October, 1862. MESSRS. MAIR & CO. October, 1862.

The balance of stock (amounting to some \$8,000) the Executors beg to say will be pushed off at a decided REDUCTION from Montreal Cost Prices; and when it is remembered that these were purchased before the late startling advances in manufactured Goods—the public will have little difficulty in doing their time interests and desiring where to buy.

As these Goods MUST BE SOLD during the Winter, and the affairs of the late business wound up by the ensuing Spring, the Executors would urge on intending purchasers to BUY AT ONCE and thus secure the cream of the stock at merely fractional rates.
