## Necessary Witness

TO BE PROCEEDED

(From Tuesday's Daily.) When the case of Charles H. Gibbons, charged with attempting to mur-der J. K. Mecredy, was called in the court this morning, Supt. Hussey, of the provincial police, applied for a remand urtil to-morrow morning. His reason for the application, he said, was that the principal prosecuting witness was absent from the city, but would return to-night. He assured the court that the case would be proceeded with to-morrow morning at 10 o'clock, and would be con-

cluded in a couple of hours. A clerk from the office of W. J. Tayior, K. C., who has been retained by Mr. Gibbone, applied for a remand for a week in view of Mr. Taylor's presence being required at the Full court session. Magistrate Hall said that in the light of late developments he did not feel justified in granting this application. He would remand the case until to-morrow morning, and if Mr. Taylor then desired mand he could appear and make application for it.
