brain and puts them in a position to stand up under the unusual strain of the changing period. Ferro-Peptide has to do these things or it costs nothing, as G. Tamblin and other leading druggists sell it on a positive guarantee of relief or money back.

WOMEN LIBERALS HEAR DR. MARTY

First Woman School Inspector Gives Illuminating Address on Education.

Toronto's first woman school inspector, Dr. L. M. Marty, gave an address before the Women's Liberal Club yesterday afternoon, in which she sketched education from beginning in Ontario in 1805 thru various phases of class methods to the present, leading up to the conclusion that for democracy the thing needed is the "socialized school," an experiment which is under consideration by the board of education.

Dr. Marty claimed that every child had the right to "equal," which did not necessarily mean "similar" education, everyone to be allowed his natural bent in the choice of his life. In the rural parts "consolidated schools" are the beginnings of the socialized school, the hope being to build an equip so that the entire course of scholastic training, together with facilities for manual or other line, that might help to give the pupil a practical place in life may be centralized, the entire course from the kindergarten to the university to be in the one building with recreation of which part would be "movies" to have place in the make-up.

Other features of the meeting were an interesting sketch of the members of the U.F.O. government by Mrs. John McVicar; reports of 200 Christmas stockings, together with baskets and other assistance given by the club and reported by Mrs. Adam Ballantyne; discussion which resulted in an endorsement of teachers' salaries. A petition brought forward by Mrs. A. A. Macdonald to ask the government to prohibit any relaxation of the laws of divorce, was placed with the social service committee to be considered.

Still another matter that was put back for consideration was a resolution brought forward by Mrs. W. J. Stevens, accusing the Union government of a departure from responsible government. Mrs. Buddy, president of the society, was in the chair.

Ex-Imperial Soldiers Slow In Applying for Gratuites

Ottawa, Ont., Jan. 22.—(By Canadian Press.)—It is stated by the militia department that application for war service gratuity by ex-members of the British Empire forces who come within the provision of the order-in-council passed on December 1, 1919, following the report of the special committee of the House of Commons, is coming in very slowly. Only 5,098 applications have been received, whereas it is estimated that there must be approximately forty thousand men entitled to the gratuity.

POSTAL VETS TO MEET

Members of the Army and Navy Postal Association will hold a special meeting at S.O.E. Hall on Sunday afternoon to discuss a number of grievances relative to gratuities and other matters specially affecting the returned men in government employ.

HARBOR COMMISSIONERS RECEIVE DEPUTATIONS

The harbor commissioners held one of their regular routine meetings yesterday at the board's headquarters on the waterfront. All the board were present with Hon. Lionel H. Clarke in the chair. A fairly long agenda paper had been prepared for consideration but was not reached, as the whole issue of the disposal of the commissions was taken up in receiving deputations. Amongst these was one from the board of control, who came to seek information on fire protection on the whole waterfront. Other deputations were from boating clubs asking for various privileges. After the last deputation had been received the board adjourned until today when the agenda paper, which contains little of public interest will be taken up.

A NOTABLE RECORD

Comrade John Allen, 70 Stephenson avenue, of the 75th Battalion, who served in the D.C.L.I. from 1881 to 1888, and won the Khedive's Star, Egypt Medal with Nile bar, Abouki Medal (only one other in Canada), and who also fought in South Africa, died yesterday from pneumonia.

Riverdale G.W.V.A. and members of the 75th and 35th Battalions will attend his funeral at St. Monica's Church at 2 p.m. Saturday to Norway Cemetery.

Comrade Allen leaves two sons and six daughters to mourn him.

WIFE-BEATER GIVEN JAIL AND TEN LASHES

Richard McGill appeared in the police court yesterday on a charge of wife-beating. His wife, in the witness box with a broken nose, told how McGill had beaten her because she had turned on the furnace draughts to heat up their home. McGill pleaded guilty to the charge and was sentenced by Magistrate Demison to six months in the jail farm with 20 lashes, ten after ten days, and ten after 30 days. Fletcher Kerr, counsel for McGill, pleaded for a reduction, and the lashes were reduced to ten, to be administered after 30 days.

PREMIER DRURY IN HALTON

There is no certain news from Halton, but rumors of opposition to Premier Drury are rife. In the general elections the Halton returns in the three-cornered fight were:

	Cleaver, Ford, Nixon, Lab. U.F.O.	Con.
Milton	376	108
Trafalgar	292	1889
