DORCHESTER, N. B., Nov. 25 .-The case of the Queen v. Robert Polley, charged with assaulting George Lawrence at Port Elgin two weeks ago, was this evening concluded, the jury finding him guilty. From the nature of the case and the recommendation to mercy by the jury, Judge Wells imposed the very light sentence on Polley of three months' imprisonment in the common jail.

Court was shereupon adjourned until December 6th, when the nonjury cases will be heard by Judge Wells at chambers in Moncton. FREDERICTON JCT., Nov. 25.—On Thanksgiving evening the young people presented Miss Ida Thomas with and address and a purse of money, in appreciation of her services as organ-

ist of the Sabbath school. John Shehan and James Maynard have each shot a magnificent buck deer, with branching antiers.

SACKVILLE, Nov. 24.—The work on the Methodist church is nearing completion, and Sunday, Dec. 4th, is now announced as the date of re-opening. The contractors, H. & H. Copp, have been very seriously hampered by the failure of Spence & Co. of Montreal to supply the stained glass for the windows. Their contract time expired two months ago, and only a por-tion of the glass has yet arrived. The cause of the delay is said to be inability to procure workmen. The contractors will therefore put up in a sashes glazed with plain glass, so as to render the church ready for occupancy. The pews have arrived from Ontario, and will be put in at once. They are very handsome, being made of polished quartered oak, and are to le arranged in curved lines, with the pulpit as a focal point. The organ, which was taken apart and stored away when the work of repairing began, is to be set up anew by the maker, Mr. Holbrook, who is daily expected from Medway, Mass. Sixty years ago Amos Seaman, the famous "King of Minudie," presented a bell to what was then the new "Wesleyan chapel." This bell, which has done service ever since, has now been superseded by a new one two or three times as large, given to the church by an elect lady, Mrs. Black, wife of Joseph L. Black, chairman of the building committee. On Tuesday night last the ladies of the church gave a hot supper in the basement, with the view of raising funds to carpet the aisles, the pulpit platform, etc. This supper was not only a gastronomic success, but also netted its promoters from one hundred and forty to one hundred and fifty dollars. The preachers for the opening Sunday are the Rev. R. Bracken, D. D., president of the N. B. and P. E. I. conference; the Rev. W. Dobson of Halifax, and the Rev. H. Spragie, D. D., of Summerside, who is to assume the pastorate of the Sackville church next year. These gentlemen are all old Sackville students, two of them graduates.

Substantially all that now remains to be done is to top-dress the surface and seed the field down. This portion of the work will be left over till rext spring. On its completion the university boys will have as good a field as any in the maritime provinces.

FREDERICTON, Nov. 25.-William FREDERICTON, Nov. 25.—William O'Brien, a tinsmith of this city, has disappeared, and no trace of his where abouts is to be found. There is a report that on Monday last, the date of his disappearance, he was seen wandering about the wharves considerably under the influence of liquor. This, however, is unconfirmed. O'Brien was formerly in the employ if Kitchen & Shea of this city, but gave up his job at the close of last week. His parents are in great disweek. His parents are in great dis-tress over the matter, and develop-ments are awalted eagerly.

The first session of the Intercollegiate Y. M. C. A. was held in the asso ciation's rooms at the university this morning. Missions was the subject dealt with. Addresses were delivered by Prof. Forbes of Dalhousie and others. The subject of personal work occurried the attention of the delegates in the afternoon session. This evening Dr. J. R. THE, "OPEN DOOR,"

And What It Means From the American Standpoint,

As Applied to the Future Commerce of the Philippines, According to Chairman Dingley.

The Scepticism of the German Critics Regarding the Sincerity of America's Intentions.

WASHINGTON, Nov. 25.-Chairman Dingley of the ways and means committee in an interview with a Star reporter today explained the term "open door" policy as applied to the future commerce of the Philippines in case they should be acquired by the United States.

"The phrase 'open door' policy, which is now being talked about so much in the newspapers," said Mr. Dingley, "means simply equality of treatment and not free trade. As applied to the Philippines it would mean that imports from Great Britain and all other foreign countries are to be admitted at the same rates of duty as imports from the United States.

"Of course this policy could not be applied to the Philippines if they should be admitted into the union with a territorial form of government, unless there should be an amendment to the constitution permitting this. It is noticeable, however, that in the resolution providing for the annexation of Hawaii, passed at the last session of congress, it was provided that the Hawaiian tariffs should continue in force until congress should otherwise determine.

"It is to be borne in mind that the present talk about an open door policy for the Philippines is intended to apply entirely to those islands while under a military administration.

"Of course it would be competent for the Paris commissioners to incorporate in the treaty with Spain a provision granting to Spanish imports into the Philippines equality of treatment with imports from the United States for a term of years, and that provision in the treaty, when ratified by the senate and projected into law by congress, would be the law of the

"In the liscussion of the open door policy I notice that many papers assume that it is uniform policy of Great Britain in her relations with her colonies. It should be borne in mind, however, that there is a conspicuous exception to this case in the case of Canada, her most important colony, which admits imports from Great Britain at 25 per cent. less duty than they are admitted from the United States and other countries. It is understood that this policy was adopted by Canada, if not on the suggestion, at least with the approval of Mr. Chamberlain, British secretary for the colonies, and that he is urging other colonies of Great Britain to give a similar preference to that country. LONDON, Nov. 24.-The Berlin cor-

respondent of the Times remarks this morning upon the "scepticism of the German critics regarding the sincerity of America's intention to adopt the 'open door' policy in the Philippines" and calls attention to German speculations on the prospect of protection in the American possessions in the Paci-"The Nueste Nachrichten draws at-

from the feeding tests for three years with two-year-old steers.

Conclusions. From tests of 1890-91 it appears that:

(1) During the feeding period of 20 weeks, the steers which were fed upon ration No. 3 (corn ensilage, straw and meal), gained in weight, on the average, thirty-three pounds per head more, and cost 7.33 cents per head less, per 'aay for feed consumed, than the steers which were fed upon ration No. 2 (hay, roots, straw and meal).

(2) During the feeding period of twenty weeks, the steers which were fed upon ration No. 3 (corn ensilage, straw and meal), gained in weight, on the average, sixty-one and a half pounds per head more, and cost 3.68 cents per head less, per day for feed consumed, than the steers which were fed upon ration No. 1 (hay, roots, corn ensilage, straw and meal):

(3) When the experiment was ended, the steers which were fed upon ration No. 3 (corn, enchlage, straw and meal) were in the most attractive condition of the three lots for handling and selling.

Conclusions. From the tests in 1891-92 it appears that:—

(1) During the feeding period of eighteen weeks, the steers which were fed upon ration No. 3 (corn ensilage, straw and meal), gaired in weight on the average fifty-five and a half pounds per head more, and cost 3.75 cents per head less, per day for feed consumed, than the steers which were fed upon ration No. 2 (hay, rocts, straw and meal);

NEWCASTLE.

Miramichi Time Adopted by the Shire Town and Also by Chatham.

NEWCASTLEL N. B., Nov. 24.-Thanksgiving day passed off quietly here. Services were held in St. James' and St. Andrew's churches. The only event to mark the day was the change from our local to a new time called Miramichi time, which is to be in use along the river. Under the old state of affairs there was a great deal of confusion, as Newcastle local time was one hour ahead of Eastern Standwas one hour ahead of Eastern Standard, and Chatham time only thirty-six minutes ahead. Much as a uniform time is required, there is a great deal of dissatisfaction among many of the citizens of Newcastle, as they had what they consider the best time, and it was the place of the people of Chat-ham to adopt that time. But for the benefit of travellers and others concerned we have given in to them and put our watches back half an hour, while they have made a change of only six minutes. At twelve o'clock noon today the town bell rang, and the reople set their time-pieces at thirty minutes ahead of Eastern Standard time.
