

THE WEATHER.

MARITIME—Decreasing, northwest; dry and westerly winds; fair and decidedly colder.

Toronto, Jan. 30.—The depression which was last night over the lake region has moved with increased tenacity to the Gulf of St. Lawrence, causing gales from Ontario, eastward with a moderate snowfall in Quebec and rain in the Maritime Provinces. The weather has been comparatively mild over the greater portion of the western provinces.

Minimum and maximum temperatures: Dawson 34 below, 54; Prince 20; 26; Victoria 30, 44; Kamloops 20; Calgary 26, 33; Edmonton zero, 23; Battleford 4 below, 18; Moosejaw zero, 15; Qu'Appelle 10 below, 22; Winnipeg 22 below, 6; Port Arthur 18 below, 2; Pelly 30 below, 6; London 15, 17; Toronto 15, 20; Ottawa zero, 20; Montreal zero, 30; Quebec zero, 26; St. John 22, 40; Halifax 14, 42.

Forecast—Lower Lawrence and Gulf, northwesterly and westerly winds; fair and decidedly colder.

AROUND THE CITY

82nd Smoker.

The 62nd band will hold their annual smoker on Friday evening at the band rooms. An excellent programme has been prepared and the concert promises to be a great success.

Temperance Federation.

The annual meeting of the New Brunswick Temperance Federation will be held in the W. C. T. U. rooms, Germain street, on Thursday afternoon, at 2:30 p. m.

Enjoyable Assembly.

The Norembega dancing class held an assembly in the Keith Assembly rooms last evening which was largely attended and proved most enjoyable. The rooms were elaborately decorated and the function was entirely successful.

Deacons Elected.

At the close of the service on Sunday evening in the Ludlow street Baptist church, a congregational meeting was held with the pastor Rev. W. H. Robinson in the chair, and L. I. Sharpe and James Gray were elected deacons by majorities of 123 and 99 respectively.

The Birds of Canada.

The fourth lecture in the Bickmore course will be given in the Natural History Society's rooms this evening at 8 o'clock. The subject will be "The Birds of Canada." Mrs. J. M. Lawrence will read the paper, which will be illustrated by a large number of beautiful slides. The lecture is free, and the public are invited.

The Man from Albany.

Theodore H. Bird arrived in the city yesterday and will commence rehearsals at once for the production of "The Man from Albany," a three-act farce comedy, which will be presented in the Opera House under the auspices of the 62nd Band. The production will be during the last week in February. Mr. Bird has quite recovered from the throat affection with which he was suffering while last in the city. In conversation with a Standard man last evening he stated that the play which he will produce in February is one of the funniest ever written and an entire change from the class of productions which he has produced in this city during the last few months. The performance will include the usual high class specialties.

REAL ESTATE MEN

SPEAK OF RENTS

Business Premises Likely to Advance While Smaller Flats are Now Charged Up To Handle.

Whether there will be a general advance in house rents next year is a question which the close proximity of the first of February renders of very real and vital importance.

The Standard yesterday obtained opinions on the probability of an advance from several citizens largely interested in real estate and, judging from them the landlords have not decided themselves as to the course they will adopt.

L. P. D. Tilley, of the St. John Real Estate Company, said that as far as he could see there was no reason why there should be a general advance in rents. Taxes had been but slightly increased and there were no other circumstances which serve as an excuse to collect more money from the tenants. Speaking for the company in which he is interested he said there would be no advance except in cases where improvements had been made on the buildings to warrant it. "We are not raising the rent on any of our old tenants" said Mr. Tilley in conclusion.

Another man interested in the real estate business, although on a smaller scale, said he thought there would be an increase. He instanced a case where business property in the centre of the city rented for office purposes, the tenant having the use of an upper room and renting the whole for \$300 per annum, had been notified that the rent would be increased to \$550 per annum and this without the use of the upper room. Another office and showroom property rented last year for \$550 had been increased for the ensuing year to \$1,000. While this proportion of increase applies only to business premises the man in question expressed the opinion that house owners would also advance the rents on their tenants. This he thought would apply chiefly to the larger and more pretentious flats and houses as the smaller flats in the city are now about up to the limit of what they will stand.

In another instance a real estate owner, who has the reputation of getting as high rents for his properties as any man in the city said that all of his houses were well rented to good tenants and he did not think he would raise the rent on any of them.

Miss Clare Keller, graduate nurse, is seriously ill at the residence of her sister, Mrs. McLaughlin, 66 Elfrick Row.

DISTRICT ENGINEER FOR WEST SIDE DEPARTMENT

Safety Board Accepts Recommendation of Fire Chief for Reviving of Appointment—Summer Uniforms for Permanent Firemen—Full Pay for Acting Sergeant Scott—Hose Tenders Awarded.

The safety board met last evening, decided to revive the appointment of third district engineer of the fire department on the West Side, purchase a monitor nozzle for \$250, and provide the permanent firemen with summer uniforms. A petition was received from the barristers association asking for a telephone in the city court house, and the board decided to give them the use of the phone in the passageway leading to the police magistrate's quarters, and now used exclusively by him.

Tenders for fire hose were recommended for acceptance as follows: Estey and Co., 200 feet at 94 cents; T. McAvity and Sons, 300 feet at \$1.00.

W. H. Thorne, 600 feet at \$1.00. Dunlop Rubber Tire Co., 300 feet at \$1.00.

Geo. T. Polly, 600 feet at \$1.00. Besides Ald. Vanwart, the chairman there were present Ald. Jones, Russell, McLeod, Potts, Wigmore, Sprout and Scully, with the common clerk, Director Wisely, Chief Clerk, Chief Kerr and the recorder.

Chief Kerr called attention to several recommendations in his annual report. He asked that the position of third district engineer on the West Side be revived, and that the firemen be provided with a summer uniform at the expense of the city. He also asked for a patent monitor nozzle which is in extensive use in other cities.

In Lieu of Water Tower.

He said this nozzle served the purpose of a water tower, and would solve the problem of efficient fire protection on the West Side. The monitor nozzle is attached to a cart. Several hoses may be attached and a very powerful stream directed through the patent nozzle.

He said an order had been passed that all hydrants should be connected with a 12 inch main, but several hydrants were still connected with smaller mains.

Ald. Russell moved that the position of third district engineer be revived. The director said provision had been made for the appointment in the estimates.

The motion was passed. A motion was adopted that the water and sewerage board be asked to connect the hydrants on Germain street near Ald. Potts' store, and another near Oak Hall with the 12 inch mains.

In reference to the purchase of summer uniforms for the 34 permanent firemen, the director said there were no money in the estimates for uniforms. He thought he could effect a saving in other branches of the service and provide the money.

Ald. Jones moved that the uniforms be provided, and this was adopted. A motion to purchase one monitor nozzle was adopted.

Tenders for fire hose were received from T. McAvity & Sons, Geo. J. Polly, A. J. Mulcahy & Company, Frank R. Fairweather, The Barry Supply Company, Estey & Co., Gutta-Percha and Rubber Manufacturing Co., W. H. Thorne, Agent, Dunlop Rubber Tire Company. Practically all the tenders offered hose at \$1.00.

To Examine Samples.

Ald. Wigmore moved that a committee be appointed to examine samples submitted and report.

Ald. Potts thought they ought to have a buying agent for the city.

Ald. Jones said the old practice was to let the tenders of one or two men. He thought this was unfair.

Chief Kerr said he had used a number of brands of hose, and most of them had given good satisfaction.

Ald. Potts moved that they buy 800 feet from G. T. Polly, 600 from W. H. Thorne, 300 from the Dunlop Rubber Co. and 300 from T. McAvity & Sons.

This was lost, and the motion to refer to a sub-committee was adopted. The chairman appointed Ald. McLeod, Potts and Chief Kerr on the committee.

Ald. Jones objected to the appointment of Ald. Potts, as he had moved the amendment. After some discussion the chairman appointed Ald. Wigmore, the mover of the motion, in place of Ald. McLeod, but left Ald. Potts on the committee, saying he thought the minority should be represented.

The Director asked for an order to purchase cloth for the summer suits of the police, and the request was complied with.

A communication was received asking for a new carpet for the Mayor's office. It was decided to provide the carpet.

The Director reported that electric lights had been installed in all the City Hall offices except that of the Mayor and the Common Clerk; and it was decided to put electric lights in these two offices.

The Barristers' Telephone.

A petition was received from the Barristers' Society asking that a telephone be installed in the City Court room for their use.

Ald. Jones said an order had been passed to install a telephone in the Court House some years ago for the use of the barristers and others, but that the Police Magistrate had appropriated it for his own use.

In reply to Ald. Russell the Recorder said the telephone placed in the passageway had for some years been used by barristers, but the Police Magistrate had caused the door in the passageway to be locked. The Recorder asked that they not having the quietest temper in the world, he had kicked the door down on one occasion because he felt the telephone should be accessible. The Magistrate seemed to think the telephone was put in for his private use. That was not the intention of the council. If the city had intended the telephone for private use, it would have been put on the Magistrate's desk.

Ald. Jones moved that the telephone in the passageway be kept open for the public, and that Capt. McIntyre be instructed to notify barristers when called on the phone.

Ald. Potts presented a petition asking that a fire alarm box be placed on the South Market wharf. The director said there were no funds.

Chief Kerr said a box was there once; he thought it should be replaced. On motion it was decided to install the box asked for.

Several Applications.

An application was received from the substitute call firemen asking for more pay, and complaining that their previous application had been sidetracked by an order to give them promotion after three years service. The communication was filed.

Richard Magee applied for a renewal of lease of lot 535, Queen street. This was granted.

W. J. Smith asked for a renewal of lease of lot 570, Guy's Ward, and renewal was granted for 14 years.

Thomas Sullivan, police officer, was granted half pay for three days lost through illness.

Chief Clerk asked the board to place telephones in the deputy chief's house, the detective's residence and that of Sgt. Kilpatrick in the North End. He said he wanted to appoint an officer to take charge of the police force during the night and would like to have the board's opinion. The only difference would be that he would have to create a sergeant.

Expenses Doubled.

Ald. Jones said the expenses of the police department had doubled in 10 years and the people were kicking about the taxes.

Chief Clerk said the police force was not as strong today as it was 10 years ago.

Ald. Potts said that the elections were approaching and they had to be careful, but he thought they ought to find \$60 for three telephones for the police officers. He moved that the telephones be installed.

Ald. Jones moved in amendment that the matter lie over.

The amendment was adopted. Another communication was received from A. H. Hannington, asking permission to appoint a special policeman to protect his property on North street. The Recorder submitted a written opinion that the city could appoint another constable, and that Mr. Hannington could employ him.

Ald. Jones wanted to know why Mr. Hannington wanted a special policeman.

It was said he was dissatisfied with the regular force, or wanted a man in front of his property all the time.

The communication was filed. Chief Clerk again recommended that acting Sergeant Scott, of the North End, be given sergeant's pay.

Ald. Russell moved that the recommendation be approved. The Director said that an order in council had been passed some years ago, providing that only six men should receive sergeant's pay.

Ald. Potts and Scully thought they could take the money out of the sum appropriated for increasing the police force.

It was finally decided to ask the council to increase the number of sergeants to seven, and pay acting Sgt. Ross full sergeant's pay from the time he was promoted.

Dr. T. Fred Johnston sent in a letter offering to supply horse and man for operating the patrol wagon for \$125 per month. This was referred to the sub-committee appointed to make arrangements for running the wagon, to be given the city by the Women's Council.

Ald. McLeod wanted to know whether Chief Kerr intended to shorten up the holiday of the engineers of the Fire Department.

Chief Kerr said there was no money in the estimates for an engineer. He could only give the engineers a holiday from 9 a. m. to 6 p. m.

The sub-committee on the purchase of fire hose brought in a report recommending that the tenders of parties named above be accepted, which was approved, and the Board adjourned.

STR. SATURNIA WILL

MAKE HER BOW TODAY

New Donaldson Line Steamship Seen Here for First Time—Beautifully Equipped and Handsomely Finished.

The new Donaldson Line steamship Saturnia, in command of Capt. Fraser, arrived at Partridge Island last night from Glasgow with 76 cabin and 107 steerage passengers. This is the first trip of the Saturnia to this port. She is an up to date ship fitted out with all the latest improvements. The saloon for first class passengers is not surpassed by any steamer coming to this port and for the comfort of the travelling public, the fittings, berths, etc., could not be excelled for the steerage passengers as well, everything has been done for their comfort while on board.

The Saturnia has a registered tonnage of 5,494 tons, and on this first trip here she brings a large general cargo for this city and the west, including 23 stock horses.

The steamer will come up to her berth early this morning. Capt. Fraser, who is well known along the harbor front, has been here before and has always a good word to say about the winterport of Canada. The agents in this city are the Robert Record Co., Ltd.

Interesting Lecture.

The afternoon lecture in the St. John Art Club yesterday was given by Miss C. O. McGivern, who read an interesting paper on Willard, the Great English Painter and Burne-Jones.

Considering the unpleasant weather, there was a large attendance. Tea was served at 5 o'clock by a committee of ladies including Mrs. P. E. Williams, Mrs. P. E. Miller and Mrs. E. J. Fleetwood.

Illustrated Passion Play takes place this evening at St. Andrew's church.

Painless Dentistry
Teeth filled or extracted free of pain by the celebrated "HALE METHOD."

ONCE A YEAR Clearance Sale

WATERBURY & RISING'S

The Sale People Have Been Anxiously Waiting For

When We Cut Prices We Don't Mince Matters

Once a year at Stock-taking time we go through our shelves and gather together all the odd lots, broken sizes and lines we are not going to carry again. No matter what the regular selling prices have been, we cut the prices so low that tempting bargains are the result. When it is considered that these goods are from our regular stock of first class dependable goods, it will be realized that now is the time to buy for present and future requirements.

SALE IS NOW ON.
The choicest plums go to the early buyers.

WATERBURY & RISING,
King Street,
Mill Street,
Union Street.
Three Stores

Repairing Glasses

It's no trouble for us to duplicate your glasses even without a prescription, if you will only show us the broken lens. Should the broken parts prove too small for us to correctly duplicate the original lenses, we'll make a thorough examination of the eyes. Keep this in mind when your glasses break, and also that your repair will be made promptly because we grind the lenses in our own workroom.
