### Opportunities for Profitable Investment

The ideal way to save money is to invest it where it will be safe and yield a liberal income. If for a period of years the net earnings of a company issuing bonds are sufficient to pay the interest charge several times over, your returns are thoroughly secured. It therefore involves no departure from the principles of conservatism to make your money earn from 5 to 6 per cent—simply means you place your money in a profitable business where it will earn legitimate business profits.

Write us today, in any general way what you want to invest in, and we will at once mail you a special list of high grade securities, and will be pleased to give you full information concerning any issue on which your interest centers.

### FROM POOR MAN TO STANDARD OIL DIRECTOR

Drake Began By Starting a Little Oil Station and Selling to Country.

New York, Feb. 28.—Thirty-six years ago a young railroad changed occupations and was put in charge of a small oil district in a town in Iowa. This week the young man stepped into the highest councils of the Standard Oil Company.

The man is L. J. Drake. He has just been elected a director of the Standard Oil Company of New York following his election several weeks ago as a director of the powerful parent company, the Standard Oil Company of New Jersey, vice H. M. Tilford, deceased.

Mr. Drake established his little Iowa station and sold oil to the countryside. The shrewd founders of the company saw that he was efficient and they told him to establish more stations and run them. He was made a district superintendent, then state superintendent and finally they gave him several states.

His next step was western manager and in 1892 he was told by come to New York. Since that time he has been moving "upstairs." Now he is on the top floor, wealthy and powerful.

The full list of the directors of the Standard Oil Company of New York is: William Rockefeller, John D. Archibald, C. M. Pratt, J. A. Moffatt, W. Jennings, A. C. Bedford, H. C. Folger, Jr., W. C. Teague and L. J. Drake.

## TUBERCULOSIS IN THE SCHOOLS OF TORONTO

### Twelve New Cases This Month—What the Nurses Find

(Toronto News)

Miss L. L. Rogers, superintendent of schools, stated today that twelve new cases of tuberculosis had been discovered amongst the children by the school nurses so far this month. Miss Rogers said that the children suffering from the disease were given over to the care of the Health Club, an organization composed of graduate nurses of the Sick Children's Hospital. Here the children are well looked after and whenever possible are given a bed and room to themselves. In the summer the children are taken over to the Lakeside Hospital, where they occupy the villa which was erected there for the benefit of them last year.

Miss Rogers said that three cases of contagious diseases had been located by the nurses which had escaped the attention of the parents.

Another interesting fact pointed out by Miss Rogers was that many cases of skin and trouble, which could only be remedied by performing an operation, had been discovered by the school nurses amongst the poorer children, whose parents are unable to afford the money necessary for proper medical attention.

In many cases the parents are anxious to have their children attended to if they could be relieved of the expense. The nurses have sent so many children to the hospital for treatment that they are overcrowded, and have announced that they will be unable to accommodate any more children until April.

### OPPOSE PRESENTATION

New York Presbyterian Ministers and the Silver Service from Mormon State

New York, Feb. 28.—(Canadian Press)—The Presbyterian Association of New York and vicinity adopted resolutions yesterday protesting "as citizens and patriots" against the proposed presentation of a silver service to be placed on the United States Battleship Utah, as the gift of the State of Utah.

"This service" continues the resolutions, "bearing the portrait of Brigham Young and a picture of the Mormon temple at Salt Lake City, will discredit the state making the gift and be a disgrace to the nation if it is accepted."

### GOITCH PONDS OVER ZYBSKO CHALLENGE (Canadian Press)

New York, Feb. 28.—The World's champion wrestler, Frank Gotch, today has under consideration a challenge of Zybsko, the Pole, for a championship mat battle carrying with it a purse of \$25,000. Gotch's decision is expected soon.

Gotch came out second best last night in the three-cornered match at Surer's Harlem River casino. The champion Ikey Fritz Moll in seven minutes and 36 seconds, and Yankee Rogers in sixteen minutes and 28 seconds, but he met a tartar in Demetrius, the Demon Greck. Gotch failed to put the Greck's shoulder upon the mat in the allotted time of twenty minutes, although Demetrius' tactics found no sympathy with the crowd.

The Pole challenged Gotch after the matches.
