PREMIER CALLS FOR AN UNITED EFFORT FOR N. B.

Hon. Mr. Baxter Says Deplorable if Province Does Not Feed Self

URGES INVESTING OF MONEY AT HOME

Think New Brunswick is Advice at Pythians' Function

Not since his advent into the premiership of this province has Dr. Baxter made such an earnest plea in public for a united effort in behalf of New Brunswick, as he did in response to the provincial toast ably proposed by Mr. Justice Grimmer at the banquet given in honor of Charles I. Gorman. After paying his respects to the Premier, the Premier launched into a vigorous discussion of the province and its problems.

"We must not think," he said, "of New Brunswick in terms of square miles or numbers of inhabitants, for it is just as big as you choose to make it. It would seem as if we had brains enough for export, will you not, I pray you, keep them at home? Here we have our champion skater, he has stayed at home and made good on his own home ice; may he at least be an inspirational picture."

SOIL AS AN ASSET

"The Anglo-Saxon is a roving spirit but over and over again the instinct tells us and our people come back. I speak to you as the city dweller and would discuss briefly but very plainly a matter that is not exactly in line with the purpose of our meeting here tonight. Do you realize that the biggest thing, the most important thing to us New Brunswickers at this critical period is our soil, our agriculture? When you walk through the City Market and see the country people there with their produce, does it occur to you how important a part they are playing in the lives of every one of us?"

NOT FEEDING OURSELVES

"This province is not feeding itself. It is bringing food in from the outside. Such a state is deplorable and if ever a movement is started to improve these conditions—by what political party it makes no difference—adjure you to get behind it, not only think about it but act upon it. Start your demands for New Brunswick things right now, do not accept the footstuffs of outside places if our own home produces the same. In this way we will stimulate and enliven our basic industry. Don't hesitate to give a word of approval on home goods.

"If you have money to invest first become enthusiastic over immigration and population movements, grow dead in earnest over our produce and its possibilities, the same as Charlie Gorman did when he concentrated years of training and hard effort to reach the point he now occupies as world champion. The way to make a province great is the way they make champions, by careful, intelligent, preparation and perseverance."

MUST PAY BILLS

"This province has put \$7,000,000 into good roads all of them leading into the country. These roads are being kept up to that, besides being a facility for the dweller, they will afford an opportunity for the world of tourists to come in and examine our land and ourselves as enterprising people. I am not here to criticize expenditures but I must tell you that we as a province have got to pay our bills and keep in good order the things we have established. I can see now it is going to be a very important part of my legislative duty to tell you good people what we will require of you and I would like to accept it all in good patriotic spirit."

NOT EASY TIMES.

"Men, these are not easy times. A transformation like that which this country passed through with the decline of wooden shipbuilding is again taking place. Right here near Saint John, where river frontage was dotted with sawmills, all now is quiet. The mills have been moved to the stump, and the sawn lumber industry in these parts is practically dead. But we still have millions of forest wealth, and it is the duty of the people of New Brunswick to realize this fact and see that it is converted into the highest form of production, not only into pulp but into paper—a great industry."

A NEW N. B.

"With the re-energizing of the province, communities will spring up there will be demand for clothing, food and other necessities of life. Therefore, let us get ready to do for ourselves what we have been letting outsiders do for us all these years past. We have got to have faith, we must realize New Brunswick, think in terms of New Brunswick not only as a part of the British Empire but as a marvelous field for successful exploitation. Let us attack the problems together and work for a better, a more respected New Brunswick. Then we will gain the confidence of all Canada and the world, and the question of Maritime Rights will be easily solved."

"Find Yourself" Campaign Closed

The "Find Yourself" campaign for vocational guidance for the boys of the Y. M. C. A. was completed last evening when the 28 boys met for personal interviews with 12 adults. Supper was served at 6.30 and the boys and interviewers sat down together. A. M. Peters spoke of integrity, and W. R. Pearce on thrift. Afterwards each boy had a 40 minute interview with an adult. The interviewers last night were: J. E. Angeline, W. A. Nicholas, A. M. Peters, Dr. G. B. Peat, Rev. John Unsworth, W. R. Pearce, H. Dev. Partridge, Harold Vincent, D. Gordon Willet, W. O. Bell, general secretary of the Yarmouth Y. M. C. A.; G. E. Barbour and L. A. Buckley.

Mr. Buckley will leave today for Halifax, continuing a maritime tour.

Local News

LEFT OUTSIDE.

A magazine board holding five magazines was found outside a shop in Charlotte street last night by Detective Herb Kilpatrick. It is at police headquarters.

GOES TO HOME.

Gertrude Noyles appeared in the Police Court yesterday afternoon on a charge of vagrancy, having no visible means of support. She was sentenced to three months in the Municipal Home.

CURLING MATCHES.

In the president's trophy series in the Thistle Curling Club, Skips R. E. Crawford and W. J. Currie will be opponents tonight. The Thistles and Carleton will play a six rink match tomorrow night, using both rinks.

FEBRUARY BUTTERFLY.

Bessie Robichaud of 179 Prince Edward street, was quite elated today over finding a large yellow butterfly on a potted plant in her mother's room. Miss Robichaud reporting her find, said that the butterfly is as lively as can be, and is very pretty with his big yellow wings and black markings.

FINED \$200.

Frank Ready appeared in Police Court this morning as agent of the Edward Hotel to answer to a charge laid by the liquor inspectors of having intoxicating liquor in his beer shop on Feb. 21. He pleaded guilty and was fined \$200 or three months in jail. The fine was paid. J. Starr Tait appeared for the prosecution.

CARDS ENJOYED.

The Little River Community Club held a very successful card-party last night, with some 10 tables of forty-fives. After cards refreshments were served by the ladies in charge. The prize winners were: Ladies, first, Miss Mabel Northrup; second, Miss Gladys Burns; consolation, Mrs. John Davidson. Gentlemen, first, John Davidson; second, George Riley; consolation, H. Bennett.

FREDERICTON S. A.

Field-Major and Mrs. Hiseock, of the Salvation Army at Fredericton, will pay a special visit to this city on Saturday, and will stay until March 2. They will conduct special meetings in the Salvation Army Citadel, Bridge street, and a welcome meeting will be held for them on Saturday night. Field-Major and Mrs. Hiseock were stationed here some time ago, and they will prove a pleasant opportunity for friends to renew their acquaintance.

HONORED ON BIRTHDAY.

When Cecil Brownell, son of Mr. and Mrs. Charles Brownell, Harding street, Fairville, entered his home last evening he was surprised to find 30 of his friends assembled to honor him on his 17th birthday. He was made recipient of a violin case and other gifts, which were presented by George Sprout, on behalf of those present. A birthday cake illuminated with 17 candles, was presented by little Miss Dora Sprout, and games, music, dancing and a radio concert were enjoyed. Delicious refreshments were served by the hostess, assisted by Mrs. George Sprout and Miss Rita Sprout.

NORTH END C. W. L.

Very satisfactory reports were presented by officers and conveners at a meeting of the Saint John North end C. W. L. held last night in St. Peter's parish room with Mrs. J. W. Harrington, president, in the chair. Preparations were made for the annual meeting to be held in the first week in April. The nominating committee appointed consisted of Miss Genevieve Dever, Mrs. Alfred Dever, Mrs. J. P. Quinn, Mrs. J. James and Miss Ena Higgins. Rev. James A. Cloran, C. S. R., is to address the league on Sunday evening in his series on character building.

FAIRVILLE CIRCLE.

The sewing circle of the Fairville United church met at the home of Mrs. S. Cougle, Main street, Fairville, yesterday afternoon and last evening. The afternoon was spent in quilting and the evening in making patch work. In a social half hour the hostess was assisted in serving refreshments by Mrs. J. J. Cheeseman, Mrs. David Linton, Mrs. George Morison, Mrs. D. Linton, Mrs. A. W. Worrell, Mrs. O. D. Nelson, Mrs. J. J. Kirkinton, Mrs. Arthur Long, Mrs. George Clark, Mrs. J. Stogit, Mrs. Cheeseman, Mrs. James Williamson, Mrs. D. Campbell, Mrs. George Whitaker, Mrs. Harold Hanson and Miss Betty Campbell.

As Hiram Sees It

"Look-a-her!" said Mr. Hiram Hornbeam to The Times-Star reporter. "What did this country send all them fellers up to O'taway fer?"

"Indeterminate sentence," said the reporter, "but it looks now like six months—don't you think?"

"With hard labor?" queried Hiram.

"Unfortunately, no," said the reporter. "They may choose what they shall do."

"An' they all choose to talk," said Hiram.

"An' when Makinzie King gets in the House they'll hev to begin all over agin—to tell 'im what they think of 'im."

"That'll keep 'em going till that feller Dunnin' gets there—an' then they'll keep on talkin' 'im or tell 'im time somethin' else 'll happen—an' they'll keep on talkin' 'im all summer—nothin' else doin'." "An' we a pack of fools?" They couldn't do wuss in Patagonia—By Hen!"

C. P. R. WORK IN THIS DISTRICT ABOUT \$450,000

Estimates Announced for Expenditures on New Brunswick Division of Line

MONEY FOR TRACKS IS LARGEST ITEM

Some Additional Sidings—Repairs to Bridges, Etc., Means \$154,200

The C. P. R. estimates for this year include the expenditure of approximately \$450,000 on repairs and general work in the New Brunswick district according to announcement by J. M. Woodman, general superintendent in the New Brunswick district. He said that there would not be any extensive alterations nor any extensions, except on sidings, this year. No track building would be carried out during the summer except where special need developed.

REGULAR TRACK WORK.

The largest item on the list was for regular track work which called for an expenditure of \$288,800 while the work on the extension of the sidings would take up \$28,000. The largest part of the siding expenditure it was said, will be for additional sidings at Fredericton Junction and along the line towards McAdam on account of the new agreement with the C. N. R. for the exchange of empty cars with U. S. railways. This was an agreement made by the C. N. R. instead of building the Kingscler branch.

Repairs to bridges, culverts, buildings, water tanks, fences and also the painting of them was another large item in the estimates, the allotment being \$154,200. New machinery and mechanical equipment for the shops at McAdam were placed at \$7,850. Repairs to C. P. R. wharf at St. John's were placed at \$8,000. This latter work was being done to the company's wharf where large deliveries of fish were landed by the fishermen in the vicinity for forwarding via the C. P. R.

OFFICE BOY HURT BY FREIGHT ELEVATOR

Douglas MacLennan Injured in Telegraph-Journal and Times-Star Building

Douglas MacLennan, son of Mr. and Mrs. William D. MacLennan of 188 Winslow street, West Saint John, office boy in The Telegraph-Journal and Times-Star building, was injured yesterday morning on the freight elevator in the building. He was on the fourth floor and came alone by the elevator. There were two empty boxes on the car floor and in some way one of the boxes fell over the edge. It caught on a beam in the descent and the boy evidently lurched forward and was caught between the other box and the cross beams of the car. He was soon released and after Dr. C. H. Pratt had examined him was sent to the General Public Hospital. The report from the hospital was that the boy was broken but an x-ray picture will be taken. A. E. Stephenson of E. S. Stephenson & Co., machinists and engineers, examined the elevator after the boy had been freed and found that it was in perfect working order.

Cadet Boys Pass Signalling Tests

The members of the cadet corps of the Beauséjour school, West Saint John, of which Guy Cheyne is the principal, have just completed a course of instruction in signalling. They were examined yesterday afternoon by Lieut-Col. Powers, who was very successful will each receive a certificate and a \$5 award. Two of the boys Lemuel Prime and Frank Treacian made 100 per cent in the examination. The following were the boys who passed the required tests: Allan Appleby, Ellis Burke, Leonard Cox, Clarence Colwell, Melvin Colwell, Colin Campbell, Laurence Calvin, Maurice Keirstead, Wilmet Lane, Weldon MacFarlane, Lemuel Prime, Nathan Rourke, Edwin Sweeney, Herman Stonehouse and Frank Treacian.

"RED CAP" KILLED.

No. 40 C. P. R. train out of Montreal, which arrived in the city at 6 a.m. yesterday, killed one of the red cap porters of Windsor street station as it was leaving that building. The young man was hastening with some mail to catch the moving train, and after delivering it slipped backward and fell under the wheels. Death was immediate. Ice and snow on the Saint John depot platforms is making it dangerous to attempt boarding or leaving a moving train, such as is often attempted.

13 HOURS TO CROSS STRAIT.

It took the P. E. I. car ferryboat and passenger steamer from 9 a. m. yesterday to 10 o'clock last night to wedge her way through the ice-jam of Northumberland Strait, a distance of eight miles. It is reported that the Strait is filled with floes. As soon as the boat reached the island side it started the return journey, in order to resume schedules, which it was expected would be O. K. today. Previously there had been no traffic from the mainland for several days.

LORNEVILLE INSTITUTE.

The Women's Institute of Lorneville met yesterday afternoon and evening at the home of the president, Mrs. Bertha Ferguson. The hostess served tea, and was assisted by Miss Jessie Ferguson. The next meeting will be held at the home of Mrs. Peter Jackson, Lorneville.

Is Her Health Worth Saving

You don't fall ill and die every time you take a chance. But sooner or later you get caught off your guard. Sometimes it is just a cold caught by running back and forth from a steaming wash tub to the cold outdoor air. Sometimes it just weakens your resistance and you just "get down in health." Other times the effects become quite serious.

And all the while perfect protection is available in the New System Damp Wash—which comes cheaper and cleaner and lifts the load.
