

ST. JOHN VALLEY ELECTRIC LIGHT AND POWER COMPANY HEARD BEFORE GOVERNMENT

Want to Erect Poles and Distribute Electricity Through Three Counties, Buying Their Juice from Aroostook Falls Plant—School Inspectors Ask More Salary—Ready for Valley Trip Today.

Fredericton, Aug. 20.—Proposals for the incorporation of the St. John Valley Electric Light and Power Company, a new organization, which is seeking rights for Victoria, York and Carleton counties, was the subject of a hearing before the provincial government this afternoon.

Mr. Jones is the settler for the company and in addition to the same name here the incorporators include H. Stoddard, Hartland; C. F. Gallagher, Bath and Alex. Strong and E. H. Todd, Woodstock, and it is the intention of the company to obtain electricity from the Maine and New Brunswick Power Company's plant at Aroostook Falls, erect poles and distribute it for light and power purposes primarily in the rural districts, as well as in the towns and villages in the St. John valley from Perth to Woodstock which are now without electricity, including Kildurr, Bath, Florenceville and Hartland. Woodstock and all three counties are sought.

Another matter taken up was the application of the New Brunswick Paper Company for approval of their plans for the erection of their dam on the Nashwaak river at Mayville and a delegation including Hon. N. J. Jones, general manager of the company was heard at that time.

The government after hearing the delegation regarding the St. John Valley Electric Light and Power Company decided that any rights given the new company would be subject to the erection of poles and stringing wires to be concerned, subject to the approval of the municipalities interested.

The opposition to the incorporation, Premier Foster stated, came from the Woodstock Light Company and the present company is unable to provide all the current required for light and power purposes required, but he is allowed to go in and provide the additional light and power required for the prosperity of the town.

It was afterwards declared that, before a definite decision is reached, the Woodstock Electric Company will have an opportunity to be heard by the government. Premier Foster said that he had suggested to the delegation that they should get together with the present company and reach an arrangement whereby the Woodstock Electric Company can buy the required additional power and retail it to the people of the town.

The Woodstock delegation returned to Woodstock this afternoon by car. The Nashwaak Trip and Paper Company's plans for their dam on the Nashwaak River were before the gov-

JERRY BARLEYCORN ON NORTH SHORE Came from Boston and Spent Vacation in Very Dry Climate—Says There is a Great Change to Former Years.

It is a sad and prophetic, for a thousand years or so ago he looked into the future and said: "There is a crying for wine in the streets; all joy is departed and the mirth of the land is gone."

Which is the opinion of Mr. Jerry Barleycorn, of Boston, who was in the city yesterday, on the way home from the North Shore where he has been spending his vacation.

"I knew New Brunswick of old in the good old days of the Scott Act," he said. "And I thought I might escape from the wilderness which is without wetness, and take myself to New Brunswick and once more drink sweet wine to my troubles. I went to the North Shore, where in the good old days of the Scott Act I knew the ropes and never went dry. But I found when I arrived at Chatham on the Miramichi the town is dry, for the dispensers of joy-water dispense no more without a doctor's certificate, and all the doctors are on strike against the granting of certificates to men ailing and needing a dram of drink for their health's sake. Tell me if you in Gath, I went to Newcastle and there was no hope there. Angered by the banishments put upon them by the liquor inspectors the doctors on strike and refusing to issue prescriptions, under the New Brunswick Prohibition Act. What is going to happen I don't know. But I opine I might as well be in Boston, where it is not so good as I used to get in N. B. in the old Scott Act days."

"What the world is coming to keeps me guessing. They told us we had to go dry in order to save wheat. But I don't know, and now they are telling us we will have to continue dry."

MRS. PATRICK GALLAGHER DEAD A message was received here last night from Moncton, announcing the death in that city of Mrs. Patrick Gallagher. The deceased was formerly Miss McCann of this city.

Closing Date of Standard's \$10,000.00 Prize Contest Extended To September 27 Superstitious Candidates, Late Starters and Prospective Candidates Have Caused Standard to Change Closing Date of Contest from September 13th to September 27th at 10 p.m.—This Change of Date Should Satisfy All Candidates and Will Not be Changed or Extended Further.

The Standard cannot be accused of superstitiousness when it fixed the closing date of the contest for the thirteenth day of September, but, unlike the Standard in this regard, many prospective candidates have not entered the contest because the closing date was set at September 13th, and many of those who are entered have expressed a desire to have the date changed. For this reason the Standard has had under consideration the changing of the closing date to comply with the wishes of the majority of the candidates.

STOMACH TROUBLES ARE DUE TO ACIDITY Tells Safe, Certain, Speedy Relief For Acid Indigestion. So-called stomach troubles, such as indigestion, gas, sourness, stomach-ache and inability to retain food are probably nine cases out of ten, simply evidence that excessive secretion of acid is taking place in the stomach causing the formation of gas and acid indigestion.

One distaste the stomach and causes that full, oppressive, burning feeling sometimes known as heartburn, while the acid irritates and inflames the delicate lining of the stomach. The trouble lies entirely in the excess development or secretion of acid. To stop or prevent this souring of the food contents of the stomach and to neutralize the acid, and make it bland and harmless, a teaspoonful of bisulphated magnesia, a good and effective corrector of acid stomach, should be taken in a quarter of a glass of hot or cold water after eating or whenever gas, sourness or acidity is felt. This sweetens the stomach and neutralizes the acidity in a few moments and is a perfectly harmless and inexpensive remedy to use.

An anti-acid such as bisulphated magnesia which can be obtained from any druggist in either powder or tablet form, enables the stomach to do its work properly without the aid of artificial digestants. Magnesia comes in several forms, so be certain to ask for and take only Bisulphated Magnesia, which is especially prepared for the above purpose.

Not only well tailored but styled in a manner sure to appeal to men who always dress well.

Among the new Suits received in the last few days are some very fine blues, regular model as well as shapely and waisted. They seem slip out—better secure one promptly. Gilmour's, 68 King St. Tailoring, Clothing, Furnishings. "A Good Place To Buy Good Clothes."

THE WEATHER Fredericton, Aug. 20.—Another disturbance is moving slowly towards the Great Lakes. Thunderstorms have occurred today near Lakes Superior and a few showers in the lower St. Lawrence Valley. Elsewhere the weather has been fair and warm.

A Clean Cool Scalp Parisian Sage Steps Heeding, Keeps the Scalp Cool—Prevents Dandruff. Almost everybody nowadays knows that Parisian sage, the invigorating hair restorer, is guaranteed to remove every trace of dandruff, stop falling hair and itching scalp, or the scalp, or the scalp, or the scalp.

WHILE HELD... The Chinese maintained "the ultimatum" with the American claims informing them of "over the moon" and the Japanese attitude of "a threat to both the east and the league of nations."

Struck By Car, Badly Injured

Man Was Knocked Down and Badly Cut Above the Head on Corner of Main and Main Streets Early This Morning

At an early hour this morning a man was knocked down and badly cut above the head by a street car on the corner of Main and Main streets.

The West St. John street car No. 162 was coming down Main street, when near the Cold Storage plant a man started to run across the street in front of it, and before the motor-man could stop he was knocked over.

EVEN THE COST OF DYING IS TO BE BOOSTED

New York, Aug. 17.—Forty grave-diggers, most of them foreigners, laid down their shovels in Mount Obley cemetery, in the Heights section of Newtown, Queens, and walked out because their demand for an increase of wages from \$4 to \$5 a day had been refused.

With the Flavor Nature gave it KLIM has the real natural flavor of the purest pasteurized separated milk. The "spray process" of converting the liquid to Klim does not change the flavor. Remember that Klim is a dry white powder, the natural pure solids of the best pasteurized separated milk from which the water is dried by the well known "spray process."

PRETTY WEDDING SOLEMNIZED AT FREDERICTON

Miss Beatrice, Youngest Daughter of Mr. and Mrs. James H. Crockett, Becomes the Bride of Harry C. Moore, B. Sc.

Special to The Standard. Fredericton, August 20.—A pretty wedding was solemnized this afternoon at 4 o'clock, at St. Paul's, the home of Mr. and Mrs. James H. Crockett, when their youngest daughter, Miss Beatrice, became the bride of Harry C. Moore, B. Sc., of this city.

The bride, who was given in marriage by her father, wore a beautiful bridal gown of white crepe de chine over brocade silk, with pearl trimmings, and brided veil.

The groom had as his best man Harry Wilson of this city. The bridegroom entered the drawing room to the strains of Lohengrin's Wedding March, played by Miss McNeill, of Portland, Maine, and stood in the large bay window which was a complete bower of flowers and greenery.

After the ceremony a charming buffet supper was served. The formal decorations, all the work of the girl friends of the bride, were beautiful. In the hall the banisters and noel posts were a mass of flowers, which in the dining room the color scheme was red and white.

The bride was the recipient of many beautiful wedding gifts. Owing to the illness of the bride's mother only the immediate friends and relatives of the bride and groom were present.
