Mr. Hon. Arthur Meighen

Dear Mr. Meighen

In passing through
 the riding of Carleton Place last week
 I found out that the Grits are going
 to move heaven & earth to elect James Malcolm
 when that time comes - they the Grits are
 trying to turn all progressive farmers that's
 possible against the Hon. A. Meighen - stating
 that he do not treat them fair in the
 House at Ottawa - we all know
 that organization is the main thing
 and without that nothing can be done
 I find the Grits have had all attended to
 for some time cannot see that our
 friends have done much - The man that
 run against Malcolm ought to be out and
 working take no chance. The Grits claim if
 they can hold with Bruce the King Government
 a safe bet but they are also afraid if the race
 they are done, hence they the Grits will stop
 at nothing from King down to Malcolm
 no doubt they will have every hall taken
 if it possible for them to do so. If the man is
 going to be Hugh Clark and we believe he
 the strongest - then please tell him to
Work. Work he got to do and that at
 once - You Sir have our sympathy
 for the hard work that you do and always
 at it - But do keep up the good
 work, without you have won with Bruce
 without you it cannot be done

P.S. The work has to be done among the farmer's house to house the woman vote that's the only way to see that from men get out and work.
