

ANSWERS TO CORRESPONDENTS.

(Continued.)

A. SCHUBER:—A scourer can remove rain spots.

BELLA:—One of the simplest applications for the hair is a quinine wash made with bay-rum to which small quantities of oil of rosemary and cantharides have been added. The effect of this tonic is to strengthen the growth and darken the color of the hair. Sometimes it will restore the color to gray hair.

EDITH R.:—Read "Fitting out the Family" in the October DELINEATOR.

RUBY:—A weak solution of isinglass makes a good curling fluid for the hair. Correct lengths for dresses are given in our patterns.

GRETCHEN:—Cut your brown dress by pattern No. 6489, which costs 1s. 6d. or 35 cents, and is illustrated in the October DELINEATOR. Trim with satin and écaré point de Gêner lace. Wear tan mou-queaire gloves.

CONSTANT READER:—The wearing of mourning for one's fiancé is wholly a matter of choice. Suggestions for weddings are to be found in "What Shall I Do?" in the September DELINEATOR of 1892.

JENNIE:—Mark your trousseau with the interlaced initials of your maiden name.

ALL WELL DRESSED AND WELL INFORMED LADIES PREFER OUR

FRANCIS' PATENT LOOP HOOKS AND EYES.

A great deal of the trouble of the Dressmaker has been overcome. The metal loops are easily set to place, need very little sewing, and are far neater and better than a loop of thread or the old eyes. When the edge pattern is used the draw is directly upon the edge and there is no gaping open, a perfect joining being the result. The loops can be removed to any desired place when fitting, and are very firm and strong.

For sale by leading dealers.
