In the Commons Mr. Brodrick, the secretary for war, explained on Friday the war office proposals which contemplate the ability to send abroad three army corps with a division of cavalry, in all 120,100 men and at the same time to have a sofficient force for home defences. Why a Cold "Hangs On."

Stop and think a minute. The tickling in the throat, the tight feeling in the chest and that racking cough are only the results of the cold, not the cold itself. To apply a soothing medicine to the irritated membrane does not cure the cold. The lungs, throat and nose are nature's exits for the poison, but the cold is in the system.

Shiloh's Consumption Cure will Cure a Cold.

It will cure a cold when it has developed so far as to be Consumption. "Shiloh's" supplies the blood with the vitality necessary to kill the germs and drive the dread

disease out of the system.

Why keep on treating the results of the disease. Take "Shiloh" and you will cure the diesase itself, and leave the system strong to resist future attacks. "Shiloh" is guarsystem strong to resist future attacks. Sinion' is guaranteed to cure. If you are dissatisfied after using two thirds of the bottle take the remainder back to your druggist, and he will refund the whole of the purchase money.

"S. J. Wells & Co., Toronto—I suffered for years from a cough and tried scores of remedies. Occassionally it would disappear for a few days, but would inevitably return—worse than before—I tried Shiloh's Consumption Cure and from the first day my cough was relieved and finally it left me. For over eleven months I have been quite well and I never tire of praising your grand medicine."
