# FACES REPUBLICANS: OUTLOOK IS CLOUDY

Rumor Abroad That President Wilson Will Attend San Francisco Convention.

### HEARTENS DEMOCRATS

Washington, June 16 .- (Special) .-The rumor is current that President Wilson may attend the National Dempresident and his former secretary of state, Hon. William J. Bryan. Mr. Bryan is counting on his personality as a great factor at the convention, but if the president put in an appearnce he would undoubtedly occupy the entre of the stage and crowd even

Beyond doubt the Democrats are more sanguine of success than they were before the Republicans held their convention. They will make an earnest attempt to hold together and glide as best they can over three embarrassing planks that will be presented for incorporation into the party platform.

out flat-footed endorsement of the peace treaty and the league of naplank will be insisted upon by President Wilson, and those who oppose it will have to face an enemy in the White House until the end of Mr. Wilbe unyielding in his demand.

Awkward issue.

Then Governor Edwards of New Jersey and a considerable number of delegates will want a wet plank in the party platform. Generally speaking, the Democrats have posed as the party of personal liberty, and the demand for some expression of views on the eighteenth amendment will be called eighteenth amendment will be called for vehemently. Mr. Bryan and Mr. Wilson will probably unite in keeping this plank out of the platform, but they and their followers will face a more awkward demand when a plank is requested on the Irish question. The Republicans had no difficulty in side-stepping a plank of this kind, because the Irish vote has been against the Republicans since the knownothing days of '56. But the Irish vote is the backbone of the Democratic party.

Meanwhile third parties are spring-ing up, the committee of forty-eight of the so-called National party has called a national convention at Chi-cago for July 10. They hope to co-alesce with the Labor party, whose national convention assembles in the national convention assembles in the same city on July 11. The third party thus formed would not only appeal to over the Farmers' Non-partisan League by nominating Senator La Folllette for president.

### HIGHER BRANTFORD FARES MEETING NO OBJECTIONS

Brantford, June 16.—(Special.)—The introduction of five-cent fares on the street railway has met with practically no objection, according to the street railway officials. It was stated from a revenue increase standpoint, it was too early to say whether the increase to five cents straight fares would prove successful or not It was thought, however, that fivecent fares would help the commis-sioners a whole lot when the returns for the year were considered.

Resignation of W. F. O'Connor from Board of Commerce Darkens Shadow Over That Organization.

Ottawa, Ont., June 16.—The resignation of W. F. O'Connor from the board of commerce only increased the shadow that encircled that unfortunate organization. Grave rumors are current and more than one resignation was of a hastened kind. The sugar situation is one of the sources of the eventful career of that court. Sugar in some form threatens to make a great scandal for the Canadian public. Immense fortunes have been made and correspondence not yet divulged threatens to sooner or later shock the Canadian public.

Is Feature of Commons Debate-Budget Resolutions Pass-Bill Introduced. Luxury Tax Changes and Sales Tax Becoming Effective Today-Two Divisions on Militia Estimates - May Sell Long Branch Ranges.

Ottawa, June 16.—(Special).—The political situation as far as the Unionist party is concerned is clearing somewhat. The government hope to see parliament complete its work by Saturday, June 26, and have prorogation the week following. But they will have to drop some of their measures. They have finished the budget, and must get the rest of the estimates passed. They have also to carry their last important bill, and it was introduced today, to give the government power to regulate the export of the products of Canada. They have especially in mind control of the export of paper so as to secure a supply for the Canadian press. But the powers of the bill are wide, and could include the export of almost any product of Canada. There will be opposition to the bill. But if necessary the government can force it thrust and be able to let parliament go home before the end of the month.

Judgment Given by Commerce Board Against Manhattan Shoe Company.

## URGE PROSECUTION

Ottawa, June 16.—(By Canadian, Press).—In a judgment signed by Commissioners W. F. O'Connor and James Murdock, the board of commerce finds Messrs. S. N. and K. N. Saba, trading as the Manhattan Shoe Company, of Toronto, "guilty of an offence against section 17 (2) of the combines and fair prices act, in that they sold to Robert Lachapelle a pair of shoes for \$22.00, being a price highof shoes for \$22.00, being a price higher than was reasonable and just; and the board directs K. This case involves the purchase of a pair of shoes from the Manhattan Shoe Company on May 8, 1920, for \$22.

"The board," says the judgment, "has reason to believe that a practice exists in certain quarters of allowing clerks a percentage of the excess over the proper and ordinary price for shoes, which they may be able to induce customers to pay. The board here and now generally forbids that practice. If any persons are found permitting it, the board will deal with them."

# WILL NOT TIE UP WORK

Men Will Be Imported to Take Places of Strikers Who Quit Yesterday-Sir Adam Beck's Statement Shows Workers Are Well Paid.

Niagara Falls, Ont., June 16.—The men on the Hydro canal job went on strike at 9 this morning following the notice given by the Hydro that the job was going on a ten-hour basis with straight time. A mass meeting of the federation held today, voted in favor of a strike. The strike committee has offered to supply electricians pump runners and air compressors for the preservation of life and property. Mr. Acres, engineer in charge, when interviewed, said: "It is up to the men. The work is there if the men want it. There is no intention of closing down. Work will continue and men will be imported."

Announced yesterday that if the commission could not get men at the wages they were prepared to pay the wages they were at the Chippawa Falls development scheme would have to be abandoned for the time being. At present there were only some 300 men at work and this was not nearly enough to carry on with.

The chairman made it clear that the commission had all along acted fairly with the men and the increases they were prepared to pay the wages they were will not get men at the chippawa the work at the Chi continue and men will be imported."
