# Men Are Alive Today

To the Opportunity of Securing a Blue Suit Reasonably

They know that a man with a conservative taste, and yet desiring to appear well dressed, rarely makes a mistake in buying navy blue worsted. It is a cloth that hangs well, gives a certain distinction and has real wearing qualities.

Moreover, most men who do not care to subscribe to "freak" styles, but who do want a reliable well-cut, authentic suit, are quite particular about the quality. The Simpson navy blue worsted we describe here is the very suit they have in mind. Design, quality and price-satisfaction in all features. They are tailored in our own factory.

Fine-finished navy blue worsted, in single-breasted, 3-button, soft roll, semi-fitted sacque model, with regular pockets and centre vent. Medium height veststrousers finished with 5 pockets, belt loops, cuff or plain bottoms. Sizes 36 to 42 ..... 42.00

# New Taffeta Frocks for the Miss

Presage the Mode of the Dawning Season and Win Their Way By Means of the Many Allurements Youth and Happiness Demand

A quaintly-Quakerish frock in navy taffeta has a broad shawl collar shirred to a fulness in the back and crossed to form a demure surplice front. Further simplicity and charm is gained from short sleeves and a narrow girdle inset with French blue velvet ribbon.

Or another smart navy taffeta, broad loose panniers heavily corded where they are fastened to the skirt to give the distended hip, are also richly embroidered in black and gold. The basque bodice is corded about neckline and short sleeves. Price ...... 95.00

### Simplicity Characterizing All

is seen at its best in another navy taffeta model. The long, straight waist falls below the waistline, an appliqued skirt is rippled on and cleverly-puffed out at the hips, and the whole is trimmed with tiny pipings of gold brocade. Price ..... 85.00

Little "Jacob's Ladder" pleatings effectively border the irregular tunic surplice bodice and very short, sleeves of a navy taffeta, whose only other adornment is a wee bouquet of field flowers at the waistline.

### The Essence of Springtime

is a frock that combines French blue taffets with one of the new crepes de chine in the same blue all-over printed in rose-colored flowerets. The taffets slants out in panels on back and front bodice, is broadly-banded about the weighted side panniers, cuffs the short sleeves and ends its career in a wonderful sash
