## Goodyears Priced 25% to 30% Lower because they are made in Canada

Goodyear Tires dominate the market in the United States. More Goodyears are used than any other kind. They outsell cheaper tires. They outsell tires fictitiously priced higher. They dominate because they are better value.

Goodyear Tires head the list in Canada in the same way and for the same reason. And Goodyear Tires sell in Canada at Made-in-Canada prices. The same tires, if imported would cost you more. Note the big saving against the cost of Goodyear Tires if you imported them.

Size	If You Imported	Made-in-Canada Price	% Saving	\$ Saving
30x3 1/2 Clin. A.W.T.	\$27.52	\$20.00	27.3	\$7.52
31x4 " " "	38.52	28.00	27.3	10.52
32x4 S.S. Cord. A.W.T.	72.81	52.75	27.5	20.06
34x4 1/2 " " "	86.33	63.00	27.0	23.33
35x5 " " "	107.63	78.00	27.5	29.63

Remember that at these low Made-in-Canada prices you buy the identical tires which dominate the greatest tire market in the world. See one of the 4,000 Goodyear Canadian dealers about your tires.
