

SYNOPSIS.

PROCEEDINGS OF THE EXECUTIVE COMMITTEE.

QUEEN'S COLLEGE,
10th AUGUST, 1855. }

The Executive Committee met this day, pursuant to adjournment.

The land belonging to the College in Toronto was reported to have been sold to Mr. Rice Lewis, for one thousand three hundred and thirty-two pounds; the amount payable one-tenth down and the balance in ten years, with interest payable half-yearly.

A letter was read from the City Clerk, in which the Council offered to grade Arch street, on condition that the College would grant the land requisite to make the same sixty feet wide, on the Council's paying at the rate of six hundred and forty pounds per acre for as much as the same would exceed one quarter of an acre. In reply to this the Secretary was authorised to state that the Trustees would accept their proposition, on the additional condition that the Council should erect a substantial fence between the said street and the property of the College.

An extract from the minutes of Synod was read, reporting the re-election by that body of the retiring clerical Trustees.

The Secretary was directed to inform Jarvis Albertson, the occupant of a College lot in Portland, that the Board were willing to sell the lot to him at fifteen shillings.
