

The above rates are barely sufficient to maintain the institution in its growing efficiency, and with our present convictions of what a Ladies' College in the land can afford lower rates, we can. We are carrying no debts; we are able to turn every dollar of income to the legitimate work of education. Hamilton furnishes us with all the facilities of market we could desire, and at reasonable rates. Hence we know that our charges are the very minimum; and where rates are lower than ours, it must be at the sacrifice of efficiency and comfort. Our purpose is not to compete with those who are traversing the country advertising cheap education, but to aid in the higher education of women, by bringing advanced facilities within easy reach of all, at very reasonable rates. Cheap education is often like cheap cloth or cheap butter and equally valuable. As will be seen by our Catalogue, our College is largely patronized by the City of Hamilton, although in educational facilities our City stands preeminent. As the influence of College life is so lasting, we would suggest to parents the advisability of visiting the institution in which they intend to place their daughters, of making strict inquiry touching board and other physical comforts, as well as the educational facilities that are afforded.

SPECIAL NOTICE.

Patrons will remember that the College is in a city, not a village or suburb; and our pupils have city advantages and city associations during their residence with us. In its equipment and management, the institution must advance with the growing demands of the city. It is within a few minutes walk of the finest churches in the city. It is on the finest street in Hamilton, the Broadway of the city. Our pupils can attend church and concerts in all kinds of weather, and every year have opportunities of hearing the leading speakers and musicians. No college in the country can compare with ours in this regard, and we think that we are not over-estimating the importance of these advantages when we would put them in the very front rank. The chief want of many of the young ladies that repair to college can be supplied only by institutions situated as this is. Justice to their daughters should lead parents to consider this when the relative expense of institutions is pressed on them.

ADMISSION OF STUDENTS.

Pupils are admitted at any time, and are charged in proportion to the time of their connection with the College, except in the following cases:—

No deduction will be made for delay in entering upon the duties of the term, except in cases of students entering for the first time and after the first two weeks.

Absence on account of sickness must be certified by a physician as necessary, and in such cases a deduction of one-half the regular charges will be made when the absence extends beyond two weeks. For absence of two weeks or less no deduction will be made.
