A WISE MOTHER'S STORY

Mothers and Daughters Read Carefully and Profit by It

"I am convinced," writes Mrs. A. B Hopeford from St. John, "that a major-ity of young girls who die of consump-tion do so because their mothers neglected their health at the critical time when carefulness insures vigor and soun... health. If a girl's health is neglected from her eleventh to sixteenth year her body will be weak and she becomes a ready victim of typhoid, anaemia, and in many cases consumption itself. In her ready victim of typhoid, anaemia, and in many cases consumption itself. In her sixteenth year my youngest daughter showed signs of failing strength. Some dyspeptic troubles developed, her heart became weak and palpitation frightened her dreadfully. She was irregular in the important bodily functions and rapid loss in a weight and a ruddy complexion pointed to a rapid decline.

"She disliked making her troubles known to our doctor, a feeling I felt is should respect, and so by good fortune I was led to use Ferrozone with most gratifying results. My neighbor next door, Mrs. Woods, had found Ferrozone so good in nervous...ess that she persuaded me that it would restore Flossie's health, and from the time the second box was commenced her improvement was constant. She is now a hig, strong girl, ruddy and pluuap, a'le to study hard and to take her share or household duties. I am an earnest advocate of Ferrozone. We all use it now as a tonic as it is certainly a woman's best friend."

All dealers sell Ferrozone, 50 cents per box or six boxes for \$2.69; procure a supply today.
