COMPLETE COPY OF VANWART PETITION

Contains 1,222 Names—A List That All Should Read
Carefully—Solid Business Interests of the City Not Represented on It—Many Names That Are Not in Directory.

The Times publishes herewith a complete copy of the Vanwart petition in favor of the return to the ward system. It contains 1,222 names, and not 820 as stated several days ago, by some of those supporting the petition. Many of the names do not appear in the city directory. All those who are interested in this question should read this list of names from beginning to end for the purpose of deciding for himself how much real public sentiment against commission is represented by these petitioners, as compared with the whole list of taxpayers in St. John, and particularly as compared with the solid business interests of the city.

Dr. Chase's Gift to the Soldier Boys

A Large Box of Dr. Chase's Ointment is Presented to Every Soldier Before He Leaves for the Front.

You will see by the attached clipping that ointment is one of the prime necessities of the military man in camp. Note the amount used each week. The heavy clothing chafes and irritates the skin. Forced marches and heavy footwear make the feet sore. Exposure to dampness brings on piles or hemorrhoids. It therefore happens that nothing is so greatly in demand as an ointment such as Dr. Chase's.

This was proven in the Spanish-American and Boer wars, when we made a similar distribution to the boys going from Buffalo and Toronto. The volume of grateful reports then received convinced us that no soldier's knapsack is complete without a box of Dr. Chase's Ointment.

To the soldiers in training at the Toronto Exhibition grounds we delivered over 4,000 full-size boxes of Dr. Chase's Ointment. Contributions have also been sent to branches of the Red Cross Society in all parts of the country. If you are a soldier and do not receive your box kindly advise us, so we can send it to you. Edman, Bates & Co., Limited, Toronto. Be sure to mention this paper.

FIVE TONS OF OINTMENT

Weekly supply for 145,000 British Soldiers Upon Their Feet.

London, Feb. 26.—An "agewit" at the British general army headquarters in France gave a tribute in an article given out yesterday by the Official Press Bureau to the work of the army supply departments. He calls the Ordnance Department a "military universal provider." He says in part:—

"The vastness of the work of maintaining a modern army may be gauged by the fact that during the past month the supplies furnished included 450 miles of telephone wire, 130,000 sand bags and 10,000 pounds of shoe blacking, while in the days the Ordnance Department supplied 120,000 fur waistcoats and 300,000 flannel belts. The entire weight of five tons of ointment for the army is a small part of the work of the Ordnance Department. Most of these still are obtained from England, but none are being manufactured by the Ordnance Department in its own workshops in France."
